a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

- e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

7.03 **Grievance Procedure**

In the case of a grievance by the Bargaining Unit, the following steps shall be taken in sequence where informal attempts to resolve the matter have failed.

Step 1

If the reply of the immediate supervisor of the grievor at the Informal Stage is not acceptable to the Bargaining Unit, the Bargaining Unit shall initiate a written grievance within twenty (20) days to the Superintendent of Human Resources or designate, who shall answer the grievance in writing within ten (10) days after receipt of the grievance.

Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

- e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

5.3.1.3 The Sick Leave Credit Gratuity shall be equal to his/her salary on the Grid for one-third ($\frac{1}{3}$) of the number of days standing to his/her credit in Accumulated Sick Leave, and, in any event, not in excess of one-third ($\frac{1}{3}$) year earnings on the Grid received by him/her immediately prior to termination of the employment with the Board or \$9,000, whichever is the lesser.

5.3.1.4 This gratuity shall be calculated as follows based on a maximum accumulation of two-hundred (200) days:

where ASL = Accumulated Sick Leave Credit Days to be surrendered.

G = Sick Leave Credit Gratuity (max. \$9,000)

- $$G = \frac{N}{P} \times \frac{S}{2} \times \frac{Y}{M} \text{ which is less than or equal to } \$18,000$$
- where
 G = the amount of the gratuity
 N = the number of sick leave credit accumulated surrendered
 (maximum(200 days))
 P = 200 days
 S = the basic grid salary plus allowances at time of retirement
 Y = the number of years of service with the Board
 (maximum 15 years)
 M = the number of years of service required for maximum retirement gratuity.

Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

g) Administration

- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
- b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s most recent yearly statement for the year ending no later than August 31, 2015.
- d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
- a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
- a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.

[Central Terms Table of Contents](#), or [Local Terms Table of Contents](#)

- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

RE: Central Items That Modify Local Terms

The parties agree that the following central issues have been addressed at the central table and that the provisions shall be amended as indicated below. For further clarity, the following language must be aligned with current local provisions and practices. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. Certification Group/Category Rating Statement Provider

Where there is reference to OSSTF Certification Rating Statements, the local parties will amend that language to insert "or Qualifications Evaluation Council of Ontario (QECO)".

2. Class Size/Staff Generators and Pupil Teacher Contacts (PTC) or equivalent

- i. Where there is reference to Maximum Average Class Size or Staff Generators (excluding E-Learning credit courses), the local parties will replace the existing language with:

For the purposes of staffing in grades 9 to 12 (excluding E-Learning credit courses), the board shall allocate a minimum staffing complement to achieve a maximum average class size consistent with prevailing class size regulations or 23 in the absence of such regulations.

- ii. Where there is reference to individual class size caps/guidelines/PTC or equivalent in the local terms the class size caps/guidelines/PTC or equivalent will be amended to accommodate the increase in average class size maxima, where necessary. The local parties shall engage in a discussion of the following:

- a) Local parties may agree to amend local collective agreement class size language to accommodate the change in maximum average class size to 23:1.
- b) Discussions may only include local language pertaining to class size and PTC or equivalent.
- c) These discussions are not subject to local strike or lockout provisions and do not form part of local collective bargaining.
- d) All reasonable requests for data related to class size will be shared by both parties.
- e) There shall be no change to local Special Education class size caps identified in section 31 of Regulation 298 under the Education Act.
- f) Should the local parties be unable to reach agreement within two (2) weeks of the date of central ratification, the central default set out below will come into effect as of the 2020-2021 school year.

iii. Central Default for Class Size Caps/Guidelines/PTC or equivalent Adjustments

In the absence of an agreement under ii), existing 2014-2017 collective agreement language for all class size caps, guidelines, flex factors, and PTC or equivalent shall remain, subject to the following amendments:

- a) Further, for 10% of classes in the school board where local class size caps exist, they may be exceeded by up to 2 students.
- b) Where school boards have class size caps and PTC or equivalent any teacher who teaches classes as per a) will have their PTC or equivalent adjusted accordingly.
- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.
- d) No teacher will have more than two classes per semester or equivalent in non-semestered schools impacted by paragraph a) without mutual consent.
- e) There shall be no change to local Special Education class size caps identified in section 31 of Regulation 298 under the *Education Act*.
- f) The exceptions as per a) and c) shall be shared with the JSC or equivalent and school-based staffing committees where they exist.

Where possible, it is the school board's intention to attempt to minimize the impact of paragraph (a) above on any individual teacher's assignment.

3. E-Learning Class Size/Staff Generators/PTC or equivalent

- i. Where there is reference to Maximum Average Class Size or Staff Generators for E-Learning credit courses, the local parties will replace the existing language with:

- ii. Where there is reference to Individual Class Size caps that were applicable to E-Learning, or where there was a local practice that treated E-Learning credit courses as having class size caps, or PTC or equivalent that included E-Learning, the local parties shall replace existing language or insert language to state that no E-Learning credit course shall exceed 35 students.
- iii. In addition, where school boards have class size caps/guidelines that determine total teacher workload i.e. PTC or equivalent, the following shall apply:

Any teacher whose assignment includes E-Learning will have their PTC or equivalent adjusted to be pro-rated to that portion of the teacher's assignment that is not E-Learning.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.

The Parties agree that it is in their mutual interest to ensure that any remaining issues regarding the implementation of the Online Incident Reporting Tool described in Memorandum SB06, dated April 19, 2018 ("Memorandum SB06") are addressed at the earliest available opportunity.

To that end, by no later than September 30, 2020 each School Board and OSSTF local will meet, with the assistance of the Joint Health and Safety Committee as necessary, to review the reporting tool implemented by the School Board to ensure that it is consistent with Memorandum SB06.

If the Parties agree that the reporting tool implemented by the Board is consistent with Memorandum SB06, they will then consult regarding training for the new reporting tool in accordance with LOA #7 (Half Day of Violence Prevention Training). The Board will ensure that those who were unable to attend the Half Day of Violence Prevention Training will also have an opportunity to receive training for the new reporting tool.

Any disagreement as to whether the reporting tool implemented by the Board is consistent with Memorandum SB06, will be referred to the Central Labour Relations Committee (CLRC) by no later than October 15, 2020. If the CLRC determines that the reporting tool implemented by a School Board is not consistent with Memorandum SB06, it will advise the relevant School Board(s) of any remaining issues relating to the implementation of the reporting tool by no later than November 1, 2020. The Board will implement any necessary changes.

The data gathered by the Board through the Online Incident Reporting Tool will be provided to each local. This data will be provided in an aggregated report with due regard to student and staff privacy and any relevant legislation.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

For the purposes of staffing in grades 9 to 12 (excluding E-Learning credit courses), the board shall allocate a minimum staffing complement to achieve a maximum average class size consistent with prevailing class size regulations or 23 in the absence of such regulations.

ii) Formula:

The base number of classroom teachers shall be generated and allocated as follows:

Any errors brought to the Board within the specified timelines which are not resolved will be subject to the grievance procedure.

ARTICLE L17 - TRANSFER, SURPLUS AND REDUNDANCY

L17.01 Geographic Regions

For the purposes of Transfer, Surplus and Redundancy, the Employer shall be deemed to consist of three (3) geographic regions as follows:

1. Espanola: the former Espanola Board of Education
2. Manitoulin: the former Manitoulin Board of Education
3. Sudbury: the former Sudbury Board of Education

L17.02 Board Initiated Transfers between Geographic Regions

No teacher will be transferred by the Board from a school in one geographic region to a school in another geographic region without the teacher's written consent. Teachers who change schools through the surplus/redundancy/recall process or through the job posting process are not considered transfers for the purpose of Article L17.02.

L17.03 Definition of Redundancy

Redundant teachers shall be those in excess of the projected staffing requirements of the system for the upcoming school year. Teachers shall be declared redundant strictly in order of seniority, starting with the teacher with the least seniority in the system, but subject to the provisions of L17.05, L17.06, L17.07 and L17.08. The names, seniority and present location of such teachers shall form the initial redundancy list. The number of teachers to be declared redundant shall be determined as follows:

$$R = (PS + RL - A - GL) - PSR$$

WHERE:

R	=	number of teachers redundant to system
PS	=	Present Staff - that is, all secondary teachers presently in the employ of the Board.
RL	=	Returning from Leave - that is, teachers who are presently on leave but will be returning for the upcoming year.
A	=	Attrition - resignations or retirements.
GL	=	Going on Leave - those teachers in the employ of the Board, who are going on a leave commencing with the upcoming September.
PSR	=	Projected Staff Requirement.

