The parties shall appoint a person to act as an arbitrator. If the Parties are unable to agree upon the appointment of an arbitrator within ten (10) days after the notice is given, the arbitrator shall be appointed by the Minister of Labour for Ontario at the request of either party.

11.9 The arbitrator shall hear and determine the difference or allegation and shall issue a decision, and the decision shall be final and binding upon the parties.

11.10 Each party shall bear, at its own expense, the cost of counsel and its own witnesses or advisors at each step of the grievance procedure.

(a) Each party shall pay one-half of the remuneration and expenses of the Arbitrator.

- 11.11 The parties mutually agree that the Arbitrator has the authority to compel witnesses to attend and give evidence.

Throughout all stages of the grievance procedure, the parties may have the assistance of teachers and other staff members who may be required to furnish information which may be helpful toward resolution of the dispute. Each party will bear the costs for any persons called by them, and all reasonable arrangements will be made for such persons to attend.

- 11.12 All time limits fixed herein for the grievance procedure may be extended only upon the written consent of the parties.

ARTICLE 12 - OCCASIONAL TEACHERS' LIST

- 12.1 An occasional teacher for the purpose of this Article is a teacher who has been certified to teach by the Ontario College of Teachers and who has a current Certificate of Qualification and is in good standing.

- 12.2 (a) The board will maintain a Supply List of active occasional teachers with a maximum (CAP) of 30% of the number of permanent secondary teachers employed by the board. An active occasional teacher is available to accept daily casual assignments and is not in a full time long-term assignment or other board assignment and not on a statutory or board approved leave.

Bargaining unit officers will not be considered part of the CAP.

- (b) The board may exceed the numbers on the List specified in Article 12.2 (a) when, in its opinion, a need is identified. This will be done in consultation with the Bargaining Unit.
- (c) The board may temporarily add an occasional teacher to the List when an "active" teacher becomes listed as "inactive" by virtue of accepting an extended occasional teaching assignment or by otherwise removing their name temporarily from the List. At the completion of the assignment or a return to the List, the board will resume compliance with the cap through natural attrition.
- (d) Where an occasional teacher requests, in writing, that their name be permanently removed from the List, it will be removed as soon as operationally possible.
- (e) The board may fill a vacancy that is anticipated to be a long-term vacancy with an occasional teacher who is not on the List defined in this Article.
- (f) The Supply List will be reviewed as needed.
- (g) Occasional teachers who are available for work fewer than five (5) full days per week will be pro-rated when determining the numbers specified in Article 12.2 (a).
- (h) Any concerns with the Supply List may be brought to the Teacher-Board Liaison Committee.
- 12.3 (a) An occasional teacher on the List is required to work a minimum of ten (10) assignment days per semester 1 and fourteen (14) assignment days per semester 2. An occasional teacher who does not meet this requirement will be removed from the List.

- (b)
 - (i) An occasional teacher on the List is required to accept the first assignment that is more than 0.50 FTE for which they are qualified.
 - (ii) An occasional teacher on the List is required to select four (4) schools for which they will accept assignments.
 - (iii) An occasional teacher is required to identify their availability in the absence replacement system on a daily basis.
 - (iv) Occasional teachers are not permitted to cancel an assignment on the same day as the assignment and subsequently accept another assignment on that day from the board.
 - (v) In the event of an emergency requiring cancellation of an assignment on the same day, the occasional teacher will contact the school within 75 minutes of the start time of the assignment, to advise of the cancellation. The board may request documentation regarding the nature of the emergency.
 - (vi) Occasional teachers who fail to comply with Articles 12.3 (b)(i), 12.3 (b)(ii) and 12.3 (b)(iii), 12.3 (b)(iv), and 12.3 (b)(v) may be removed from the List.
- (c) A half-day counts as one assignment.
- (d) An occasional teacher may request two times only (except in exceptional circumstances and at the sole discretion of the Superintendent of Human Resource Services) during their employment, to be temporarily removed from the Supply List if they expect to be unable to meet the minimum work requirement that school year. At the completion of that school year, the occasional teacher will be returned to the Supply List.

The teacher is required to request the leave in writing no later than June 1 for leaves starting the following September and January 1 for leaves starting at the beginning of Semester II of that school year. Teachers will still be required to work their pro-rated number of assignments leading up to their requested leave.

The application for a leave of absence will include reasons and details regarding the purpose of the proposed leave. All other requests will be reviewed on a case by case basis, effective date of receipt.

- (e) An occasional teacher who is not able to meet the minimum work commitment outlined in this Article due to a statutory or board approved leave must submit a letter requesting temporary removal from the Supply List for up to a maximum of one (1) year, along with supporting documentation. Upon notification to the board of their ability to return to work, they will be returned to the Supply List. The union recognizes the cap may be pierced through this process, but will be reduced through natural attrition.

It is the occasional teacher's responsibility to make themselves unavailable in the absence replacement system for the duration of their leave. The occasional teacher is also responsible to ensure that they reactivate their profile in the absence replacement system upon their return in accordance with 12.4 (b).

- (f) An occasional teacher who is removed from the supply list due to failing to meet the requirements in the Collective Agreement may apply in writing to the Manager of Human Resources describing the exceptional circumstances which lead to them not fulfilling their obligations. Such reinstatement shall not be unreasonably denied. The Manager of Human Resources may at his or her discretion decide to reinstate the occasional teacher to the supply list.
- 12.4
- (a) It is understood that the absence replacement system is programmed to call at predetermined hours of the day. The board, in consultation with the Bargaining Unit, may change such times as required to meet the needs of the schools.
 - (b) It is the responsibility of an occasional teacher to notify the absence replacement system if they are temporarily unavailable for work. Once the absence replacement system is so notified, it will not call an occasional teacher for assignment during the period of unavailability. This applies to occasional teachers who are not available to work daily and includes those in long-term assignments, on approved leaves, working in continuing education, or in a partial contract.
 - (c) The board may use uncertified people in order to meet its needs when the absence replacement system has been unable to fill the job. A call-out may be stopped once the start of the assignment has begun.
 - (d) The Bargaining Unit and the occasional teachers will accept the integrity of the absence replacement system used to fill vacant positions. Uncertified teachers will not be contacted unless there are no certified teachers available.

ARTICLE 13 - EMPLOYEE BENEFITS

13.1 Sick Leave

- (a) Accumulated sick leave days may not be used if an occasional teacher cannot commence an assignment. Accumulated sick leave days cannot be carried forward to subsequent school years.
- (b) In the case of personal illness, the board may require a certificate acceptable to the board from a qualified medical practitioner prior to the payment of wages through the utilization of sick leave credits.

If an employee is quarantined, required documentation will be a legal order for quarantine or isolation by a quarantine officer or a public health official due to either having a contagious disease or has been exposed to a contagious disease, in an attempt to prevent the spread of the disease
- (c) An occasional teacher who is unable to report to work must report such absence to the board in a manner determined by the board.
- (d) An occasional teacher who is unable to report to work on the day of the assignment as a result of an unforeseen circumstance "emergency" must immediately cancel the assignment in the absence replacement system as well as contact the school. The board may request reasonable documentation to support the cancelled assignment.

ARTICLE 14 - LEAVES

14.1 With the prior approval of the principal, a long-term occasional teacher may utilize allocated absence credits to cover the following absences which occur during an assignment. Documentation may be requested to support the absence:

- (a) serious accident or illness in the immediate family for a maximum of two (2) days on any one occasion; immediate family to include spouse, children, mother, father;
- (b) bereavement leave for a maximum of three (3) days for spouse, children, mother, father, siblings and grandparents;
- (c) jury duty where the long-term occasional teacher must be absent from an assignment by reason of a summons to serve as a juror, or a subpoena as a crown witness in any proceedings to which they are not a party or one of the persons charged. Payment shall be the difference between normal earnings and the fees received as a juror or as a witness.

14.2 Inclement Weather

- (a) (i) All daily occasional teacher assignments, excluding Simcoe Shores S.S. will be cancelled in the zones where buses are cancelled due to inclement weather.

All occasional teachers are expected to check the board website, social media accounts and/or media outlets regarding bus cancellations. Daily occasional teachers will not be paid for the day if assignments are cancelled due to inclement weather. Principals may call in an occasional teacher for individual programs if necessary.

- (ii) Simcoe Shores S.S. assignments may continue on inclement weather days. If an assignment is cancelled in the absence replacement system a minimum of seventy-five (75) minutes before the start time, the occasional teacher will not be paid for the assignment. In the event the assignment has not been cancelled in the absence replacement system with a minimum of seventy-five (75) minutes before the start time and upon reporting to the school, the occasional teacher will be provided with an assignment. Upon acceptance, the occasional teacher shall be paid for the portion of the day that the assignment entailed, which shall not be less than one-half day.
- (b) In the event that a long-term occasional teacher cannot report to work due to extreme weather conditions and has notified the principal of such, on the recommendation of the principal, the long-term occasional teacher may, after the twentieth (20th) day of each assignment, utilize allocated absence credit in order to avoid loss of salary for the day.
- (c) An unpaid absence due to extreme weather conditions will not count towards an occasional teacher's ten-day assignment; however, it will also not interrupt the continuity of the assignment.

ARTICLE 15 - SALARY

15.1 Initial Category & Grid Step Determination

All newly hired teachers will be placed at the lowest Category and Step 0, until documentation related to category placement as per 15.2 and previous teaching experience as per 15.3 has been received.