The Board may increase "R" the number of teachers to be declared redundant as generated by the above formula due to the fact that some teachers who, because of seniority would be declared redundant but who will, because of their qualifications, be required to remain in order to maintain the viability of the secondary program. This will be done only with the approval of the Secondary Staffing Committee.

L17.04 Declaration of Redundancy

- a) By May 1 or the last school day preceding, the Board shall determine the number of and names of, teachers to be declared redundant. Teachers so declared shall be informed by the same date in writing. At the teacher's request the Board will provide him/her with a letter of reference outlining the fact that the possible termination of this teacher's employment is due solely to redundancy and the person's seniority. The teacher shall also be informed of the provisions of this contract which might lead to his/her re-employment. The Secondary Staffing Committee of the District 3 OSSTF will

be kept fully informed of all decisions made under the provisions of this Article. The Director or his/her designate will discuss the development of the Redundancy List and Surplus List and advise the secondary staffing committee of the initial lists and subsequent revisions to these lists.

- b) When a position of responsibility is vacated due to redundancy, such position shall be filled on a provisional basis until it is established that the redundant Program Leader will not have a position in the same school in the following school year. If the redundant Program Leader is recalled prior to the start of the school year, he/she will be reinstated to his/her original position.
- c) The redundancy line shall be posted the first working day after teachers have received notification from the board.

L17.05 Definition of Surplus

A surplus teacher shall be a teacher for whom no position will be available in his/her present school in the upcoming school year, based on the criteria outlined below:

In those schools where it is necessary, the Principal and/or Academic Superintendent will designate teachers deemed surplus.

Criteria for designation will be according to the Seniority List as defined in Article L16 (Seniority) providing the viability of the programs within the school is not jeopardized. Viability of a program means having enough teachers who meet Ministry requirements for certification and who have adequate post secondary academic qualifications, training or experience to teach the subjects required. Teachers in positions of responsibility as outlined in Article L10 (Positions of Responsibility) and/or those who will be holding such positions in the upcoming September, will not be declared surplus.

No teacher going on a full year's leave in the upcoming September shall be declared surplus to his/her school. Teachers declared surplus in the schools shall be listed, in order of seniority, showing their present location.

L17.06 Surplus to School

By May 1 or the last school day preceding, but following the declaration of initial redundancy, teachers shall be declared surplus to their school and placed on the Surplus List. The Secondary Staffing Committee will be provided with a copy of the surplus list. Those teachers declared surplus will be informed by the Principal(s) in a personal interview and given in writing:

- a) a copy of the first posting;
- b) on the request of the teacher, the reasons for the teacher being declared surplus;
- c) on the request of the teacher, an assessment of his or her work in the

school, which the teacher may use as a letter of reference in applying for another position in or out of the system;

- d) after a teacher has been declared surplus, he/she has exclusive rebound rights in accordance with Article L17.09 to any posted position in the original school for which he/she is qualified until August 31st of the year he/she was declared surplus.

L17.07 Posting of Positions

Each Friday from May 1st to May 25th, all teaching positions and positions of responsibility that become available in the schools shall be posted as they occur. Posted positions shall be available to all teachers on the seniority list not declared redundant. Teachers who are qualified according to their Certificate of Qualification, or who will become qualified by September shall be treated equally from the date of receipt of copies of registration documents and tuition fee receipts in Human Resources. A candidate who fails to qualify by September shall forfeit the position and will be declared redundant.

L17.08 Placement of Surplus Teachers

- a) On May 25th, or the Friday preceding May 25th, a meeting will be convened of the Principal(s), Administrative Staff and representative(s) of District 3 OSSTF, at which, remaining surplus teachers will, where possible, be placed.
- b) Vacancies that occur between the last posting and the May 25th meeting will be filled without postings by teachers on the Surplus List at the May 25th meeting.
- c) Positions remaining vacant at the May 25th meeting shall be examined to see whether in the opinion of the Board, a position suitable for someone on the Surplus List can be made by some internal adjustment in the school.
- d) Teachers remaining on the Surplus List will be offered the position of the least senior teacher in the system who has a timetable for the upcoming year which the teacher on the Surplus List is at least equally qualified to assume (provided the surplus teacher is more senior). Any teacher so displaced will be added to the Surplus List. The teacher may decline the position if it involves a move from one geographic region to another and will remain on the Surplus List.
- e) At the May 25th meeting, teachers remaining on the surplus list who have not been placed shall be added to the redundancy list and declared redundant. Principals will verbally advise the newly redundant teachers on the next regular school day following the meeting. The teacher will be advised in writing prior to the end of the month.

L17.09 Rebound Rights

A teacher who has rebound rights triggered either under Article L17.06 or Article L19.03 may rebound either by applying to a posting for which they are qualified or by being offered rebound to a posting for which they are qualified. A teacher with rebound rights to a position will be offered the job without an interview. Where more than one teacher with rebound rights to a school applies to a posted position for which the teacher is qualified, the most senior teacher will be offered the job without an interview.

ARTICLE L18 - RIGHT OF RECALL

L18.01 Teachers who are declared redundant to the requirements of the Board in accordance with Article L17 (Transfer, Surplus and Redundancy) shall be added to the Recall List, in order of seniority, and shall have preferential rights for regular employment for a period of three (3) years. The Recall List shall become operative on May 25.

L18.02 It shall be the responsibility of the teachers on the recall list to ensure that Human Resources has a current address and telephone number and to notify Human Resources of their availability for recall including forwarding address and phone number in case of absence from their regular residence. Failure to comply with this Article will result in the teacher's name being bypassed for recall.

L18.03 All posted positions after the May 25 meeting are open to incumbent teachers and to those on the recall list. There will be a deemed application from the senior qualified teacher on the recall list.

- L18.04 a) When positions are offered to teachers who have recall rights and are qualified for the posted positions, the offer will be made on the basis of seniority only.

L18.07 Teachers with recall rights who are hired to replace regular teachers shall be hired as an occasional teacher and their recall rights remain in effect for the original recall period of three (3) years.

L18.08 A teacher with recall rights may present a grievance at Step 2 of the Grievance Procedure, Article L20 (Grievance Procedure) if he/she believes that his/her redundancy or the Board's failure to recall or rehire him/her was in contravention of this Agreement.

Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:

- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or

profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information

that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will

be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;

- b. Fund claims stabilization or other reserves;
- c. Improve plan design;
- d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
- e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective

agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

L14.04.04 Redundancy

On April 15, the Board shall declare the number of redundant teachers, if any, and shall notify the Bargaining Unit President of this number in writing.

L14.04.05 To determine if a redundant situation exists for the following year, the Board shall determine the total teaching staff required for the following year in accordance with projected enrollments and the requirements of this Collective Agreement and relevant legislation. If this figure is less than the number presently on staff, with adjustments for those returning or leaving, then a redundant situation exists.

L14.04.06 If on April 15, there are no teachers to be declared redundant, the surplus article will apply.

L14.04.07 All teachers declared redundant shall be notified in person, at the end of the school day, by the Principal or designate and in writing by May 1, with copies of this notification provided to the Bargaining Unit President and the principal(s) involved.

L14.04.08 i) A redundant teacher may be so designated because a redundant situation exists. These redundant teachers so designated by seniority as outlined in Article 14.03, shall be placed on the Recall List.

ii) Any teacher who has been granted a leave of absence for the following year and has been declared redundant in the year immediately preceding that leave, shall have that leave granted when he/she has been recalled if the teacher still wants to take the leave.

iii) After surplus teachers are placed; redundant teachers are recalled in seniority order provided they have the qualifications required for the vacant position.

In the event that the most senior teacher on the recall list does not have the qualifications necessary to fill a staff complement vacancy, the next most senior teacher on the list with appropriate qualifications may be recalled.