15.2 Category Ratings & Changes

- (a) Qualifications Evaluation Council of Ontario (QECO) are the only statements acceptable for verification of placement. Any changes to the current OSSTF Certification Plan must be approved by the board and the Bargaining Unit for recognition by the board in teacher group placement.
- (b) A long-term occasional teacher who holds a current Ontario College of Teachers Certificate of Qualification but who does not hold a QECO rating statement shall be paid at the lowest category of the salary schedule of the Collective Agreement between the Simcoe County District School Board and OSSTF District 17 (Simcoe), Teachers' Bargaining Unit, with experience as recognized under Article 15.3 of this Collective Agreement.
- (c) Upon Human Resource Services receiving, a QECO rating statement from a long-term occasional teacher, the long-term occasional teacher shall be paid according to the corresponding salary group on the current salary schedule of the Collective Agreement between the Simcoe County District School Board and OSSTF District 17 (Simcoe), Teachers' Bargaining Unit, with experience as recognized under Article 15.3 of this Collective Agreement.
- (d) All requests for a salary adjustment, as a result of a category change, will be made through an on-line application supplied by the board (Intent to Change Salary Category application form). Changes in qualifications which result in a teacher being placed in a higher category shall be effective September 1, provided that:
 - (i) Where a teacher has completed all the course work and qualifies for a change in category prior to the first day of September, the salary adjustment will be made effective from the beginning of school in September of that year. Proper documentation must be submitted (QECO rating certificate and the Intent to Change Salary Category application form) to the board on or before February 1 of the same school year.
 - (ii) If a copy of the application (Intent to Change Salary Category application form) and proper documentation (QECO rating statement) for such change in category is submitted to the Human Resource Services, after February 1, then the adjustment will be made effective the first day of the following school year in September.

15.3 Teaching Experience

- (a) A new occasional teacher hired into a long term occasional assignment must provide documentation acceptable to the board of previous experience. From date of hire, supporting documentation must be provided to Human Resource Services within 60 days in order to be retroactive to start of the assignment. If documentation is received after sixty (60) days, it will be effective upon receipt. Experience will not be recognized prior to the receipt of such documentation.

- (b) Teaching experience earned to September 1 of the current school year shall be calculated in the following manner:
- (i) Part-time or full-time elementary or secondary school teaching experience in Canada, gained while engaged as a certified teacher in a permanent position or on a long term occasional assignment shall be credited by the board in determining a long-term occasional teacher's placement on the salary grid.
 - (ii) Part-time or full-time elementary or secondary school teaching experience in schools located outside Canada, gained while engaged as a certified teacher in a permanent position or on a long-term occasional assignment, may be accepted at the discretion of the Superintendent of Human Resource Services or designate. In order for this experience to be considered, an occasional teacher must provide documentation acceptable to the board that confirms the school follows a curriculum that is equivalent to the curriculum set by the Ministry of Education.
 - (iii) Part-time experience shall be pro-rated.
 - (iv) Effective September 1, 2015, continuing education teaching experience with any Ontario School Board will be recognized on a 1:1 basis. One (1) year of continuing education service and experience shall equal to teaching six hundred and sixty (660) hours of continuing education credit courses. Less than six hundred and sixty (660) hours of continuing education credit courses shall be pro-rated.
 - (v) No teacher shall accumulate service exceeding (1) full year.
 - (vi) Teaching experience on a long-term occasional assignment shall be credited on the basis of one month equals .1 of a school year (20 days).
 - (vii) Teaching experience shall be calculated to the nearest full year (5 complete teaching months or more shall be taken to the next full year).

15.4 When an occasional teacher is contacted and accepts an assignment after the start of the instructional day, the teacher shall be paid for the periods for which they work.

15.5 (a) A casual occasional teacher shall be paid for each full day of employment a fraction (1/212) of QECO A1, Year 0 of the permanent teachers' salary schedule. Daily rates will be:

Effective September 1, 2019 – 1% increase: \$234.72

Effective September 1, 2020 – 1% increase: \$237.06

Effective September 1, 2021 – 1% increase: \$239.44

The salary paid is inclusive of statutory holiday pay, vacation pay and any other statutory or other required payment.

- (b) In the event that the Elementary Teachers' Federation of Ontario (Occasional Teachers' Local – Simcoe County) negotiate a collective agreement with the Simcoe County District School Board that includes an improvement to their current fraction of 1/212 that determines their daily rate, the board and the Ontario Secondary School Teachers' Federation - District 17 (Simcoe) (Occasional Teachers' Bargaining Unit) will apply the enhancement to the fraction referred to herein at midnight on August 31, 2012. No other proposals or demands will be submitted or considered by either party in the context of this exercise.

15.6 Each amount paid to an occasional teacher under this Article and any applicable allowance paid under Article 17 shall be reduced by an amount equivalent to the total of vacation and

statutory holiday pay to which the occasional teacher is entitled under applicable legislation. Vacation pay and statutory holiday pay shall be paid over and above the reduced basic salary. Vacation pay will be itemized on the teacher's paystub.

- 15.7 (a) (i) A casual occasional teacher shall be paid for a full day or for one-half of a day based on the number of minutes of assigned duties. One hundred and fifty-six (156) minutes or less will be considered to be one-half day and more than one hundred and fifty-six (156) minutes will be considered a full day. No occasional teacher shall be paid any greater than 1.17 FTE per day.
- (ii) Assigned duties for pay purposes shall be restricted to the following:
- instructional duties (credit and credit equivalent programs);
 - equivalent programs;
 - special duties (library, guidance, etc.);
 - supervision duties beyond those included in equivalent programs.
- (iii) Assigned duties do not include:
- home room/announcements;
 - the time required under section 20.(d) of Regulation 298 of the Education Act.
- (b) (i) The full-time equivalency (FTE) of a long-term occasional teacher shall, for salary purposes, be calculated on a semester basis in accordance with Article 12.01 in the current collective agreement between the board and its permanent secondary school teachers.
- (ii) The full-time equivalency (FTE) of a long-term occasional teacher shall, for salary purposes, be calculated in the same manner as applies to permanent teachers.
- 15.8 (a) If an assignment is cancelled in the absence replacement system a minimum of seventy-five (75) minutes before the start time, the occasional teacher will not be paid for the assignment. With the exception of inclement weather as stated in (14.2 (a)(i)), in the event the assignment has not been cancelled in the absence replacement system with a minimum of seventy-five (75) minutes before the start time and upon reporting to the school, the occasional teacher may be offered an alternative teacher/supervision assignment at that location. Upon acceptance the occasional teacher shall be paid for the portion of the day that the assignment entailed, which shall not be less than one-half day.
- (b) Notwithstanding 16.10 (a), a casual occasional teacher will not be paid for a day where a school has been closed and such closure has been broadcast by the media.
- 15.9 When determining the rate of pay for a long-term occasional teacher, neither board designated PA days nor days lost due to school closures shall be considered to have interrupted the continuity of the assignment.
- 15.10 The calculation of full-time equivalency and/or a full day for pay purposes is affected by government legislation and by the terms and conditions relating to workload, as defined in the Collective Agreement between the board and its permanent secondary school teachers that is in effect on the date of the assignment. Should there be changes to required workload and to such terms and conditions governing workload in the permanent secondary teacher agreement, then such changes will be made at that time to the

calculation of full-time equivalency under this Collective Agreement retroactive to the effective date of the changed terms/legislation so as to maintain the intended relationship with the permanent secondary school teachers.

- 15.11 In the event of an overpayment of any monies, the parties agree that the amount of overpayment shall be repaid to the board immediately, unless some other mutually acceptable schedule of repayment is arranged with the board.

In the event of an underpayment of any monies by the board, the parties agree that the amount of underpayment shall be paid to the teacher as soon as practical on the nearest regularly schedule pay date.

15.12 Pregnancy Leave Benefits – SEB Plan as Per Central Agreement

- (a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- (b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- (c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- (d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- (e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- (f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- (g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- (h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- (i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- (j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- (k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy

benefits shall commence on the first day after the unpaid period.

- (l) A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay

ARTICLE 16 - RELATED TRADE OR BUSINESS EXPERIENCE

- 16.1 At the discretion of the Superintendent of Human Resource Services, a salary adjustment may be granted to a long-term occasional teacher for related trade or business experience gained prior to the date of hire.

Each year of related trade or business experience beyond the minimum required for basic teaching qualifications shall count as one half-year of teaching experience for the purpose of initial placement on the grid, to a maximum of grid step 5.

Long-term occasional teachers who are employed at the time of ratification of the collective agreement, and who are in receipt of a related trade or business experience allowance, will be placed on the next closest grid step that is equal to or higher than their current compensation including the existing allowance.

- 16.2 The teacher will provide the Superintendent of Human Resource Services with written verification of the trade or business experience by June 1 of the current school year.

ARTICLE 17 - PAY PERIOD

- 17.1 Occasional teachers will be paid every two weeks on a schedule determined by the board.
- 17.2 Each occasional teacher shall provide to the board the name of the bank or trust company and the account number to which payment will be made by means of direct deposit.

ARTICLE 18 - WORKING CONDITIONS

- 18.1 (a) A long-term occasional teacher ceases to be such upon the earliest of:
- (i) the return to teaching of the teacher being replaced; or
 - (ii) the end of the semester; or
 - (iii) the end of the school year; or
 - (iv) the written resignation of the occasional teacher; or
 - (v) the completion of the assignment as determined by the board. If the reason for the determination of completion is unusual, the board will notify the Union of the reason.

The above is not an exhaustive list of when a long-term occasional teacher's assignment can end.

- (b) Notwithstanding Article 18.1 (a) (ii) and (iii), the board may extend the assignment into the next semester or into the next school year.

- 18.2 Notwithstanding Article 18.1 (b), if an occasional teacher substitutes for a teacher who has died during a school year, the teacher's employment as the substitute for him/her shall not extend past the end of the semester in which the death occurred.
- 18.3 A long-term occasional teacher will be given a minimum of two (2) days' notice of the termination of the assignment should the teacher being replaced return prior to the anticipated date of return.
- 18.4 Normally an occasional teacher shall be assigned the timetable of the teacher being replaced including scheduled and emergency supervision duties; however, the board may, at its discretion, assign only a portion of that assignment. This article does not restrict the board's right to assign the timetable of more than one teacher, providing the number of periods does not exceed three (3) periods, unless one of the periods is a scheduled on-call period of the absent teacher.
- 18.5 By prior appointment, an occasional teacher will have access during normal business hours to their board personnel file in the presence of staff from Human Resource Services. Where the employee authorizes in writing access to their board personnel file by another person acting on their behalf, the board shall provide such access by appointment as well as copies of materials contained therein if also authorized and requested.
- 18.6 School administration shall ensure that casual occasional teachers are provided with an Occasional Teacher Information Handbook, as outlined in the Board Administrative Procedures Memorandum.
- 18.7 Daily occasional teachers may be required to complete up to a maximum of four (4) full seventy-five (75) minute emergency duty periods per school year.
- 18.8 Daily occasional teachers are responsible for tracking the total number of Emergency Teacher Replacement Duties using the Occasional Teacher Emergency Record Card found on the staff website.
- 18.9 Occasional teachers are provided with a board email address and are expected to monitor this account weekly to support their work within the Simcoe County District School Board.