Any teacher(s) passed over in this manner will be given first consideration for the next and any subsequent staff complement vacancy postings.

In the event that none of the teachers on the recall list have the qualifications necessary for the posting, the Board may advertise and hire externally.

Members on the recall list will be given first consideration for any Long Term Occasional positions, and will automatically be placed on the list for Short Term Occasional work.

To the extent that such enrollment is allowable by the plan, redundant members shall be entitled to continue to be enrolled in benefits plans in which the members were enrolled immediately prior to being declared

redundant, with the teacher paying the full cost of premiums for up to a maximum 4 years after being declared redundant.

Years of Service	Severance % of Salary
less than one year	5% of actual money earned
1	5%
2	10%
3	15%
4	20%
5	25%
6	30%
7	35%
8	40%
9 and over	45% maximum

OR

- b) To be placed on the recall list in order of seniority for a period of four (4) years without prejudice to acceptance of severance pay at a later date. When a teacher is recalled, employment shall be under the same type of contract as the one held when declared redundant and retain all rights held when declared redundant.

L14.04.12 Acceptance of the severance allowance means the Board has no further obligation to the teacher.

L14.04.13 If a teacher on the recall list has not been recalled by the end of four (4) years, then, severance allowance shall be given in accordance with the provisions of Article 14.05.05.

L14.04.14 Any teacher declared redundant and released from employment, in accordance with Article 14 shall be given a letter from the Manager of Human Resources stating the reasons for the teachers release and stating that there was no question of incompetence.

L14.04.15 No teacher from the Board's elementary panel shall be considered for a position at the secondary level until all redundant teachers at the secondary level have been placed in a position.

L14.05 Surplus Teachers

L14.05.01 For the purposes of the following article, there shall be 3 regions:

North	East	West

L14.05.02 Definition:

A surplus teacher shall mean a teacher on contract for whom no position will be available within the school in which the teacher is presently teaching.

If no teacher presently on the staff of the school (other than those already on the surplus list) is currently qualified or will be qualified by September 1st for a position that would, if not filled, entail the curtailment or elimination of a program in that school, then the teacher is not declared surplus and instead, the next teacher with the lowest seniority on the list is so declared. It is possible that more than one teacher will have to be passed over in this manner to arrive at the final surplus list for that school.

- i) Surplus teachers so designated shall be placed on the Surplus List.
- ii) On the date that the number of teachers on the Surplus List is determined, it will be the same as the number of vacancies available in the schools.

By May 15th, vacancies in schools will be open for application for 3 business days and a copy of each posting will be emailed to all secondary teachers. The position shall be awarded to teachers as follows:

- a. Round 1 - for the consideration of permanent teachers. The most senior qualified teacher who applies for the position shall be granted the position.
- b. Round 2 - for the consideration of permanent teachers and surplus teachers. The most senior qualified teacher who applies for the position shall be granted the position.
 - i. Each teacher on the Surplus List is guaranteed an interview for each position for which they apply.
 - ii. The Principal shall offer the position to one of the applicants who is suitably qualified.

L14.05.03 By May 31st, the Superintendent of Support Services shall place any unaccommodated surplus teacher in a school, using an administrative transfer if required. Teachers on the Surplus List shall be placed in the same region as indicated above, if possible. If a teacher on the Surplus List accepts an offer or is placed in a position in another Region, then Article 14.10.01 and 14.10.02 shall apply.

L14.06 If a redundant or surplus teacher accepts a position in another secondary school in the system, and if:

- i) a position becomes available in the former school before September 1 and subsequent to the transfer, then, the transferee has right of first refusal.
- ii) a position becomes available in the former school on September 1 or thereafter in the first school year following the initial transfer then the transferee has the right to request to be returned to their former school at the beginning of the semester subsequent to the date upon which the position becomes available.
- iii) another position occurs within the secondary system, then, the transferred teacher shall be able to apply for and accept another position before September 1 of the year in which the transfer occurred.

L14.07 Teacher Requested Transfers and Exchanges

L14.07.01 A mutually agreeable transfer may be arranged for any reasons or at any date acceptable to the Board and the teacher concerned, provided that the principals involved are agreeable. The Board shall facilitate this process during the month of March by providing forms for this purpose.

L14.07.02 The Board shall ask and teachers shall submit requests for year-end transfers before March 31. These transfer requests may be conditional (specifying the municipality and/or the school desired) or may be

unconditional. Conditional transfers must meet with the stipulated conditions indicated by the teacher or the transfer can be declined.

L14.07.03 The teachers shall be informed of the proposed transfer as soon as possible, and no later than May 15.

L14.07.04 Any teacher declared surplus or AFT will not be considered for a transfer or exchange until that teacher has been recalled or removed from the AFT list.

L14.08 Administrative Transfers and Voluntary Relocation

L14.08.01 Administrative transfers may be carried out at any time during the school year. If it becomes necessary to transfer a teacher, the Board will endeavor to place the transferee in a position which is mutually satisfactory to both parties. The following steps shall apply:

- a) Teachers involved in these transfers shall be informed five (5) school days in advance of the transfer.
- b) Should a vacancy occur in the school from which the teacher was transferred, the teacher may request to be returned to that school.

L14.08.02 Articles 14.10.01 and 14.10.02 shall apply to any teacher who is administratively transferred.

L14.08.03 The Board may offer to teachers a "Voluntary Relocation" to a position at another school. The Voluntary Relocation must be made by mutual consent of the teacher, the principal of the originating school, the principal of the receiving school, the Bargaining Unit and the appropriate supervisory officer(s) and may occur any time during a school year. The allowances referenced in Article 14.10 shall not apply.

L14.09 Retraining Leave

L14.09.01 The Staff Allocation Committee shall determine the suitability of retraining each unaccommodated teacher at the earliest possible date on the basis of the projected needs of the Board, the courses requested by the teacher and the availability of funding for retraining purposes.

L14.09.02 When summer courses are available to aid in the re-qualification of an unaccommodated teacher(s) for a position or a projected position, then the tuition for these courses may be paid by the Board if suitable funding is available.

L14.09.03 i) Upon recommendation of the Staff Allocation Committee an unaccommodated teacher who still remains surplus after August 31 and chooses to be placed on the recall list shall be granted retraining leave for one year without pay to re-qualify for a possible position in the District. The

tuition for the courses and any portion of the teacher's salary shall be paid by the Board if suitable funding is available.

- ii) If, during the year of retraining, a suitable teaching position with the Board becomes available, the teacher shall be allowed to assume the position subject to Article 14.05.07 (ii) and the repayment by the teacher of tuition fees paid for by the Board.

L14.09.04 A teacher who receives a retraining leave for one year will be credited with a year's experience for seniority purposes.

L14.09.05 Placement of the teacher upon return from retraining leave shall be governed by the provisions of Article 14.

L14.10 Allowances

L14.10.01 i) The teacher shall receive a mileage allowance for two years as described below:

North Bay to Mattawa - \$75/month
North Bay to Sturgeon Falls - \$50/month
North Bay to Almaguin - \$75/month
North Bay to Parry Sound - \$150/month
Almaguin to Parry Sound - \$75/month

These amounts are for either direction of travel, and a teacher traveling from A to C via B shall receive the sum of the amounts from A to B plus B to C.

If the teacher lives in the same municipality as the new school to which he/she is administratively transferred, then no allowance is paid. If a decision to relocate occurs any time during the first year, 100% of the relocation allowance as described in Article 14.10.02 shall be paid. If a decision to relocate occurs any time during the second year of teaching, 100% of the relocation allowance less any money paid for travel in the second year shall be paid. At no time shall the teacher receive less than 50% of the actual costs of relocation as eligible under Article 14.10.02 up to a maximum of \$2641.00.

- ii) The teacher shall receive the allowance only if she/he is actually "out of pocket" (i.e. when carpooling as a passenger or if the transfer results in no increase in distance traveled, the allowance will not be paid).