ARTICLE 19 - PROFESSIONAL DEVELOPMENT

- 19.1 The board shall allocate \$3,000 (three thousand dollars) per school year to be dispersed by the Unit for the education and professional development of their members scheduled outside the work day. Any release during the work day will first need to be requested by the occasional teacher. The board will determine approval or denial of the request. The Unit shall report to the board on an annual basis the expenditures for the use of these funds.

ARTICLE 20 – HEALTH AND SAFETY

- 20.01 The board recognizes its obligations to provide a safe and healthy environment for the employees and to carry out all the duties and obligations under the Occupational Health and Safety Act and its accompanying Regulations.

ARTICLE 21 – RETURN TO WORK/ACCOMMODATION

- 20.01 The board recognizes that the employee has the right to Union Representation at return to work/employment accommodation meetings.

ARTICLE 22 - SIGNATURES

District 17 (Simcoe) (Occasional Teachers' Bargaining Unit)

of the Second Part

Strategies for Preventing Unfilled Assignments

A) Occasional Teacher Supplemental Supply List (SSL)

The SSL will be staffed up to a maximum of 150. If experience indicates that this maximum does not produce the expected result of eliminating the problem of unfilled jobs, the board, in consultation with the union may increase this maximum up to 200.

Assignments will first be available to members on the Main Supply List (MSL) followed by members on the SSL. Members on the SSL will follow the expectations set out in article 12 – Occasional Teachers' List.

Retired teachers will be added to the SSL without an interview based on the recommendation of their principal.

Effective September 1, 2020, assignments that teachers on the SSL complete shall be counted towards the requirements indicated in Regulation 274.

B) Daily Assigned Supply (DAS)

DAS opportunities shall be posted and the board will draw from the created pool of DAS teachers for assignments. Teachers in a DAS role will complete the daily assignments provided by the board. A DAS will be considered a Long-Term Occasional Teacher (LTO).

C) Any other strategies or alterations to the strategies above for which both parties are in agreement.

This Letter of Agreement will remain in effect for the term of this Collective Agreement and may be renewed by mutual agreement.

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

- e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

C8.1 Family Medical Leave or Critical Illness Leave

- a) Family Medical Leave or Critical Illness leaves granted to a permanent teacher, long-term occasional teacher or teacher hired into a term position under this Article shall be in accordance with the provisions of the *Employment Standards Act*, as amended.
- b) The teacher will provide to the employer such evidence as necessary to prove entitlement under the *Employment Standards Act*.
- c) A teacher contemplating taking such leave(s) shall notify the employer of the intended date the leave is to begin and the anticipated date of return to active employment.
- d) Seniority and experience continue to accrue during such leave(s).
- e) Where a teacher is on such leave(s), the Employer shall continue to pay its share of the benefit premiums, where applicable. To maintain participation and coverage under the

Collective Agreement, the teacher must agree to provide for payment for the teacher's share of the benefit premiums, where applicable.

- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY/PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

C11.00 MINISTRY/SCHOOL BOARD INITIATIVES

- a) OSSTF/FEESO will be an active participant in the consultation process at the Ministry Initiatives Committee. Ministry Initiatives Committee shall meet at least quarterly each year to discuss new initiatives, including implications for training, resources.
- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

- a) At the request of the OSSTF/FEESO Provincial Office, and in accordance with local notification processes, OSSTF Teachers and Occasional Teachers, subject to program and operational needs shall be released for provincial collective bargaining and related meetings.
- b) Federation release days granted for the purpose of such provincial federation work will not be charged against local collective agreement federation release time.
- c) OSSTF Teachers and Occasional Teachers released for such provincial federation work shall receive salary, benefits, and all other rights and privileges under the collective agreement in accordance with local provisions.
- d) OSSTF/FEESO Provincial Office shall reimburse the Employer as per the local collective agreement.

- b) Any E-Learning credit course that is offered by a school board in the English Public System shall be delivered by a bargaining unit member in accordance with Part B collective agreement language and local staffing processes. These courses will be offered to a teacher who has expressed interest, where possible.
- c) The Joint Staffing Committee or equivalent shall receive information related to E-Learning staffing.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;

- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.

- 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
- 3.1.4 No individuals who retire after the Board participation date are eligible.
- 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
- 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct

- their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
 - e. An amount of \$300 per FTE, in addition to (d) will be provided.
 - f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
 - g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
 - h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
 - i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
 - j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
 - k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
 - l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
 - m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
 - n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.

- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;

- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph l). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior

entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

Each school year, a teacher absent beyond the ten (10) sick leave days paid at 100% of salary, as noted in clause 1 above, shall be entitled up to an additional one hundred and twenty (120) days short term sick leave to be paid at a rate of 66.67% of their regular salary and be eligible for 90% of regular salary in accordance with the Short-Term Leave and Disability Plan (STLDP) provisions detailed below. Where evidence or medical documentation exists the employee will be upgraded to 90% of regular salary and such upgrade will not be unduly withheld.

Where an employee has been denied compensation at 90%, such employee shall have the right to file an appeal with Board's WEIP and Attendance Support Program Processes which includes the current third party adjudication process. The purpose of the appeal is to facilitate consideration of new information, provide an objective review of the information that has been submitted and the original claim recommendation, and finally to allow for an escalated "final review" of the decision that has been made. Upon the completion of the appeal process, the employee and the Board will be notified in writing of the decision.

Short-Term Sick Leave days under the Short-Term Leave and Disability (STLDP) shall be treated as traditional sick leave days for the purposes of determining entitlements to paid benefits and for the purpose of serving the waiting period for Long Term Disability (LTD) Insurance.

The Board's Disability Management Teams shall determine eligibility for the Short-Term Leave and Disability Plan (STLDP) subject to the terms and conditions of the Board's Workplace Early Intervention Program (WEIP and Attendance Support Programs, which includes the current third party adjudication process.

The following clause is subject to either Teacher Pension Plan amendment or legislation:

Within the purview of the Teachers' Pension Act (TPA), the Minister of Education will seek an agreement from the Ontario Teachers' Federation to amend the Ontario Teachers' Pension Plan to allow for adjusting pension contributions to reflect the Short-Term Sickness Leave/Short Term Leave and Disability Proposal (STLDP) with the following principles:

- i. Contributions will be made by the employee/plan member on the unpaid portion of each sick leave day under the STLDP not paid at 100%, unless directed otherwise in writing by the employee/plan member;
- ii. The government/employer will be obligated to match these contributions;
- iii. If the plan member/employee exceeds the maximum allowable sick-days and does not qualify for Long Term Disability (LTD)/Long Term Income Protection (LTI), pension contributions will cease and the employee is not eligible to earn pensionable service until the LTD/LTIP claim is re-assessed and approved or if the employee returns to work.
 - a. If the LTD/LTIP claim is re-assessed and approved, then the member will be entitled to earn service by making contributions subject to existing plan provisions for a period of time that does not exceed the difference between the last day of work and the day when LTIP benefits begin and the government/employer will be obligated to match these contributions.
 - b. If not approved for LTD/LTIP, such absence shall be subject to existing plan provisions.
- iv. The exact plan amendments required to implement this change will be developed in collaboration with Ontario Teachers' Pension Plan (OTPP) and the co-sponsors of the OTPP (Ontario Teachers Federation (OTF) and the Minister of Education.
- v. The plan amendments will have to respect any legislation that applies to registered pension plans such as the Pension Benefits Act and the Income Tax Act.
- vi. The Board shall notify teachers, copied to the Bargaining Unit, when they have exhausted their maximum days of sick leave at 100% salary in any school year. Failure to notify a teacher or the Bargaining Unit will not be subject to the grievance procedure if such failure is due to circumstances beyond the control of the Board.

iii) Short-Term Leave and Disability Plan Top-up (STLDPT)

- 1. For employee absences that extend beyond the ten (10) sick leave days paid at 100% of salary referenced above, the employee shall be eligible for a STLDPT for up to 100% of regular salary, subject to their top up availability and subject to the Board's WEIP and Attendance Support Programs.
- 2. Subject to the Board's WEIP and Attendance Support Programs, an absence is eligible for the STLDPT, subject to the following:
 - a. All or any part of an absence occurs beyond the ten (10) sick leave days paid at 100% of salary.
 - b. Provision of objective medical documentation, satisfactory to the Board, which, when required, includes limitations and restrictions.

3. The Board, the Union and the Employee shall cooperate with the Board's WEIP and attendance support programs.
4. The Board shall be responsible for any costs related to third party assessments required by the Board to comply with the Attendance Support Program.
5. The Parties agree to continue to cooperate in the implementation and administration of early intervention and return to work processes as a component of the Short and Long Term Disability Plans.

Top up for the Short-term Leave and Disability Plan

Provided that this is funded by the Provincial government, employees will have access to a sick leave top up for the purpose of topping up salary to one hundred percent (100%) under the Short-Term Leave and Disability Plan (STLDP).

This top up is calculated as follows:

10 days less the number of sick days used in the prior year.

In 2012-13, the transition year, each employee shall begin the year with 2 days in the sick leave bank.

The parties agree that leave days as outlined in the 2008-12 Collective Agreement shall not be used for sick leave purposes. Further when an employee is attending to the illness of a family member those days are charged to the five (5) days referenced in section i) 2. of this Memorandum of Understanding.