L14.10.02 The Board shall pay, per teacher or per family,

- i) actual moving costs to a limit of \$1,321.00

and

- ii) actual related expenses (i.e. real estate fee, legal fee, and appraisal fee related to selling a home and legal, survey,

L17.10 Retirement Gratuities

L17.10.01 General:

Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:

The gratuity will be paid March 1 for teachers who retire during or at the end of the first semester if the Board is notified of such retirement prior to May 1 of the preceding school year. Where a teacher retires during or at the end of the first semester and has not given notice prior to May 1, the retirement gratuity shall be paid by the following October 1.

The gratuity will be paid October 1 for any teacher retiring during the second semester or no later than August 31 if the Board is notified of such retirement prior to May 1.

Where a teacher retires during the second semester or no later than August 31 and has not given notice by May 1 the gratuity will be paid by September 1 of the following calendar year. A teacher may request the payment of their gratuity no later than two (2) years after their retirement date.

L17.10.02 Eligibility and Method of Calculation:

- i) To qualify for a gratuity, a teacher must have a minimum of twelve (12) years of service with the Board and be eligible for a pension and be at least fifty (50) years of age. This does not apply to teachers under the age of fifty (50) who may be eligible for a disability pension in accordance with the provisions of the [Teachers' Pension Act](#).
- ii) The number of years of service, as used in the formula below, shall be those with the Near North District School Board and its predecessor Boards. Years of service are the years of continuous service from the date of last appointment.
- iii) The number of days of accumulated sick leave, as used in the formula below, shall be restricted to those actually earned while in the employ of the Near North District School Board and its predecessor Boards since the date of last appointment. At the time of calculation of the gratuity this information will be determined from the records.
- iv) The formula to calculate the amount of the gratuity is as follows:

$$G = \frac{Y}{20} \times \frac{N}{200} \times \frac{S}{2}$$

Where:

G = value of the gratuity

Y = number of years of continuous service with this Board (maximum of 20)

N = number of days of cumulative sick leave (maximum 200)

S = annual salary

- v) Maximum gratuity shall be one-half of the annual salary rate at the time of retirement.

L17.10.03 Working Status Change and Gratuity Calculation

Teachers who change their working status from part-time to full-time, or full-time to part-time (this does not apply to teachers on a second semester leave as described in Article 18.04) or are on an unpaid leave of absence, within their last five years of employment with the Near North District School Board, shall have their gratuity prorated.

Example: A teacher working full-time in 1999-2000, 2000-2001 and 2001-2002 then assumes a two-thirds part-time teaching load in each of 2002-2003 and goes on an unpaid leave in 2003/2004. The time equivalent for this teacher is calculated as:

$$[(3 \times 1) + (1 \times 2/3) + (1 \times 0)]/5 = .734$$

The gratuity for that teacher is thus 73.4% of the gratuity determined from the formula in Article 17.10.02 (iv) of the Collective Agreement.

- OT23.03.02** Step I (i) The teacher and the Bargaining Unit representative will discuss the complaint with the appropriate Principal.
- Step I (ii) The Principal shall attempt to resolve the matter informally within 5 school days of the initial discussion. The Principal shall answer the complaint in writing.

Failure of a grievor to adhere to the time limits (as stated or extended by agreement) shall be deemed to be an abandonment of the grievance.

OT23.06 Failure of the Principal, the Supervisory Officer, or the Grievance Committee to adhere to the time limits shall be deemed to be failure of settlement, and the grievor may proceed to the next step in the grievance procedure.

OT23.07 A grievance in which the Board is the grievor may be referred directly to the Grievance Committee under Step III provided such reference is made within 20 school days of the occurrence giving rise to the complaint by the Board. - OT23.09.01** Parties have the right to be protected from repetitious grievances which concern similar matters. Such grievances may be collected and considered together as one grievance. Should mutual consent to this grouping not be forthcoming the grouping shall be the first issue submitted to arbitration.
- OT23.09.02** No action of any kind shall be taken against any person because of participation in the grievance or arbitration procedures under this Agreement. The fact that a grievance is raised by a member of the Bargaining Unit, regardless of the ultimate disposition, shall not be recorded in the teacher's file, or in any file or record utilized in the promotion process. The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.

- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.

- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

The parties agree that the following central issues have been addressed at the central table and that the provisions shall be amended as indicated below. For further clarity, the following language must be aligned with current local provisions and practices. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.
- d) No teacher will have more than two classes per semester or equivalent in non-semestered schools impacted by paragraph a) without mutual consent.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;

- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.

- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees’ Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) “Total cost” means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier’s most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.

- ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.

- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and

e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;

3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

[insert current Retirement Gratuity language from local collective agreement]

- L11:03 The Daily Occasional Teacher's remuneration shall be determined either by a half day or a full day worked. Category/Group Placement

- L11:08 Each Occasional Teachers' category/group classification on the salary grid shall be determined by the application of the current QECO Programme and/or Certification plan of OSSTF, or at the option of the Occasional Teacher, he or she may continue placement under the previous programme/plan. Should QECO or OSSTF develop a new programme/plan during the life of the collective agreement, the new programme/plan shall apply. An Occasional Teacher who has chosen per the above, to continue placement under a previous programme/plan shall have the option to either continue placement under the chosen programme/plan or to have his/her placement determined according to the new QECO programme/OSSTF Certification Plan.

Where an Occasional Teacher has decided to continue under the current programme/plan and later decides to have his/her placement re-evaluated, he/she must notify the Board when making application. Any such resulting adjustment will be made in accordance with his/her application for re-evaluation and will not be made retroactive any further than the time of his/her re-application.

- L11:09 It shall be the responsibility of the Occasional Teacher to provide the Board with a QECO Programme 5 Rating Statement and/or an OSSTF Certification Rating Statement (Current Certification Plan) and any supporting documents within ninety (90) school days of their first day worked as an Occasional Teacher for retroactive adjustment to the first day of the long term assignment.

If receipt of the QECO or OSSTF statement is delayed, as a result of circumstances beyond the Occasional Teacher's control, such retroactive adjustment will not be unreasonably withheld. It shall be the responsibility of the Occasional Teacher to provide proof of his/her timely application for the evaluation.

- L11:10 Where an Unqualified Occasional Teacher is employed in a long term assignment, under a Letter of Permission, s/he shall be compensated at the daily rate of Group 1, 0 Years of Experience on the Secondary Salary grid.

- L11:11 a) The Record of Employment (ROE) certificates for casual Occasional Teachers will be issued at the end of the school year upon request of the Occasional Teacher. - b) Upon request of daily/casual occasional teachers, Records of Employment will be issued electronically to Service Canada for the Christmas Break, March Break and/or at the end of the school year. Records of Employment are submitted after the final pay for the period is processed.

Records of Employment for those holding Long Term Occasional Positions will be issued automatically for these periods once the final pay has been processed.

- L11:12 For the purposes of employment insurance, the number of insurable hours to be reported shall be eight (8) hours per day.

- L11:13 Occasional teachers will be credited with experience in days for teaching on a permanent, probationary or long term contract, or performing duties that require a teaching certificate pro-rated for part time teaching and occasional teaching on a daily basis. All such experience shall be totalled, divided by 194 and when this reaches 0.5 of a year the teacher shall be placed on the next grid step. Such credited teaching experience will apply to grid experience when the Occasional Teacher is placed on a Long-Term Occasional teaching assignment.

It is incumbent upon all Occasional Teachers to submit documentary proof of experience to the Board. It is recognized that the primary documentary proof acceptable will be the Teacher's Pension Plan Service Record indicating the summary of experience, or written confirmation from the prior employing Board including the number of days taught, or such other documentation deemed acceptable by Human Resources.

L11:14 Related Experience

An allowance for trade or business experience will be granted to a Long Term Occasional Teacher who is teaching in the area of technological or business studies and whose basic qualifications for admission to a college or faculty of education were technological or business qualifications rather than academic qualifications.

Each year of the related experience in excess of the minimum requirements set out in the Regulations of the *Education Act* will be recognized up to the maximum number of years on the Secondary Salary grid. At the Board's discretion, additional experience for salary purposes may be recognized.

Years of related experience will be equated to qualified teaching experience on a one-to-one basis to the maximum on the Secondary Salary grid. Related experience must be certified by the previous employer(s). Other proof of related experience acceptable to the Director of Education or Designate may be used for this purpose.

The years recognized for related experience will be added to the years recognized for base experience.

The Teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the Teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The Teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.

- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.
- l) A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed ten (10) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay. The SEB plan will be implemented as follows:
 - i) The board will pay one (1) week of pay at 100%.
 - ii) The board will then pay seven (7) weeks of top-up from the member's EI rate to 100% of their regular pay.
 - iii) After the 7 weeks of top-up, the board will pay the equivalent of one (1) week of the member's EI amount split up over the following two weeks to ensure that the member does not earn over 100% of their regular pay in any given week.
 - iv) It is understood that the total amount paid by the board shall not exceed what the member would have earned at two (2) weeks of 100% pay and six (6) weeks of top-up from their EI rate to 100% of their regular pay.
 - v) The Board agrees to pay retroactively to September 1, 2019 to all TBU members affected.

Definition of Grievance

- L23:01 Any dispute involving the application, administration, interpretation or alleged violation of this collective agreement, including any question as to whether a matter is arbitrable, may be the subject of a grievance, and an effort shall be made to settle such a grievance fairly and promptly in the following manner.

It is understood that an employee has no grievance until the matter has been referred to the appropriate principal or designate and an opportunity given to adjust the complaint.

L23:02 Policy Grievance

The Union and the Board shall have the right to file a grievance based on a dispute arising out of the application, administration, interpretation or alleged violation of this collective agreement. A policy grievance shall be presented at Step 2 to the Union or the Director of Education, and shall proceed through the balance of the grievance procedure outlined herein.

L23:03 Individual Grievance

STEP 1

Grievance(s) must be submitted by the Union in writing to the appropriate Superintendent or designate within twenty (20) school days of the time the grievor became aware of the circumstances giving rise to the grievance. Within ten (10) school days of receipt of the grievance a meeting will be held with the grievor, a Union representative and the Superintendent or designate. The Superintendent or designate shall respond to the grievance in writing within ten (10) school days of the meeting.

STEP 2

- L23:04 If no settlement is reached, the Union shall file the grievance in writing to the Director of Education with ten (10) school days from the response from the Superintendent or designate. Within ten (10) school days of receipt of the grievance a meeting will be held with the Director of Education. A written response will be provided to the Union from the Director of Education within five (5) school days of the meeting.

Within ten (10) school days thereafter, the other party shall respond in writing indicating their agreement of arbitrator or suggesting another name. If the parties fail to agree upon an arbitrator, the appointment shall be made by the Minister of Labour of Ontario upon the request of either party.

Decision of the Arbitrator

L23:07 An arbitrator shall give a decision within thirty (30) calendar days after the hearing on the matters submitted to arbitration is concluded. The decision of the arbitrator shall be final and binding upon the parties and upon any employee or employees affected by it.

Board of Arbitration

L23:08 When both parties agree, a grievance may be submitted to a Board of Arbitration. Notification shall be provided in writing to the other party to the agreement indicating the name of an appointee to an Arbitration Board. The recipient of the notice shall within five (5) school days inform the other party of the name of its appointee to the Arbitration Board. The two (2) so selected shall, within five (5) school days of the appointment of the second of them, appoint a third person who shall be the chair. If the two (2) appointees fail to agree upon a chair within the fixed time limits, an appointment as arbitrator shall be made by the Minister of Labour of Ontario upon the request of either party.

If either party fails to appoint a nominee to the Arbitration Board, the other party may request the Minister of Labour of Ontario to refer the grievance to a single arbitrator.

Powers of the Board of Arbitration

L23:09 An arbitrator or an Arbitration Board, as the case may be, has the powers of an arbitrator or Arbitration Board under the Labour Relations Act and, in addition, has the power:

- a) to extend the time for the taking of any step in the grievance or arbitration procedures, including the submission to arbitration, notwithstanding the expiration of such time, where in its discretion it considers it proper to do so; and
- b) to grant such interim orders, including interim relief, as the arbitrator or Arbitration Board considers proper, including interim reinstatement.

Decision of the Board of Arbitration

L23:10 An Arbitration Board shall give a decision within sixty (60) calendar days after hearings on the matter submitted to arbitration are concluded. The decision of the Board of Arbitration shall be final and binding.

Expenses of the Arbitrator or Board of Arbitration

L23:11 Both parties agree to pay one-half (½) of the fees and expenses of the single arbitrator or the fees and expenses of the parties respective appointees and one-half (½) of the fees and expenses of the chair of the Arbitration Board.

Grievance Mediation

L23:12 Nothing in this Article precludes the parties from mutually agreeing to grievance mediation during any stage of the grievance procedure. The agreement shall be made in writing and stipulate the name of the person and the time line for grievance mediation to occur.

L23:13 An Occasional Teacher's attendance at a meeting at any stage of the grievance procedure shall be without loss of pay or any other entitlement. As far as practical, such meetings shall be held during the school day.

L28:00 REPRESENTATION

L28:01 The Board agrees that it will deal solely with the duly authorized agents of the Bargaining Unit in all matters pertaining to the administration and interpretation of this agreement. In order that this may be carried out, the Bargaining Unit will supply the Board with the names of its officials and committee members. Similarly, the Board, if requested, will supply the Bargaining Unit with a list of its supervisory personnel.

L29:03 The Board shall not release any information about an Occasional Teacher obtained pursuant to Regulation 521/01, or any subsequent regulation or law dealing with the same subject matter, except for the purpose of exercising its legal rights or obligations.

L29:04 The Board shall consult with the Bargaining Unit regarding any changes to the Board's policy or operating procedures with respect to criminal record checks and any changes the Board makes to the offence declaration form.

During this period, it is important for both the occasional Teacher and the principals/administration to evaluate the occasional Teachers' success in the position and determine the individual's suitability for permanent employment.

The Appraisal forms may also be utilized at the initiation of either the Principal/Vice Principal or the occasional Teacher to evaluate the occasional Teacher's performance either while in a Long Term Assignment or while doing daily work beyond the probationary period. (see below)

FORM A PROBATIONARY OCCASIONAL TEACHER APPRAISAL REPORT

This form is to be utilized for newly appointed occasional Teachers working in daily and/or Long Term Occasional assignments.

FORM B LONG TERM OCCASIONAL TEACHER APPRAISAL REPORT

This form is to be utilized for occasional Teachers working in Long Term Occasional assignments (including Probationary Long Term Occasional Teachers – see #3.b) below)

FORM C DAILY OCCASIONAL TEACHER APPRAISAL REPORT

PROCEDURES

- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

- J) The teacher must provide the Board with proof that he/she has applied for and is in receipt of employment insurance benefits in accordance with the *Employment Insurance Act*, as amended, before SEB is payable.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.

- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY/PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

- a) OSSTF/FEESO will be an active participant in the consultation process at the Ministry Initiatives Committee. Ministry Initiatives Committee shall meet at least quarterly each year to discuss new initiatives, including implications for training, resources.
- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

C12.00 OCCASIONAL TEACHERS AND PA DAYS

C13.00 PROVINCIAL FEDERATION RELEASE DAYS

- a) At the request of the OSSTF/FEESO Provincial Office, and in accordance with local notification processes, OSSTF Teachers and Occasional Teachers, subject to program and operational needs shall be released for provincial collective bargaining and related meetings.
- b) Federation release days granted for the purpose of such provincial federation work will not be charged against local collective agreement federation release time.
- c) OSSTF Teachers and Occasional Teachers released for such provincial federation work shall receive salary, benefits, and all other rights and privileges under the collective agreement in accordance with local provisions.
- d) OSSTF/FEESO Provincial Office shall reimburse the Employer as per the local collective agreement.

Online learning shall have the same meaning as E-Learning.
- b) Any E-Learning credit course that is offered by a school board in the English Public System shall be delivered by a bargaining unit member in accordance with Part B collective agreement language and local staffing processes. These courses will be offered to a teacher who has expressed interest, where possible.
- c) The Joint Staffing Committee or equivalent shall receive information related to E-Learning staffing.
- d) School Boards shall make available to any teachers delivering E-Learning credit courses the required secure hardware and software, and the appropriate training, within the workday, on the delivery of E-Learning credit courses.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
 - d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
 - e. An amount of \$300 per FTE, in addition to (d) will be provided.

- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees’ Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and

- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph l). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus

meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement

Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

- e) The time limits specified in the grievance procedure may be extended by mutual agreement, in writing, between the parties following the initiation of the grievance. One or more steps in the grievance procedure may be omitted for a particular grievance with the written consent of the parties.
- f) Receipt of notification shall be deemed to be the date of personal delivery (including e-mail with “read receipt”) to the party concerned.
- g) An arbitrator or arbitration board may extend the time for the taking of any step in the grievance procedure under a collective agreement, despite the expiration of the item, where the arbitrator or arbitration board is satisfied that there are reasonable grounds for the extension and that the opposite party will not be substantially prejudiced by the extension.
- h) Both parties agree to respect the timelines outlined herein.
- i) A grievance may be launched by either party beginning at arbitration if the dispute is not resolved by informal discussion between the parties.
- j) The grievance may be withdrawn at any time by the party submitting the grievance by providing written notification to the other party.

L7:05 Should the investigation or processing of a grievance require that an involved member and/or Bargaining Unit representative be released from regular duties at the request of the Board, the member and/or representative shall be released without loss of salary, benefits, seniority or Federation release time, which would have been accrued by the member had such release not been required.

The plan is self-financing between the Board and the teacher since the teacher takes the leave in the last year only of the plan. The plan is to run over X + 1 years.

The Teacher is expected to return to regular employment with the Board for a period at least as long as the leave.

The Board will make every reasonable effort to accommodate applications for Deferred Salary Leave. The Board reserves the right to approve or not approve participation.

L22:00 MAXIMUM CLASS SIZE

L22:01 In order to maximize student success, the following shall be the class size maxima and shall not be exceeded:

<u>Course/Class Type</u>	<u>Class Size Maxima</u>
University (U).....	29
College (C).....	26
Open(O)	26
University/College (M)	27
Essential/Locally Developed (E, K, L).....	16
Workplace (E)	17
Family Studies Lab	23
Tech (except Gr.9) (T).....	21
Grade 9 Tech (T)	23
Grade 12 Literacy (O)	22
Credit Recovery/At Risk.....	15
At Risk Co-op Ed	15
Co-op (O)	20
Grade 9/10	
Academic (D).....	28
Applied (P).....	24
Essential (E).....	16
Open (O).....	22
Connections (represents # of registrants)*.....	25
PASS.....	25
UAP	25

Section 2X:00 as negotiated in third party agreements.

Notwithstanding the above, class size limits can be exceeded by a flex factor of one student provided that no more than 25% of classes in the school in each semester exceed the maximum (referred to as flex factor).

The term ‘registrant’ refers to any student that is on the Connections class list for any section. The class cap in the Connections class shall be reduced by one for every credit earned during the semester for any period.

A student that is working on or completes one course, and registers for a second course during the same section shall be recognized as a new 'registrant' for the second course. This shall be recognized in the cumulative total of 25 registrants in that section. For clarity, even though it will be the same student, every course that they register for shall be counted toward the cumulative 25 registrant cap for that section. If a student is eligible to complete a second credit in the same section of Connections, they will be considered to be a new registrant, reducing the class cap as identified above.

The 'flex factor' as outlined above will apply to accommodate one exception per section of Connections if approved by the Superintendent, provided it does not result in more than 25% of classes in the school in each semester exceeding the maximum.

Connections classroom sections are not recognized as being a split or combined class, given the range of ILC course being undertaken at any given time. For clarity in Article L22:03, the Connections Maximum Class Size is 25 registrants, and will not be reduced to the lowest maximum of the courses as listed in the chart in Article L22:01, as suggested in L22:03 for regular classrooms.

- L22:04** Class sizes not specified here or classes that can be classified in more than one category will be forwarded to the Joint Relations Committee for a determination.

Between
The Keewatin-Patricia District School Board (KPDSB)
And
The Teachers Bargaining Unit (TBU) of OSSTF District 5A

This Letter of Agreement reflects the common understanding between the KPDSB and the TBU on how Alternative Professional Assignments (APAs) are to be credited toward the cumulative contractual commitment. In addition, it identifies the agreed upon accommodations for the interim resolution for the implementation of Article L24:04, L24:05, L24:06 and L24:08 which will permit the assigning of Supervision APAs during the lunch break within the current bell structure, through the voluntary participation of members to commit to allow a portion of their preparation period/lunch hour to overlap.

1. This letter shall form an integral part of the Collective Agreement in place between the KPDSB and the TBU. Should any questions arise between the language in the body of the Collective Agreement, and the sections specific to this Letter of Agreement, the latter shall supersede the original language.
2. The purpose of this Letter of Agreement is twofold. It is to clarify Article L24:03, on what qualifies for Alternative Professional Assignment (APA) credit for Teacher Mentoring APAs, Student Mentoring APAs, Supervision APAs, and On-Call APAs. In addition, it will set out the guidelines that will permit lunch break Supervision APAs to be scheduled by overlapping a teacher's unassigned time, or preparation period, to accommodate supervision during the lunch hour break to a maximum of ten minutes of their unassigned time.
3. An Alternative Professional Assignment (APA) shall be generated and credited for any assigned duty beyond the duties listed in Articles L24:01; L24:02; L24:04; L24:05 and those listed below. Disagreements not resolved at the local level shall be addressed through the Joint Relations Committee (JRC) or a JRC subcommittee as soon as practical.
4. A teacher shall be credited an On-Call APA whenever:

 - A. are assigned supervision on the regular supervision schedule;
 - B. are assigned supervision during their preparation period or unassigned time to assist with non-regular supervision in the school (i.e. assemblies, etcetera) [a teacher will not be credited with a Supervision APA if they voluntarily choose to participate with a school assembly during their preparation period or unassigned time];
 - C. receive prior approval of school administration, a teacher shall be credited with a supervision APA when they organize and participate with a subject or curricular field trip that results in the loss of their preparation period or unassigned time, on the day of the field trip.

6. A teacher shall be credited a Teacher Mentoring APA to an annual maximum of five (5) when they:
 - A. are assigned by administration in writing to assist another teacher during their unassigned time or preparation period with classroom activities or other school activities during the school year, including school start up/registration procedures; activities related with school and Board improvement plans; and with colleagues new to the profession or new to a department, subject or course;
 - B. have school administration approval for a plan provided by the teacher, on the attached agreed to Mentoring APA form, that aligns with Board and School Improvement Planning Activities. Examples may include but are not limited to team teaching, curriculum program development, classroom management, new teacher mentoring, delivery of school/Board/Ministry initiative professional development/activities, and others as listed on the form;
 - C. are assigned by school administration to complete training at the request of the Board or Ministry that infringes upon their unassigned or preparation time (i.e. self guided modules [examples not limited to AODA modules/WHMIS etcetera], surveys, questionnaires, training videos etcetera).
7. Notwithstanding Article L24:09, teachers who voluntarily agree to use a portions of their scheduled preparation time or unassigned time to allow for school lunch hour supervision will be credited with pro-rated student mentoring APAs at the end of each semester (maximum of 2 APAs per semester).
8. Notwithstanding Article L24:06 *"Each teacher shall have a lunch break of a minimum of forty (40) consecutive minutes between classes, free from assigned duties."* As well as Article L24:09 specifically *"Teachers shall not be requested or scheduled to use their preparation period to include a portion of their 40 minute uninterrupted lunch period due to an APA assignment."* and Article L24:05 *"No teacher shall be assigned other duties during the school day in addition to those specified in Articles L24:01 and L24:03."* teachers that volunteer at the beginning of the school year or the beginning of the second semester to be assigned up to ten minutes of their unassigned time to accommodate assigned lunch hour supervision for the year, shall be compensated with two (2) student mentoring APAs per semester.

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at their full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than their FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of their position. Where this is required, such information shall include their limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The parties agree that the following central issues have been addressed at the central table and that the provisions shall be amended as indicated below. For further clarity, the following language must be aligned with current local provisions and practices. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.
- d) No teacher will have more than two classes per semester or equivalent in non-semestered schools impacted by paragraph a) without mutual consent.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s

most recent yearly statement for the year ending no later than August 31, 2015.

d. The Trust shall retain rights to the data and the copy of the software systems.