In addition to the sick leave bank, compassionate leave top-up may be considered at the discretion of the board. The compassionate leave top-up will not exceed two days, and is dependent on having two unused leave days remaining in the current year. These days can be used to top-up salary under the STLDP.

iv) Long-Term Disability (LTD) Plans

1. The Federation shall be the policyholder of the Long Term Disability Plan. The Board shall provide all data, related to the long term disability plan, as requested by the Federation's carrier.
2. All employees shall participate in the Long Term Disability Plan as a condition of their employment subject to the terms of the respective plan.
3. The Federation will work with the Board and/or the School Boards' Association(s) to consider including non-bargaining unit staff in a separate plan(s) where the viability of a current LTD plan remains in question after OSSTF members are withdrawn from the existing plan.
4. The Board shall enroll all members, identified in 2 above, in the Long Term Disability Plan in the manner prescribed by the Federation.
5. The Board shall complete the Plan Administrator Statement as required by the plan provisions. The plan provider shall provide OSSTF members with LTD Claim kits.
6. The employee shall be responsible for one hundred percent (100%) of the LTD premiums. The Board shall be responsible for the deduction and remittance of LTD premium contributions within thirty (30) days in the manner prescribed by the Federation. The Board shall be

responsible for collecting premiums from members who are on a leave of absence from the board.

7. The Federation shall assume all other administrative functions of the Long Term Disability plan.
8. The Federation shall determine the design of the Long Term Disability plan, the terms and conditions of the plan and the selection of carrier(s).
9. The Board shall participate in early intervention programs initiated on behalf of disabled members who shall participate in such programs.
10. The Board shall participate in return to work programs initiated on behalf of disabled members.
11. The Board shall provide a list of members on claim as of September 1, 2012 and on December 31, 2012.
12. The Board shall provide to the Federation and its agent(s) detailed disclosure regarding existing long term disability benefit plans for the members. The appended letter "Permission to Release Experience Information", forms a part of this agreement, and outlines the obligations of the Board and/or its agents to disclose the specified information.

E. Workplace Safety and Insurance Board (WSIB)

WSIB benefits shall be maintained in accordance with the current practices of the parties. For clarity, where the current WSIB top up is deducted from sick leave the Board shall maintain the same level of top-up without deduction from sick leave.

The Parties acknowledge that this arrangement may result in significant cost implications to the Board. The Parties further agree to discuss this provision prior to the termination of this Memorandum of Understanding and/or as part of negotiations for the next collective agreement.

F. Maternity Leave

A Teacher shall receive 100% of salary through a SEB plan for not less than a six (6) week period following the birth of her child, subject to provisions in the 2008-2012 local collective agreement but without deduction from sick leave. Teachers not eligible for a SEB plan will receive one hundred percent 100% of salary for a period of not less than six (6) weeks. Teachers who require a longer than six week recuperation period shall have access to the STLDP through the normal adjudication process in accordance with current practice. For clarity, the aforementioned provides a minimum, but where superior entitlements exist in the 2008-2012 Collective Agreement, those superior provisions shall apply.

The preceding provisions are subject to revision pending Ministry of Education clarification in writing regarding pyramiding of entitlements in this provision between this Memorandum of Understanding and the 2008-12 Collective Agreement.

The Parties agree to discuss this provision prior to the termination of this Memorandum of Understanding and/or as part of negotiations for the next Collective Agreement.

H. Benefits (Health, Dental and Extended)

Benefits for Current Employees

- a) All group benefit plan coverage levels, provisions and practices in place in 2011-2012 shall remain

status quo for the 2012-2014 collective agreement. For clarity, status quo includes scheduled adjustments based on the contract definition(s) and these will occur as scheduled (eg. If in September 2011 the ODA rate was set at 2010 rates, in September 2012 the ODA rate would be set at 2011 rates).

I. Provincial Benefits Plan

In the event that OSSTF and the government agree on a Provincial Benefits Plan, the Board will support this agreement provided there are no additional costs to the Board or substantial increases to the administration requirements.

J. Salary Grids

1. All employees shall move through and across the salary grid in accordance with their individual experience and qualifications, in accordance with the collective agreement.
2. The increments shall come into effect on the 97th school day of the 2012-13 school year and on the 97th school day of the 2013-14 school year.
3. The Union acknowledges that the 97th day increment in each year of the agreement was originally based on achieving savings through the requirement of three (3) mandatory unpaid days. The parties have agreed to reduce the three (3) mandatory unpaid days to one (1) mandatory unpaid day and implement offsetting measures as described in Section P below.

K. Voluntary Unpaid Leave of Absence Program

- a) For voluntary unpaid leave days, which are scheduled in advance for the second year, the salary deduction will be equalized over the pay periods of the 2013-14 school year, provided the requests are made in writing by May 1, 2013.
- b) In order to provide potential financial savings to the Board, a Voluntary Unpaid Leave of Absence Program (VLAP) shall be established effective the date of approval of this Memorandum of Understanding by the Minister of Education.
- c) Employees may apply for up to five (5) unpaid leave of absence days for personal reasons in each year of the Collective Agreement.
- d) Requests for unpaid days shall not be denied provided that there is expected to be enough available Occasional Teachers to cover for absent employees, and subject to reasonable system and school requirements.
- e) In order to promote student achievement, it is understood that employees taking a voluntary unpaid leave day shall be required to prepare lessons for each of their classes and other regular teaching duties including but not limited to preparation of report cards and exams, etc.
- f) Requests for voluntary unpaid leave of absence days will not normally include the two (2) week period following the start of each semester, the two (2) weeks prior to the start of exams and during the exam period. The approval of the voluntary unpaid leave of absence days is at the exclusive discretion of the Board.
- g) Voluntary unpaid leaves shall be reported as approved leaves of absence for the purposes of

Ontario Teachers' Pension Plan.

- h) The Board will report unpaid VLAP days to the Bargaining Unit based on the names of applicants and the total approvals.

L. Dispute Resolution/Enforcement Mechanism

As per existing practice, disputes shall continue to be resolved, through joint problem-solving and informal dialogue, and then defer to the grievance-arbitration process as outlined in the 2008-2012 collective agreement.

M. Ratification

Upon ratification, this Memorandum of Agreement shall form part of the collective agreement between the Parties.

Subject to mutual agreement, any time during the term of this agreement, amendments may be made as outlined in the Ontario Labour Relations Act.

The parties agree that post ratification of this Memorandum of Understanding, and prior to December 31, 2012, they will meet to discuss local issues on mutually agreed date(s). Changes will be made by mutual agreement and any changes proposed by either party and not agreed to by December 31, 2012 will be null and void. There will be no strikes, lockouts or applications for conciliation during the period of local bargaining.

Any local bargaining will not amend sections of the Collective Agreement amended by this Memorandum of Understanding.

Any provisions of the 2008-12 Collective Agreement, not specifically amended by the provisions of this Memorandum of Understanding, shall remain in full force and effect.

N. Provincial Committees

The Parties acknowledge the fact that the Government of Ontario intends to begin consultations in the Fall of 2012 with the teachers' federations, support staff unions, school board trustee associations and school boards to develop the appropriate legislative and regulatory framework for provincial bargaining that would, if approved by the legislature, take effect by January 1, 2014.

The Parties further acknowledge that the Government of Ontario intends to meet to review school board employee salary grids with stakeholders during the term of this agreement, including but not limited to, how employees move on the experience and qualification salary grid (where applicable) and the variation currently in the monetary value of each grid step, with a view to future sustainability.

O. Job Security

For the remaining term of this Memorandum of Understanding, the Board will implement any permanent teacher reductions in the 2013/14 school year, other than those reductions due to declining enrolment or reduction in government initiatives, through attrition, in order to minimize the need to lay-off existing employees in that year. Any layoffs as a result of declining enrolment will occur at a rate not greater than the rate of student loss.

The Board agrees to consult with the Federation on the implementation of any staffing reductions.

P. Offsetting Measures

All members of the bargaining unit will be required to take one (1) mandatory unpaid day in the second year of the agreement on a PD day to be determined by the Board in consultation with the Union.

In addition, all of the following cost savings measures will be considered to fund the grid movement and reduction of mandatory unpaid PD days from three (3) to one (1) as outlined in Part J above:

1. Adjust average class size to maximize the staffing benefit of 22:1. Staff reductions resulting from this offsetting measure cannot result in layoffs.
Where necessary, in consultation with the bargaining unit, the Board may adjust class size limits to accommodate reductions in FTE.
2. Reduction of teacher costs associated with discretionary non-classroom administration release periods.
3. Voluntary unpaid leave days on PD or instructional days (target of minimum of 4 per teacher over 2 years for costing).

The offsetting measures noted above shall only apply for the 2012/2013 and 2013/2014 school years, unless they are extended in future negotiations or through mutual consent.

Use of the offsetting measures will not be unduly withheld to add additional unpaid days.

Q. Reconciliation

A reconciliation committee will be created with equal representation from the Board and the Union. The committee will meet in March, May, September and November 2013 and January, March and May 2014 to track targeted savings and expenditures. In the event that by May 15, 2013, savings targets are not on target to meet the overall goal, the Board will determine measures including additional mandatory unpaid days required to create additional savings in the 2013/2014 school year to meet the target.

The parties agree that after realizing the savings required to pay for grid movement from the 97th day, such savings shall be transferred to the Union for distribution to Teachers currently on the grid for the purchase of technology or for professional learning in support of student achievement. This amount will be determined to a maximum of \$700 pro-rated per FTE for eligible contract teachers who are not at the top of the grid by day 98 in the 2013-14 school year. This maximum amount of \$700 is to be funded from the monies saved through the offsetting measures as listed in Section P.

The parties agree that it may be necessary for the reconciliation committee to reduce the target amount of \$700 in the second year of this agreement, as a measure to avoid additional mandatory unpaid days, when savings targets have not been met.

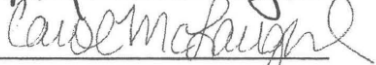

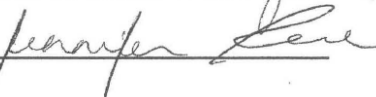

The Federation agrees to provide the Board with a detailed accounting of this distribution itemized by employee.

Job Security – OSSTF/FEESO Support Staff

1. The existing FTE complement as of March 5, 2013 in all OSSTF/FEESO support staff job classes will be maintained until August 31, 2014. For clarity, a job class is defined as per existing collective agreements or the past practice of the parties in implementing surplus provisions.

2. Staffing provisions contained *in* the 2008-12 collective agreements with regard to surplus and bumping will continue.

3. Notwithstanding the above, layoff of permanent employees, after the date of signing of this agreement, can occur, only in the following circumstances:

- a. A catastrophic or unforeseeable event or Circumstance;
- b. Declining enrolment; or
- c. Funding reductions directly related to services provided by bargaining unit members.

4. Where complement reductions are required pursuant to the 3 (b) or (c) above, they shall be achieved as follows:

- a. In the case of declining enrolment, staffing reductions shall occur at a rate not greater than the rate of student loss, and
- b. In the case of funding reductions, staffing reductions shall not exceed the amount of such funding reductions.

5. Reductions as may be required in 3 (b) and (c) above shall only be achieved through lay-off after consultation with OSSTF/FEESO on alternative measures, which may include:

- a. Priority for available temporary, casual and/or occasional assignments;
- b. The establishment of a permanent supply pool where feasible;
- c. The development of a voluntary workforce reduction program (contingent on full provincial government funding).

6. Every effort should be made to *minimize* necessary layoffs through attrition. Notwithstanding the above, a board may reduce their complement through attrition.

7. This letter of understanding expires on August 31, 2014

8. In the event that the current collective agreement contains job security provisions which are superior to the above, such existing provisions shall prevail.

Maternity Benefits

Effective May 1, 2013, an employee who was previously entitled to maternity benefits under the 2008-2012 collective agreement will continue to be entitled to these benefits. In addition, the benefits are also available to:

- a) Employees hired in a term position or filling a long-term assignment, with the length of the benefit limited by the term of the assignment
- b) Any other full-time employee (for this purpose defined as greater than 24 hours per week)

Employees on daily casual assignments are not entitled to maternity benefits.

Eligible employees on pregnancy leave shall receive a 100% salary through a Supplemental Employment Benefit: (SEB) plan for a total of not less than eight (8) weeks immediately following the birth of her child, subject to provisions in the 2008-2012 collective agreement, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP).

Employees not eligible for a SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.

For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (ie: summer, March Break, etc), the remainder of the eight (8) weeks of top up shall be payable after that period of time.

Employees who require a longer than eight (8) week recuperation period shall have access to sick leave and the STOLP through the normal adjudication process.

For clarity the aforementioned eight (8) weeks of 100% salary is the minimum for all eligible employees, but where superior entitlements exist in the 2008-2012 Collective Agreement, those superior provisions shall apply.

Notwithstanding the above, where a bargaining unit so elects, the SEB or salary replacement plan noted above will be altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits contained in the 2008-2012 collective agreement. For example, a 2008-2012

Collective Agreement that includes 17 weeks at 90% pay would result in 6 weeks at 100% pay and an additional 11 weeks at 90%.

Voluntary Unpaid Leave of Absence Program For all Bargaining Units

- a) In order to provide potential financial savings to the Board, a Voluntary Unpaid Leave of Absence Program (VLAP) shall be established for all OSSTF/FEESO bargaining units effective May 1, 2013
- b) Employees may apply for up to five (5) unpaid leave of absence days for personal reasons in each year of the Collective Agreement.
- c) Requests for unpaid days shall not be denied provided that, if necessary, there are expected to be enough available casual staff to cover for absent employees, and subject to reasonable system and school requirements.

- e) It is understood that teachers taking a voluntary unpaid leave day shall be required to provide appropriate work for each of their classes and other regular teaching and assessment responsibilities including but not limited to preparation of report cards and exams.
- f) Requests for voluntary unpaid leave of absence days will not normally include the first week following the start of each semester (other than an August PO day), the week prior to the start of exams, and the exam period.
- g) Voluntary unpaid leaves shall be reported as approved leaves of absence for the purposes of the Ontario Teachers' Pension Plan and OMERS.
- h) The Board will report unpaid VLAP days to each OSSTF/FEESO Bargaining Unit based on the names of applicants and the total approvals on a monthly basis.
- i) All net savings achieved by the Board as a result of VLAP days being utilized shall be applied to Offsetting Measures below.

Unpaid Days and Offsetting Measures for Teacher Bargaining Units

All permanent regular day school members of a teacher bargaining unit will be required to take one (1) mandatory unpaid day on Friday December 20, 2013.

The following cost savings measures will be implemented:

1. Voluntary Unpaid Leave of Absence Program
2. Efficiencies in the delivery of professional development for the Oct 11, 2013 PO day will be used to provide funding for offsetting measures equivalent to 16% of the cost of an unpaid day. Further, this PO day will be a day reserved for the delivery of Ministry priorities.

3. An Early Retirement Incentive Plan (ERIP) will be introduced in the event that the savings in #1 and #2 are not projected to provide sufficient cost recovery for one unpaid day across the Bargaining Unit.

If the necessary savings are achieved in #1 and #2 the Board may choose to implement the ERIP program at its discretion.

The ERIP shall be in the form of a \$5000 payment to any teacher who retires between the end of November 2013 and the last day of Semester 1.

The Board shall give notice of the implementation of the ERIP no later than November 30, 2013.

Any requirements for notification periods for retirement or specific retirement dates shall be waived in the 2013-2014 school year. A minimum two week retirement notice period shall be provided to boards in the open period from November 30, 2013 to the last day of Semester 1 in the 2013-2014 school year.

4. Any other cost savings measures agreed to by Bargaining Unit and the Board.

The offsetting measures noted above shall only apply for the 2012/2013 and 2013/2014 school years.

All permanent regular day school members of a teacher bargaining unit will be required to take a further unpaid day on Friday March 7, 2014 if the above measures do not achieve sufficient savings at least equal to the value of one day's pay across the Bargaining Unit.

In the event that cost-savings measures achieve savings in excess of those required to offset unpaid days, such savings shall be retained by the Board.

Any member of OSSTF/FEESO who is not a regular permanent day school teacher shall not be required to take unpaid days.

Reconciliation For Teacher Bargaining Units

A reconciliation committee will be created with equal representation from the Board and the Bargaining Unit.

The committee will meet monthly starting in June 2013 to track targeted savings and expenditures. The cost of the ERIP shall be deducted from savings. All relevant information required to monitor and administer the reconciliation shall be fully shared between the parties.

In the event that by November 30, 2013, savings are not on target to meet the financial goal equivalent to at least one (1) unpaid day, the ERIP program will be implemented. In the event of a dispute between the Board and Bargaining Unit about the financial necessity for an ERIP, the Board may choose not to offer the ERIP program. However, in the event that the financial savings for the cost recovery for the unpaid day are not subsequently achieved, the permanent teachers shall not be required to take an unpaid day on March 7, 2014.

Attendance Recognition

A Shared Savings Initiative (SSI) shall be established in every bargaining unit. The SSI shall operate as follows:

Individual member sick leave usage for the 2013-2014 school year shall be as per the definition for sick leave in the 2008-2012 collective agreement and shall be determined as of June 30, 2014.

If a permanent regular day school teacher bargaining unit member's usage is below six (6) full days of his/her days' absence then the member shall receive a payment equivalent to his/her daily rate. Annual compensation is not to exceed what would have been paid in the absence of unpaid days.

For OSSTF/FEESO members, other than permanent regular day school teachers, the payment shall be equal to a member's regular daily rate of pay and shall be contingent upon the member having taken a VLAP day during the term of this collective agreement.

The payment shall be made at the earliest opportunity following June 30, 2014.

Sick Leave/Short Term Sick Leave and Disability Plan

Sick Leave Days

1. An employee who was previously entitled to sick leave under the 2008-2012 collective agreement will be entitled to this sick leave plan. In addition the sick leave is also available to:

- a. Employees hired in a term position or filling a long-term assignment, with the length of the sick leave limited by the term of the assignment.
- b. Any other full-time employee (for this purpose defined as greater than 24 hours per week)

2. Each school year, an employee shall be paid 100 % of regular salary for up to eleven (11) days of absence due to illness. Illness shall be defined as per the 2008-12 local collective agreement. Part-time employees shall be paid 100% of their regular salary (as per their full-time equivalent status) for up to eleven (11) days of absence due to illness. Such days shall be granted on September 1 each year, or on the employee's first work day of the school year, provided the employee is actively at work and shall not accumulate from year-to-year.

3. Where an employee is absent due to sickness or injury on his or her first work day in a fiscal year, a sick leave credit may only be used in respect of that day in accordance with the following:

- a) If, on the last work day in the previous fiscal year, the employee used a sick leave credit due to the same sickness or injury that requires the employee to be absent on the first work day in the current fiscal year,
 - i. the employee may not use a sick leave credit provided for the current fiscal year in respect of the first work day, and
 - ii. the employee may use any unused sick leave credits provided for the immediately preceding fiscal year in respect of the first work day.
- b) If 3 a) does not apply, the employee may use a Sick leave credit provided for the current fiscal year in respect of the first work day if, for the purpose of providing proof of the sickness or injury, the employee submits,
 - i. the information specified for that purpose in the employee's employment contract or collective agreement, or
 - ii. if such information is not specified in the employment contract or collective agreement, the information specified for that purpose under a policy of the board, as it existed on August 31, 2012.
- c) If an employee is absent due to sickness or injury on his or her first work day in a fiscal year, section 3a) and b) also applies in respect of any work day immediately following the employee's first work day until the employee returns to work in accordance with the terms of employment.

d) For greater certainty, the references in section 3a), b) and c) to a sickness or injury include a sickness or injury of a person other than the employee if, pursuant to the definition of illness in section 2, the employee is entitled to use a sick leave credit in respect of a day on which the other person is sick or injured.

e) A partial sick leave credit or short term sick leave credit will be deducted for an absence due to illness for a partial day.

i. However, WSIB and LTD providers are first payors. In cases where the employee is returning to work from an absence funded through WSIB or LTD, the return to work protocols inherent in the WSIB/LTD shall take precedence.