4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for

any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,

- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the

difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

- d) If the Principal, the OSSTF District President and the Head of the Organizational Unit conclude that changes may have to be made, all Teachers who may be affected and other individuals who may be able to provide information or advice will meet to examine the data, the possible reasons for the drop in enrolment, the changes which could be made, and the results of these changes.
- e) It is hoped that a consensus will be reached at step #4. If by consensus it is decided, or in the absence of a consensus the Principal has decided that a change must be made in one or more Teachers' timetables, the Teacher(s) shall be notified by the Principal before the Christmas Holidays. In extreme cases where a decision cannot be made at this time, the Teacher will be notified by the end of the first week of classes.

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDLP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDLP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDLP.
- v. When Teachers use any part of an STLDLP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDLP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDLP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDLP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDLP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDLP.

- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.

- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.
- d) No teacher will have more than two classes per semester or equivalent in non-semestered schools impacted by paragraph a) without mutual consent.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:

- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
- 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
- 3.1.4 No individuals who retire after the Board participation date are eligible.
- 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
- 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
- b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.)

as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.

d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;

3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”
[insert current Retirement Gratuity language from local collective agreement]

L15.01 A Short Term Occasional Teacher shall be assigned a timetable equivalent to what they are being paid for in L15.03 and L15.04. Nothing in this Article shall prevent the Principal from reorganizing the teaching assignments of a school.

L15.02 The Board recognizes the unique role of the Secondary Occasional Teachers and the variety of assignments given. The Board expects that each school administration will provide basic school related information to assist the Occasional Teacher at the beginning of the assignment.

L15.02.1 Prior to beginning an assignment, Occasional Teachers shall be provided with relevant operational information, including, but not limited to:

- a) a map of the school
- b) a fire safety plan
- c) school crisis response plan
- d) other relevant information that supports the Occasional Teacher in having a successful assignment.

- L15.09 When an Occasional Teacher is given a teaching assignment which involves a program that is potentially hazardous to students and for which the teacher is not qualified, the Principal shall modify the program.
- L15.10 For the purpose of Employment Insurance, the number of insurable hours to be reported shall be eight (8) hours per full day worked or prorated based on an eight-hour day according to portion of day worked.

ARTICLE L16 - POSTING

A copy of such posting shall be given to the President of the Teachers' Bargaining Unit. Only occasional teachers on the Board's Secondary Occasional Teachers' List shall be eligible to apply for these postings. Provided at least three (3) applications are received from qualified candidates, there will be a minimum of three (3) internal applicants interviewed. It is understood that if no internal applications are received, the Board shall fill the position as follows:
- a) with a certified occasional teacher from the List who is suitable for the position in the opinion of the principal;
 - b) if there are no available candidates as in (a) above, the Board reserves the right to hire a non- List applicant.

The Board shall notify the Teachers' Bargaining Unit President, in writing, of candidates selected to fill Long Term Occasional positions.

- L16.01.1 The Board is required to post the initial Long Term Occasional vacancy only but not any subsequent vacancy resulting therefrom. Any candidate recommended for the initial position will be considered for the subsequent LTO.
- L16.02 A Secondary Teacher declared surplus and who has recall rights under the Statutory Agreement, shall be placed on the Redundant Teachers List, if the Secondary Teacher so desires. Although these Teachers shall be subject to the same calling procedures for short term assignments as all Teachers, the Board shall first fill long term occasional teaching assignments with these surplus Statutory members who have recall rights.
- L16.02.1 When a permanent teaching vacancy becomes available, the Board shall offer the position to the most senior qualified teacher on the Redundant Teachers List.
- L16.03 The Board agrees to regularly update the Occasional Teachers' email group.

Pregnancy Leave shall be provided in accordance with the provisions of the Employment Standards Act.

The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of their child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The Teacher must provide the Board with proof that they have applied for and are in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.

- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top- up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If a teacher begins pregnancy leave while on an approved leave from the Board, the above pregnancy benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.
- l) A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of their child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- m) The Board will provide a weekly benefit for the one-week Employment Insurance waiting period at a weekly rate equal to 100% of the teacher's normal weekly earnings.
- n) The Board will then pay seven (7) weeks of top-up from the teacher's EI rate to 100% of the teacher's normal weekly earnings.
- o) After the seven (7) weeks of top-up, the Board will pay the equivalent of one (1) week of the teacher's EI amount split up over the following two weeks to ensure that the teacher does not earn over 100% of their normal weekly earnings in any given week.
- p) It is understood that the total amount paid by the Board shall not exceed what the teacher would have earned at two (2) weeks of 100% pay and six (6) weeks of top-up from their EI rate to 100% of their regular pay.
- q) Should there be further changes to the EI waiting period, the Board and the Federation agree to meet to discuss changes that will result in a cost neutral approach to administering the SEBs where the Board pay out and the amount the teacher receives for the SEB would be the same as they would have paid out or received prior to the EI changes.

L17.01.1 Leave of Absence for the purpose of standard Parental/ extended Parental/Adoption leave shall be in accordance with the Employment Standards Act and the Employment Insurance Act.

RE: E-Learning

Graduation requirement:

The Parties acknowledge the Ministry of Education's intention and authority to establish a new graduation requirement for the cohort of students entering grade 9 in 2020-21, which would require high school students to complete two (2) mandatory E-Learning credit courses in order to graduate.

Overview:

Representatives of the Crown shall recommend to the Lieutenant Governor in Council that a regulation be made setting out a maximum average class size of 30:1 for E-Learning credit courses in the 2020-21 and 2021-22 school years. The Ministry of Education may recommend other regulations or requirements for E-Learning credit courses, and/or develop policies, protocols and procedures pertaining to E-Learning credit courses.

A regulation and/or Policy Program Memorandum (PPM) shall recognize parents'/guardians' right to exempt their child(ren) from the mandatory E-Learning program, and the right of students who have reached the age of 18 to exempt themselves. Exemptions to this requirement are intended to accommodate individual student learning needs, including students with special education needs and/or low credit accumulation, students who have issues with access to technology and reliable broadband connectivity, and newcomers to Ontario who enter secondary school after grade 9. Whether a student is exempted from one or both of the mandatory E-Learning credit courses shall ultimately be the decision of the parents/guardians or the student who has reached the age of 18, as applicable.

Implementation:

The process for determining whether a student is exempted will be guided by the following key parameters:

- i. Regulation and/or PPM to include a process for parental opt-out.
- ii. In the best interest of students who are entering grade 11 and/or 12, a meeting to discuss exemptions from the mandatory two (2) credit requirement can be initiated by:
 - a) a parent/guardian; or
 - b) the student who has reached the age of 18 or has withdrawn from parental control; or
 - c) school staff.
- iii. Accommodation arrangements should be provided to any parent/guardian who is not able to attend an in-person meeting at the school.
- iv. The final decision regarding whether the student will be exempted from one or both of the mandatory E-Learning credit courses will rest with the parent/guardian or the student who has reached the age of 18 or has withdrawn from parental control.
- v. Additional exemptions may be defined in the regulation or PPM. Nothing in this Memorandum of Understanding is intended to limit students' opportunity to choose other available E-Learning credit courses.

RE: Hiring Practices

The Parties and the Crown have discussed the issue of hiring practices at the bargaining table. As the Parties were unable to reach a joint position and recommendation to the Crown with respect to potential amendments to O.Reg. 274/12 (Hiring Practices), OPSBA and OSSTF agree to withdraw their respective proposals. The Parties acknowledge that the withdrawal of their respective proposals does not commit the Crown to maintaining the status-quo. The Parties understand that the Minister has authority to make regulations governing hiring practices for teachers under the *Education Act*, R.S.O. 1990, c. E.2, subject to the approval of the Lieutenant Governor in Council, and therefore O.Reg. 274/12 has not been listed among the status quo items in the Memorandum of Understanding.