4. Any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that currently have less than five (5) days shall remain at that number. Local collective agreements that have more than five (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

5. For the purposes of section 2, if an employee of a board is only employed to work for part of a year, the employee's eligibility for sick leave credits shall be reduced in accordance with the policy of the board, as it existed on August 31, 2012. If hired after the beginning of the fiscal year, a full-time employee is entitled to the full allocation of sick leave credits as per sections 2 and 8.

6. The Board shall be responsible for any costs related to third party assessments required by the Board to comply with the Attendance Support Program. For clarity, current practices with respect to the payment for medical notes will continue.

7. The Parties agree to continue to cooperate in the implementation and administration of early intervention and return to work processes.

Short Term Sick Leave

8. Each school year, an employee absent beyond the eleven (11) sick leave days paid at 100% of salary, as noted in section 2 above, shall be entitled up to an additional one hundred and twenty (120) days short term sick leave to be paid at a rate of 90 per cent of the employee's regular salary if the employee is absent due to personal illness including medical appointments and as per the board adjudication processes in place as of August 31, 2012.

9. Short-Term Sick Leave days under the Short-Term Leave and Disability (STLDP) shall be treated as traditional sick leave days for personal illness including medical appointments.

10. The Board's Disability Management Teams shall determine eligibility for the Short-Term Leave and Disability Plan (STLDP) subject to the terms and conditions of the 2008-2012 collective agreement and/or board policies, procedures and practices in place during the 2011-2012 school year.

Short-Term Leave and Disability Plan Top-up (STLDPT)

11. For employee absences that extend beyond the eleven (11) sick leave days, employees will have access to a sick leave top up for the purpose of topping up salary to one hundred percent (100%) under the Short Term Leave and Disability Plan.

This top up is calculated as follows:

Eleven (11) days less the number of sick days used in the prior year.

12. In 2012-13, the transition year, each employee shall begin the year with two (2) days in the top-up bank.

13. In addition to the top-up bank, compassionate leave top-up may be considered at the discretion of the board. The compassionate leave top-up will not exceed two (2) days and is dependent on having two (2) unused leave days in the current year. These days can be used to top-up salary under the STLDP.

14. When employees use any part of a short term sick leave day they may access their top-up bank to top up their salary to 100%.

Long Term Assignments

L5. A member of OSSTF/FEESO employed by a board to fill a long-term assignment position that is a full year for that employee's job class shall be eligible for the following sick leave credits during a board's fiscal year, allocated at the commencement of the long-term assignment:

1. Eleven (11) days of Sick Leave paid at 100% of regular salary.
2. Sixty (60) days per year of Short Term Sick Leave paid at 90% of regular salary.

16. A member of OSSTF/FEESO who is employed by a board to fill a long-term assignment position that is less than a full year for that employee's job class shall be eligible for eleven (11) days of Sick Leave and sixty (60) days of Short Term Sick Leave as per section 15, reduced to reflect the proportion the assignment bears to the length of the regular work year, and allocated at the start of the assignment.

17. A long term assignment shall be as defined in the 2008-2012 collective agreement. Where no such definition exists, a long term assignment will be defined as twelve (12) days of continuous employment in one assignment.

L TO Plans for Support Staff

18. If the Long Term Disability Plan contained in the 2008-2012 collective agreement requires a waiting period of more than 130 days, the 120 day short term sick leave period referenced above shall be extended to the minimum waiting period required by the plan.

Long Term Disability

Those employees with less than the minimum number of years of service shall have that entitlement frozen as of August 31, 2012. These employees shall be entitled to a Gratuity Wind-Up Payment calculated as the lesser of the board's existing amount calculated under the board's collective agreement as of August 31, 2012 (or board policy as of that date) or the following formula:

$$\frac{X}{30} \times \frac{Y}{200} \times \frac{Z}{4} = \text{Gratuity Wind-Up Payment}$$

x = years of service (as of August 31, 2012)
Y = accumulated sick days (as of August 31, 2012)
Z = annual salary (as of August 31, 2012)

For clarity, X, Y, and Z shall be as defined in the 2008-2012 collective agreement or as per policy or practice of the board for retirement gratuity purposes.

The Gratuity Wind-Up Payment shall be paid to each employee by the end of the school year.

The pay-out for those who have vested Retirement Gratuities shall be as per ONT. REG. 2/13 and 12/13 made under the PUTTING STUDENTS FIRST Act, 2012 and ONT. REG. 1/13 and 11/13 made under the EDUCATION ACT.

Future Grids

The government shall meet to review school board employee salary grids with stakeholders during the term of the 2012 to 2014 collective agreements including, but not limited to, how employees move on the experience and qualification salary grid (where applicable) and the variation currently in the monetary value of each grid step, with a view to future sustainability.

The funding parameters for OSSTF/FEESO Salary grids shall remain consistent throughout the process. Absent agreement during the review, any change to grid issues shall be the subject of collective bargaining for the next collective agreement.

Reg 274 Hiring Practices

The parties agree to establish a committee consisting of up to 8 members of OSSTF/FEESO to meet with no more than 8 combined representatives of English language public school boards and the Ministry, to meet no later than April 22, 2013 to review Reg 274/12 Hiring Practices with a view to establishing hiring practices agreeable to the parties.

OSSTF agrees to hold in abeyance, any grievances as a result of the regulation pending implementation on September 2013.

Implementation Committee

The Parties agree that a committee for discussion of implementation issues will be established with the goal of encouraging consistency, equitability and fairness of implementation.

The Implementation Committee shall have school board, OSSTF/FEESO and Ministry representatives.

The Implementation Committee shall meet within 30 days of the signing of this agreement to discuss its process including frequency of meetings and topics of mutual interest. The Committee will also consider further means of addressing implementation issues including communications to the Parties and the future role of the committee, if any.

It is understood that this committee and its discussions do not affect the collective agreement and dispute resolution entitlements of any party in any way.

Where the Parties agree to an interpretation, the agreed-to interpretation will be communicated to all affected school boards and Bargaining Units and shall be implemented in accordance with the Implementation Committee instructions. Such decisions may be communicated in interpretation manuals and/or guidelines. Regulations may be made where appropriate. Further, it is understood that the agreement of the Parties on an implementation item has precedent-setting value with respect to Third-Party interpretation.

Provincial Benefits Plan

It is agreed that an "Implementation Working Group" (IWG) that will fully investigate the creation of one or more "provincial" benefit plan(s) for the education sector, with a view to consolidation and consistency of approach, will be constituted by April 22, 2013 and commence meeting as soon as reasonably possible.

The IWG will complete its review by April 30, 2014 for implementation by August 1, 2014

The IWG will be led by a qualified and high profile expert in the field and include members with appropriate expertise and resources. Members of the IWG could include various representatives of teachers' federations, support staff unions, school boards, other staff associations including Principals & Vice-Principals, the government of Ontario (Ministries of Education and Finance), and independent experts.

The province agrees to provide funding of \$5 million which will include administration costs, legal costs, and costs of experts needed to undertake any studies and research required.

The province is committed to the plan. Its development would be guided by the following key draft principles:

1. The plan is for the benefit of all school board employee groups with the ability to have federation/association/union specific employee categories.
 - a. Any stranded employee group must be admitted to the plan as a full member upon request.
2. The governance structure of the plan may include Employee Life and Health Trust(s) (ELHT) which allow for influence by federations, school boards and the Province of Ontario. If individual ELHT Trusts are used to govern federation/association/union specific employee plans, all parties agree to participate in umbrella responsibilities and governance of the plan.
3. The plan would not operate using a single benefit carrier to prevent the creation of a monopoly. Should ELHT Trusts be the model chosen, then individual ELHT Trusts used to govern specific employee plans may use a single benefit carrier.
4. Some members under the umbrella arrangement may wish to consider a different administrator.
5. Funding for the plan is to be based on existing funding by school boards to current benefits providers.
6. Consideration of appropriate gains and risk sharing between the boards, federations and government.
7. Transparency & timely information sharing between all parties.
8. All principles are to be enacted subject to applicable legal parameters, e.g the Income Tax Act.

For OSSTF / FEESO

OSSTF/FEESO agrees to participate in the IWG.

OSSTF/FEESO intends to undertake research based on their membership that would include the following:

- The work undertaken by the OSSTF/FEESO-OPSBA Provincial Benefits Task Force will be updated for current premiums to reflect more up to date information and costing.
- Research based on an Employee Life and Health Trust (ELHT) as a potential model for a provincial benefit plan(s) with the understanding that such research would be of a general nature that it could be applicable to all interested groups.

OSSTF/FEESO could access up to \$2 million of the funding detailed above pursuant to the Signing of a contract that would include the normal accountability provisions required by the government.

The Government of Ontario agrees to provide and set aside start-up funding to create the one-time reserve account allocation equivalent to one month of the annual premium. Such funding will be made available at the appropriate time to support negotiations with benefit carriers

R – Appendix R8 – Memorandum of Agreement Re: Early Retirement Incentive Plan

MEMORANDUM OF AGREEMENT

BETWEEN

UPPER GRAND DISTRICT SCHOOL BOARD

AND

ONTARIO SECONDARY SCHOOL TEACHERS' FEDERATION

RE: Early Retirement Incentive plan

The Upper Grand District School Board agrees to implement an Early Retirement Incentive Plan (ERIP) as one form of cost saving measures to help with cost recovery towards one unpaid day across the Secondary Contract Teachers Bargaining Unit.

A teacher who retires between November 30, 2013 and January 30, 2014 is eligible to receive the ERIP, which shall be in the amount of five thousand (\$5000) dollars, payable to the teacher.

A teacher wishing to access the ERIP must provide in writing, a minimum of two weeks' notice of retirement to Human Resources in the open period, which is between November 30, 2013 and January 30, 2014. Any teacher who accesses the ERIP is encouraged to retire on January 30, 2014 to provide the best possible outcome for students.

Cost saving measures will be based on actual savings to the Board as a result of the difference between the total compensation of the retiring teacher and the total compensation of the teachers being placed or newly hired on January 31, 2014 (the first day of second semester), divided by two, minus the five thousand (5000) dollar incentive provided to the teacher as follows:

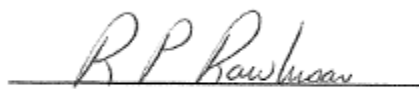

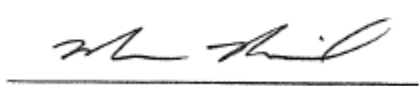

$$\frac{[(\text{Annual Total Compensation of retiring teacher}) - (\text{Annual Total Compensation of Placed or Newly Hired Teachers on January 31, 2014})]}{2} - \$5000$$

2

The above calculation will be based on a reconciliation following the beginning of second semester.

Dated this 29th day of November, 2013.

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge

and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

- i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

- e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

Re: Secondary Occasional Teachers' Collective Agreement

The Secondary Occasional Teacher Bargaining Unit has raised concerns through collective bargaining regarding half-day assignments.

Generally, secondary occasional teachers assume that a half-day assignment on PAM is either a.m. or p.m. In circumstances where the half-day assignment is not an a.m. or p.m. assignment (i.e. period 1/period 5, period 1/period 4), additional information should be provided on PAM—specifically, the start and finish times, or a message indicating the periods that coverage is required.

Further, those half-day assignments which are either Early Release or Late Start days should be identified as such on the PAM system when an occasional teacher is required.

In accordance with Article 11.01 of the Collective Agreement, the occasional teacher should still be assigned a timetable as close to that of the absent teacher as possible and should not be expected to work 5 compressed instructional periods.

Your attention to this matter is appreciated.

LETTER OF UNDERSTANDING #2

RE: PARTIAL DAY ASSIGNMENTS – RATES OF PAY

At recent collective bargaining negotiations, the Parties agreed that there were inconsistencies across the Board regarding how partial day assignments were paid. Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.

- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.

LETTER OF AGREEMENT #4

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

AND

The Crown

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;

- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees’ Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) “Total cost” means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier’s most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.

- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements

to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties.

Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

ARTICLE 33: ANNUAL LEARNING PLAN (ALP)

33.01 Subject to any revisions from the Ministry of Education, the Annual Learning Plan is teacher-authored and teacher-directed, and is developed in a consultative and collaborative manner with the Principal.

ARTICLE 34: CROSS CURRICULAR AND CURRICULUM HEADSHIPS

34.01 The role of the Cross Curricular and Curriculum Headships shall be to provide instructional, administrative and school leadership. The Cross Curricular and Curriculum Head shall work with other teachers in a school to promote collaboration, school success, and school and departmental objectives. Teamwork must be central to the achievement of these objectives and collaboration promotes their collective ownership. Cross Curricular and Curriculum Heads shall not supervise, evaluate or discipline other employees.

34.02 In addition to the above, the Cross Curricular and Curriculum Heads shall:

ARTICLE 34: CROSS CURRICULAR AND CURRICULUM HEADSHIPS
(CONTINUED)

- 34.04 In the case of the establishment of a new school, the number of headships will be determined in consultation with the Associate Director Instructional Support Services and the Bargaining Unit President, but not less than the above formula. The postings for all Headships in a new school will occur before all other posting of vacancies in the staffing process.
- 34.05 In a subsequent year, where the ADE projections increase beyond a trigger number, the additional headship will be granted for the following year.
- 34.06 Should the ADE projections decrease below a trigger number, in the first year, the number of headships will not be reduced. If the enrolment stays below the trigger for a second year, however, the position will be removed.
- 34.07 Notwithstanding the headships above related to average daily enrolment (ADE) projections, it has been determined in consultation with the Associate Director Instructional Support Services and the Bargaining Unit President that the following schools will be provided with headships as of September 1, 2020:

Location	No. of Headships
Parkholme School	2

At Parkholme and Applewood, these headships will be for the purpose of supporting special education and student success. PAS will create headships in consultation with their SAAC committee.

- 34.08 When a Cross Curricular and Curriculum Head position is added or removed, the Principal will consult with S.A.A.C. to attempt to reach a consensus. If there is no consensus, the Superintendent of Education and the Bargaining Unit representative will be asked to assist. Should there remain a dispute at the end of this review, then the matter will be referred to the Joint Staffing Committee for further discussion. If no agreement is reached in this forum, then the decision of the Director of Education or designate will be binding.
- 34.09 Headships will be established in either defined curriculum areas or in a cross-curricular school leadership role.

ARTICLE 34: CROSS CURRICULAR AND CURRICULUM HEADSHIPS
(CONTINUED)

34.10 Each school will have a minimum of five curriculum headships that are chosen from one or a combination of the OSS curriculum areas which include Arts (music, visual arts, drama, dance), Business, Canadian and World Studies, Cooperative Education and Experiential Learning, English, ESL, French as a Second Language, Guidance and Career Education, Health and Physical Education, International Languages, Mathematics, Native Studies, Resource Centre, Science,

Social Science and Humanities, Special Education and Technological Studies. Each credit course offered by the school will be tied to a curricular headship.

34.11 Curriculum headships will be for a fixed five (5) year term. At the end of the fixed five year term, all curriculum headships are advertised as part of the staffing process. Individuals who have held a curriculum headship are eligible to apply to any headship for which they are qualified.

34.12 If the school decides to change the Cross Curricular and Curriculum Headship structure, the Principal will consult with S.A.A.C. to attempt to reach a consensus. If there is no consensus, the Superintendent of Education and the Bargaining Unit representative will be asked to assist. Should there remain a dispute at the end of this review, then the matter will be referred to the Joint Staffing Committee for further discussion. If no agreement is reached in this forum, then the decision of the Director of Education or designate will be binding.

34.13 The qualification for a curriculum headship is a specialist qualification in one of the subject areas contained within the curriculum headship.

34.14 If a teacher relinquishes his or her headship during the five year term, his or her successor will be appointed to the balance of the term.

34.15 Cross-curricular headships will have leadership responsibilities within the school related to Ministry, Board or school programs or initiatives.

34.16 Cross-curricular heads will be for a one (1) year term with an option to renew for an additional one (1) year. The nature of responsibility may change from year to year, with input from the incumbent. If the school decides to change the responsibilities, the Principal will consult with S.A.A.C. to attempt to reach a consensus. If there is no consensus, the Superintendent of Education and the Bargaining Unit representative will be asked to assist. Should there remain a dispute at the end of this review, then the matter will be referred to the Joint Staffing Committee for further discussion. If no agreement is reached in this forum, then the decision of the Director of Education or designate will be binding.

ARTICLE 34: CROSS CURRICULAR AND CURRICULUM HEADSHIPS
(CONTINUED)

- 34.17 A school will have a maximum of three (3) cross-curricular headships except where the ADE is less than 800, where only two (2) cross-curricular headships are permitted.
- 34.18 An individual must hold a specialist qualification in any area to be eligible to hold a cross-curricular headship.
- 34.19 If there is a demonstrated need for a change in the Cross Curricular and Curriculum Headship structure during the term of a headship, the Principal will consult with S.A.A.C. to attempt to reach a consensus. If there is no consensus, the Superintendent of Education and the Bargaining Unit representative will be asked to assist. Should there remain a dispute at the end of this review, then the matter will be referred to the Joint Staffing Committee for further discussion. If no agreement is reached in this forum, then the decision of the Director of Education or designate will be binding.
- 34.20 If an incumbent is temporarily unavailable for 20 consecutive instructional days or more (for teacher funded leave, secondment or to take a position as an instructional coach, for example) then the position in its entirety will be filled by an acting headship for the duration of the head's absence as outlined in Article 16.05 c) of the Collective Agreement. The filling of a vacancy for a period of less than twenty (20) days is at the discretion of the Board.
- 34.21 All vacant headships in established schools will constitute the first posting of vacancy in the staffing process with the exception of new school openings.
- 34.22 In the event a Department Head is on a modified work schedule due to an accommodation plan as set out in Article 25.07 (a), the full amount of the headship allowance will be paid for the term of the accommodation.

Re: Non-Owned Automobile Liability Insurance Coverage

This letter is written to clarify certain points regarding the Board's Non-Owned Automobile Liability Insurance Coverage.

This coverage provides for a limit of liability of \$15,000,000 (fifteen million dollars) in the event that any employee, volunteer, student or trustee of the Peel District School Board is involved in an accident where the Third Party sues the driver as well as the School Board. The owner's vehicle liability insurance is always the primary coverage.

Coverage includes approved trips established in accordance with the Peel District School Board regulations while acting as an employee, volunteer, student or trustee, and is not restricted to regular school hours.

Approved trips are trips approved by a senior official, e.g., Vice Principal, Principal, Superintendent of Schools, in accordance with the regulations established by the Peel District School Board. In an emergency situation, e.g., transporting an injured student for medical attention, where it may not be possible to obtain such approval, the insurer would not invalidate a claim.

Yours truly,

Ms. Rani K. Dhaliwal

Re: Early Progress Reports

This memo represents a reminder regarding early progress reports:

- All schools must produce a web-based " Early Progress Report"
- All students will receive an Early Progress Report
- Reports should only contain information on learning skills
- A comment is mandatory for students who are performing at Level 1 or 2 and for students who are disengaged for a variety of reasons;
- The n/a designation will only be used in those rare cases where there is insufficient information upon which to base an assessment
- Reports should be issued in mid-October and mid-March for semestered schools and mid-October only for non-semestered schools.

Effective Practice:

- Principals engage teachers in collaborative discussion around the importance of assessment for learning and the need to align practices across the board
- Principals will create opportunities, where appropriate, to provide training in the use of the early progress report
- Timelines for completion of the web-based report are developed that are reasonable in terms of teachers having sufficient data to make informed decisions for reporting and in terms of having adequate time to complete the reports to meet deadlines
- Access to school computers is made convenient for teachers through the opening of school labs during the day and outside of the school day as needed
- Schools communicate the intent of the early progress report to both students and parents as assessment for learning.

Routine medical and dental appointments will be scheduled outside of working hours where possible.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:

- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;

- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.

2.1.2 The appointed independent experts will:

- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
- b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
- c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.

2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.

2.1.4 All voting requires a simple majority to carry.

2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:

3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.

3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.

3.1.4 No individuals who retire after the Board participation date are eligible.

3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.