RE: OSSTF Employee Life and Health Trust (ELHT) Matters

1. Retirees

The Parties agree to meet and amend the OSSTF ELHT Agreement and Declaration of Trust (OSSTF ELHT Agreement) for the purpose of transitioning retirees currently in board-run benefits plans into a segregated plan administered by the OSSTF ELHT. The amendment to the OSSTF ELHT Agreement:

- i. Retiree Benefit Plan: The OSSTF ELHT shall deliver the active member plan design to eligible retired OSSTF represented employees (plus any supplemental benefits selected by the school board, as per paragraph ii).
- ii. Supplemental Benefits: School boards can request alterations to the plan design to meet their specific needs (limited to survivor coverage for health and dental benefits, out of country coverage, hearing aids, physiotherapy, and private duty

nursing) which exceed the OSSTF ELHT's benefits plan, subject to the coverage being available by the carrier. It is not the intent of the Parties to enhance the benefits coverage of the retirees. For example, life insurance is not to exceed the existing level of coverage. The school board shall be responsible for the costs of any such supplemental benefits, and for any reasonable administrative or other costs incurred by the Trustees to provide these supplemental benefits, less applicable retired employee premium shares.

- iii. Participation in the Retiree Plan: Boards can opt out of the OSSTF ELHT plan for retirees. It is understood that such opt out is irrevocable. Any school board wanting to move its retirees into a plan administered by the OSSTF ELHT shall sign a standard form participation agreement that is included in the amendment to the OSSTF ELHT Agreement.
- iv. Premiums: The plan administrator shall advise each school board of the per retiree premium cost on an annual basis. The plan administrator shall set an annual premium rate, based on an actuarial valuation. The OSSTF ELHT shall take reasonable steps to set premium rates that minimize the likelihood of an annual or a terminal deficit.
- v. Deficits: Any annual plan deficit shall be captured in the premiums charged to school boards and retirees in the subsequent benefit year. Any terminal deficit is the responsibility of all school boards that had retirees in the plan, based on a formula that includes the school board's time in the plan and retiree enrolment. Each school board shall be required to address the terminal deficit within 120 days following the date they are informed of their terminal deficit. This shall be calculated once the final retiree leaves the plan allowing for the claims run off period.
- vi. School Board Liability: School boards maintain any liability resulting from any issues arising as a result of retirees being transferred to the OSSTF ELHT benefits plan for retirees. For clarity, once all relevant information (as defined in Schedule A) has been provided to the ELHT and the transition is completed, the school board is not liable for any subsequent decisions by the ELHT.

The Parties shall meet within thirty (30) days of ratification of central terms to discuss the amendment to the OSSTF ELHT Agreement as described above and timelines for the transition.

If by June 30, 2020 the Parties are unable to resolve all disputes concerning the amendment to the OSSTF ELHT Agreement and the standard form participation agreement, the Parties agree to refer the matter to arbitration with a mutually agreed upon arbitrator. The arbitrator shall determine any outstanding disputes based on the terms of this Memorandum of Understanding. The Parties agree that any arbitration on outstanding disputes shall be scheduled expeditiously.

Schedule A – Retiree Data

2. Structural Review

The Parties also agree to amend the OSSTF ELHT Agreement as follows:

- A new requirement for the OSSTF ELHT to complete a structural review of the ELHT plan administrator by June 30, 2021 and shall provide a report of the review to the Parties.

The details on the process of the review and the content of the report shall be discussed between OSSTF, OPSBA and the Crown.

3. Surplus/Reserves

All surpluses and reserves remaining in board-owned defined benefit and board-owned defined contribution plans as a result of the transfer of benefit plans to the OSSTF ELHT shall be allocated between the school board and the employees. The employees' share is to be transferred to the applicable ELHT 90 days after all Teachers' Federations, Central Employee Workers' unions or council of unions, and other employee groups have signed their respective Agreement on Central Terms or other agreements with this process.

- A. For policies where employee groups were tracked separately:
 - i. The share of the total surpluses and reserves to be transferred to the OSSTF ELHT teachers' separate account is the total OSSTF Teachers' surpluses and reserves multiplied by an amount equal to OSSTF represented teachers' employees' pro rata share of employee premiums based on the employees' co-share payment (including chargebacks for employee premiums) of benefits as reported by school boards to the ministry for the 2014-15 school year.
- B. For policies where multiple employee groups were pooled together:
 - i. The total surpluses and reserves shall be allocated to each employee group based on the total paid premiums or claims costs of each group based on information provided to the ministry for the 2014-15 school year.
 - ii. The share of the total surpluses and reserves to be transferred to the OSSTF ELHT Teachers' separate account is the total OSSTF teachers' surpluses and reserves (calculated in B.i) above) multiplied by an amount equal to OSSTF represented teachers' pro rata share of employee premiums based on the employees' co-share payment (including chargebacks for employee premiums) of benefits as reported by school boards to the ministry for the 2014-15 school year.

- C. For policies where employee groups were tracked separately and pooled together:
- i. Separately tracked surpluses and reserves are to be subtracted from the total surpluses and reserves. The share of the separately tracked surpluses and reserves is to be transferred to the OSSTF ELHT Teachers' separate account as per the process described in section A above.
 - ii. The remaining surpluses and reserves are then distributed based on the process described in section B above.

The total surpluses and reserves amount to be allocated in sections A, B and C, shall be based on the school board's final surplus balance as reported by the boards' insurance carriers or, in the case of board-owned defined contribution plans, the boards' financial systems.

All school board reserves for Incurred But Not Reported ("IBNR") claims and claims fluctuation reserve (CFR) shall remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts. Once released, those reserves shall form part of the surplus available for distribution.

School boards with deficits shall recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR shall be the responsibility of the school board.

The school boards shall not make any withdrawal, of any monies, from any health care benefit plan reserve, surplus and/or deposit until direction by the ministry on the distribution of surpluses/reserves to the OSSTF ELHT is provided to school boards.

Upon receipt by the OSSTF ELHT of all surplus amounts indicated in A, B, and C of this Memorandum of Understanding, OSSTF agrees to withdraw all central and local grievances related to eligible and available surpluses remaining in board-owned defined benefit and board-owned defined contribution plans.

In the case of a dispute regarding surplus amounts, such dispute shall be forwarded to the Central Dispute Resolution committee.

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.

- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDL will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. The ability to choose the appropriate assessment tool(s), as well

as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

- i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so

that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:

- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
- 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
- 3.1.4 No individuals who retire after the Board participation date are eligible.
- 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
- 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
- b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.

- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.)

as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this

provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.

- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;

- c. Improve plan design;
- d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
- e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;

3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

L8.10 Accommodation and Modified Work Plans

The Board and the Federation recognize the benefit of enabling a disabled teacher to return to suitable work as early as the teacher is willing and able.

For the purposes of this Article, "disabled teacher" is defined as a teacher who is unable to perform the full work requirements of the regular position.

Accordingly, the Board and Federation have developed this "Modified Work Plan" protocol to facilitate the return to work of the teacher by making reasonable accommodations that fairly balance the needs and the requirements of the disabled teacher, the Federation members and the Board.

For each disabled teacher who is able to perform work, the Board in consultation with the Federation and the teacher shall cooperatively develop a "Modified Work Plan". The Plan will consider the employment needs and abilities of the disabled teacher, the workplace needs of the system and the interests of the Federation. A Work Plan shall establish an implementation date and a termination date.

The underlying principle behind each Modified Work Plan is to create a suitable position by modifying the teacher's regular position through the smallest possible changes to both the teacher's position and/or to other positions. With due regard to seniority, a reserved vacancy may also be considered to facilitate the teacher's return to full teaching status.

Any position modified, reserved and/or created under this provision shall be treated as non-permanent and no teacher shall have the rate of pay reduced or the fundamental quality of the normal position permanently eroded. For the purpose of administering other provisions of the collective agreement, any position that is modified under this provision shall be treated in the same manner as if it were a regular position.

The teacher has the right to Federation representation at all formal meetings where a return to work/accommodation program is being discussed. The Board shall notify the teacher of this right.

It is understood that the Federation reserves its right of access to the grievance procedure up to and including arbitration should the Federation disagree with Board's application of these Modified Work Plan provisions.