3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
- b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s most recent yearly statement for the year ending no later than August 31, 2015.
- d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees’ Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) “Total cost” means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier’s most recent yearly statement and, if any, premium costs on other school

authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.

- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.1.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.

5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.

5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;

- c. Change plan design;
- d. Cost containment tools;

5.3.0 Accountability

The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.

- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period. Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;
 - 1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
 - 2. A SEB plan with existing superior entitlements;
 - 3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

"Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The Occasional Teacher will be informed of such action in writing, by registered mail, with a copy to the Bargaining Unit President, in an expeditious manner. It is recognized that a lesser standard of just cause (basic procedural fairness) applies to the dismissal of probationary Occasional Teachers.

5.04 The parties agree that:

If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit

charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
 - d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
 - e. An amount of \$300 per FTE, in addition to (d) will be provided.

- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.1.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.

 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;

- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

Only teaching experience on a continuous basis during the regular school year, September to June, in a publicly supported school or, at the discretion of the Director of Education, in a privately supported school shall be considered. Teaching experience earned after September 1, 2000 as a certified Teacher teaching in the Halton Adult, Alternative and Continuing Education program offered during the day (Form 3), will be included in the calculation of teaching experience.

ARTICLE 09 - PAYMENT OF SALARY - SCHEDULE AND CALCULATION

09.00.00

Teachers will be paid their salary on an even, bi-weekly twelve (12) month pay schedule.

The Board shall deposit the Teacher's earnings at a bank/financial institution designated by the Teacher.

09.01.00 Pay Adjustments

The salary for any Teacher shall be calculated as follows:

- a) The salary per day worked shall be equal to the Teacher's annual salary divided by the number of school days in the school year.

- b) The salary entitlement in any given pay period will be the Teacher's daily rate, as calculated in a) multiplied by the number of working days in the pay period, as determined by the approved school-year calendar.
- c) The salary paid in any given pay period will be the Teachers' annual salary divided by the number of actual pay periods.
- d) When the salary entitlement is greater than the actual salary paid, the difference will be credited to the Teacher's summer deferral account.
- e) When the salary entitlement is less than the actual salary paid, the difference will be deducted from the Teacher's summer deferral account.
- f) The summer deferral will be paid to each Teacher in equal amounts during the pay periods in July and August.

In the event of a pay deduct, 1/194 (in a year with 194 school days) of the Teacher's salary will be deducted for each unpaid day, with no adjustments to summer deferral.

09.02.00 – Sample Calculation

Teacher's annual salary = \$77,600.00

Teacher's daily rate = $\$77,600 / 194 = \400.00 (in a year with 194 schools days)

Teacher's actual bi-weekly salary = $\$77,600 / 26 = \$2,984.62$ (in a year with 26 pay periods)

Teacher's bi-weekly salary entitlement = # of working days in pay period x daily rate

In a pay period with ten working days:

- Entitlement = $\$400 \times 10 = \$4,000$
- Actual salary = \$2,984.62
- Summer deferral = $\$4,000 - \$2,984.62 = \$1,015.38$ (credited to summer deferral account)

In a pay period with five working days:

- Entitlement = $\$400 \times 5 = \$2,000$
- Actual salary = \$2,984.62
- Summer deferral = $\$2,000 - \$2,984.62 = -\$984.62$ (deducted from summer deferral account)

09.03.00

For a Teacher leaving the employ of the Board on a date other than August 31, the difference between the salary received and the salary owed shall be included in the final pay the Teacher receives based upon the pay period entitlements as calculated in 09.01.00. In the event of a Teacher's death, the salary owing shall be paid to the estate.

09.04.00

Teachers going on approved leaves of absence that extend beyond the end of the school year shall receive any salary owed on their final pay, including deferred salary amounts.

09.05.00

The Board shall inform all Teachers electronically of any special changes which are system-wide in application, stating reasons and effect in the amount of their bi-weekly pays.

The Teacher will notify the Principal in writing as soon as possible, of the intended date for which the leave will commence and will consult with the Principal as to the appropriate return date.

Should the Teacher not take the leave due to medical reasons, the Executive Officer of Human Resources will affect a return to work upon receipt of a medical certificate indicating that the Teacher is medically fit to resume duties.

Should the Teacher require additional time off that precedes or follows their Pregnancy and/or Parental Leave due to medical reasons, it would be the Teacher's responsibility to submit medical documentation to the Board. Subject to Teachers having the required qualifications as per Article 19.01.05 to fill the vacancy, no external hiring shall take place until positions have been offered to redundant Teachers. Teachers with less than full-time assignments will be given consideration for top up prior to external hiring.

Subject to the agreement of the Joint Staffing Advisory Committee, vacant positions that arise in January for Semester 2 and during July and August for September 1 are not required to be advertised through an internal ad. During these periods, positions will be filled in the following order: Teachers with first right of refusal, redundant Teachers, Teachers with less than a full-time assignment, Occasional Teachers, external applicants.

Notwithstanding the above, the internal ads will continue as needed for any new full-time vacancies until August 15 for September staffing and until January 15 for Semester 2 staffing.

 - ii. The Heads at the various sites will all be hired with different subject- area specialties, as per Article 10.07.00.b of the Collective Agreement. Heads will provide curriculum support in their respective subject areas to teachers at their home sites and to Teachers at other sites in GAHS.
- b. In addition, school-wide responsibilities may be assigned to Heads, such as Literacy, Numeracy, Staff Development, and Community Liaison. This is not an exclusive list.

It is understood the major sites (Burlington, Oakville, Halton Hills and Milton) will have the role of Lead Teacher attached to one of the Headships assigned to the site with the following criteria:

 - i. The Lead Teacher role will be advertised as part of the headship having this responsibility, e.g. Head of Adult Education and Lead Teacher.
 - ii. The Lead Teacher is delegated responsibility for the daily operation and programs at the site in the absence of the Principal.
 - iii. Heads acting as a Lead Teacher are not to evaluate or discipline other Teachers. Lead Teachers provide input to the Principal on timetables and/or teacher assignments.
 - iv. Lead Teachers may mentor staff where there is mutual agreement.

- v. It is understood that while the Lead Teacher defined under ii) is delegated responsibility for the daily operation of the site, the Head of the Alternative program has responsibility for the school wide program that may operate at any given site including staff development, curriculum and instruction.
- vi. If the role of Lead Teacher is assigned to, or taken away from, a Headship, this will be deemed a significant change and will be covered under 10.07.03 of the collective agreement.

3. Transfers

- i. The Principal of GAHS will assign Teachers during the staffing process to assignments within GAHS to programs/sites/subjects by order of seniority and qualifications in accordance with the student demand for the subjects/programs.
- ii. All Teachers who may be asked to change program or location will be given their tentative assignments within GAHS prior to the April 1st surplus declaration date. A Teacher may choose to accept or decline the assignment.
- iii. Where a Teacher declines the assignment offered above, the Teacher will be declared surplus to GAHS in accordance with Article 19.01.08. The Teacher will have the automatic right of first refusal for other positions at the school in accordance with 19.02.05 a) and b) for which the teacher is qualified.
- iv. The Board agrees to advise new hires to GAHS in writing that the program/site needs may require them to be assigned to an alternate site/program if necessary due to changes in enrolment/program demand and the Board will also advise new members in writing on the options outlined in 3. ii,iii above
- v. Notwithstanding the above, the Board and the Union agree that staffing changes due to retirements, resignations, transfers, program changes etc, that occur subsequent to April 1st may result in changes to a Teacher's assignment to meet the needs of the students and GAHS.
- vi. Where there are program and or site placement changes and the teacher is not in agreement, the Principal will endeavour to find an alternate placement if a suitable vacancy exists in the opinion of the Principal.

4. Lunch Period

- i. The teacher's lunch period will be outlined on each site schedule.

5. Mileage

Where a Teacher may be required to teach at different sites, the teacher will be given consideration in their timetable for travel and the teacher will be eligible for mileage in accordance with the Board mileage policy. Geography will be considered in making such assignments.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to

access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.

- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the “Trust”), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) (“ITA”). School board benefit plans, herein referred to ‘benefit plans’ can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the “ELHT Requirements”). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the “Participation Date”.

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.

- 2.1.2 The appointed independent experts will:
- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and

will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.

- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school

authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.

- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:

- a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
- a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph l). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall

receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local

collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

The parties shall equally share all costs associated with the grievance mediation procedure in this article.

10.11 In the final and binding settlement of a grievance arising from a disciplinary action, an Arbitrator or Board of Arbitration may vary the disciplinary action and reinstate the teacher on such terms they think fit and which they consider to be just and equitable.

10.12 Either party may request the presence of the grievor or any other necessary witnesses at any step of this procedure.

The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- j) The teacher must provide the Board with proof that they have applied for and are in receipt of employment insurance benefits in accordance with the *Employment Insurance Act*, as amended, before SEB is payable.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) SICK LEAVE BENEFIT PLAN

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at their full FTE without absence due to illness.

- ✱ Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than their FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of their position. Where this is required, such information shall include their limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY/PSAT

- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

C12.00 OCCASIONAL TEACHERS AND PA DAYS

- a) At the request of the OSSTF/FEESO Provincial Office, and in accordance with local notification processes, OSSTF Teachers and Occasional Teachers, subject to program and operational needs shall be released for provincial collective bargaining and related meetings.
- b) Federation release days granted for the purpose of such provincial federation work will not be charged against local collective agreement federation release time.
- c) OSSTF Teachers and Occasional Teachers released for such provincial federation work shall receive salary, benefits, and all other rights and privileges under the collective agreement in accordance with local provisions.
- d) OSSTF/FEESO Provincial Office shall reimburse the Employer as per the local collective agreement.

Online learning shall have the same meaning as E-Learning.
- b) Any E-Learning credit course that is offered by a school board in the English Public System shall be delivered by a bargaining unit member in accordance with Part B collective agreement language and local staffing processes. These courses will be offered to a teacher who has expressed interest, where possible.
- c) The Joint Staffing Committee or equivalent shall receive information related to E-Learning staffing.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the

termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.

- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
- b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
- d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost,

the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.

- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses,

insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.

- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost-effective basis.

- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees’ Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- e) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]
