C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

3. Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

4. Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

5. Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.

- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

6. Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

7. Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.

- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- a) Further, for 10% of classes in the school board where local class size caps exist, they may be exceeded by up to 2 students.
- b) Where school boards have class size caps and PTC or equivalent any teacher who teaches classes as per a) will have their PTC or equivalent adjusted accordingly.
- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and

- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee

groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.

- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees’ Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.

- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph l). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

 - (ii) the Board.
- (c) "Days" shall mean regular work days unless otherwise indicated.

L15.02 An Occasional Teacher shall have the right to have present a representative from OSSTF to assist the Occasional Teacher at any stage of this grievance and arbitration procedure.

L15.03 Complaint Stage

Any dispute to be recognized as a grievance must first be discussed by the Occasional Teacher with the Principal, or immediate supervisor, within twenty (20) days of the time when the grievor should reasonably be expected to be aware of the relevant facts. If the grievor is unable to resolve the dispute, the Bargaining Unit may file a formal grievance at Step One, within ten (10) days of the discussion with the Principal or Supervisor.

L15.04 Step One

The Bargaining Unit may initiate a written grievance with the Superintendent responsible for Human Resources, or designate, who shall answer the grievance in writing within ten (10) days after receipt of the grievance.

The written grievance shall contain:

- (i) a description of how the alleged dispute is in violation of the Agreement; and
- (ii) the clause(s) in the Collective Agreement alleged to be violated; and
- (iii) the relief sought; and
- (iv) the signature of the duly authorized official of the Bargaining Unit.

Step Two

If no settlement is reached at Step One, the Bargaining Unit may, within ten (10) days of receipt of the written reply of the Superintendent responsible for Human Resources, or designate, refer the matter to the Director of Education, or designate. The Bargaining Unit shall present the grievance to the Director of Education, or designate, within fifteen (15) days. The Director of Education, or designate, shall answer the grievance in writing within five (5) days of the meeting.

Step Three

If the reply of the Director of Education, or designate, is unacceptable to the Bargaining Unit it may, within ten (10) days of receiving the written reply of the Director of Education, or designate, apply for arbitration. Failure to proceed with notice for arbitration within the ten (10) days will result in forfeiture of rights to the arbitration procedure.

For the purposes of clarity, the designate referred to above shall be a Superintendent.

L15.05 Policy and Group Grievance

The Bargaining Unit has the right to file a policy grievance or group grievance on behalf of two or more Occasional Teachers who are similarly affected as a result of an alleged violation of the Agreement. The Board has the right to file a policy grievance. Any policy or group grievance must be filed within twenty (20) days of the event which gave rise to the grievance or within twenty (20) days of the time when the party should reasonably be expected to be aware of the relevant facts. Such grievance shall be filed at Step One except that a Board grievance shall be filed with the President of the Bargaining Unit and at Step Two, a Board representative shall present its grievance to the Bargaining Unit's Grievance Committee.

L15.06 Grievance Mediation

At any stage in the grievance procedure, the parties, by mutual consent in writing, may elect to resolve the grievance using grievance mediation. The parties shall agree on the individual to be the mediator and the time frame in which a resolution is to be reached. The timelines outlined in the grievance procedure shall be frozen at the time the parties mutually agreed in writing to use the grievance mediation procedure. Upon written notification of either party to the other party indicating that the grievance mediation is terminated, the timelines in the grievance procedure shall continue from the point at which they were frozen.

L15.07 Arbitration

The party desiring arbitration shall notify the other party in writing of its desire to submit the difference or allegation to arbitration. The notice shall contain the name of the first party's appointee to an Arbitration Board. The recipient of the notice shall, within ten (10) days, inform the other party either that it accepts the other party's appointee as a single Arbitrator or inform the other party of the name of its appointee to the Arbitration Board. Where two (2) appointees are so selected, they shall; within five (5) days of the appointment of the second of them, appoint a third person who shall be the Chair. If the recipient of the notice fails to appoint an Arbitrator or, if the two appointees fail to agree upon a Chair within five (5) days, the appointment shall be made by the Minister of Labour upon the request of either party.

The single Arbitrator or Board of Arbitration shall hear the pertinent representation by the parties and/or representatives and determine the difference or allegation and shall issue a decision. The decision shall be final and binding upon the parties and upon any Occasional Teacher affected by it. The decision of a majority is the decision of the Arbitration Board, but, if there is not a majority, the decision of the Chair governs.

The single Arbitrator or Board of Arbitration shall not, by its decision, add to, delete from, modify, or otherwise amend the provisions of the Agreement.

The single Arbitrator or Board of Arbitration shall have the power to relieve against timelines, modify penalties, including discharge and disciplinary penalties, and make whatever decision it considers just and equitable in the circumstances.

The Bargaining Unit agrees to reimburse the Board for the cost of the Occasional Teacher at the Occasional Teachers' rate provided an Occasional Teacher is hired.

L16.00 MEDICAL/PHYSICAL PROCEDURES

The Board will remit premiums collected to the carrier on behalf of the Teachers.

C8.00 STATUTORY LEAVES OF ABSENCE/SEB

C8.1 Family Medical Leave or Critical Illness Leave

- a) Family Medical Leave or Critical Illness leaves granted to a permanent teacher, long-term occasional teacher or teacher hired into a term position under this Article shall be in accordance with the provisions of the *Employment Standards Act*, as amended.
- b) The teacher will provide to the employer such evidence as necessary to prove entitlement under the *Employment Standards Act*.
- c) A teacher contemplating taking such leave(s) shall notify the employer of the intended date the leave is to begin and the anticipated date of return to active employment.
- d) Seniority and experience continue to accrue during such leave(s).
- e) Where a teacher is on such leave(s), the Employer shall continue to pay its share of the benefit premiums, where applicable. To maintain participation and coverage under the Collective

Agreement, the teacher must agree to provide for payment for the teacher's share of the benefit premiums, where applicable.

- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- j) The teacher must provide the Board with proof that he/she has applied for and is in receipt of employment insurance benefits in accordance with the *Employment Insurance Act*, as amended, before SEB is payable.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

3. Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

4. Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

5. Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.

- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

6. Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

7. Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.

- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY/PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

C11.00 MINISTRY/SCHOOL BOARD INITIATIVES

- a) OSSTF/FEESO will be an active participant in the consultation process at the Ministry Initiatives Committee. Ministry Initiatives Committee shall meet at least quarterly each year to discuss new initiatives, including implications for training, resources.
- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

C12.00 OCCASIONAL TEACHERS AND PA DAYS

C13.00 PROVINCIAL FEDERATION RELEASE DAYS

- a) At the request of the OSSTF/FEESO Provincial Office, and in accordance with local notification processes, OSSTF Teachers and Occasional Teachers, subject to program and operational needs shall be released for provincial collective bargaining and related meetings.

- b) Federation release days granted for the purpose of such provincial federation work will not be charged against local collective agreement federation release time.
- c) OSSTF Teachers and Occasional Teachers released for such provincial federation work shall receive salary, benefits, and all other rights and privileges under the collective agreement in accordance with local provisions.
- d) OSSTF/FEESO Provincial Office shall reimburse the Employer as per the local collective agreement.
- e) Nothing in this article affects existing local entitlements to Federation Leave.

C14.00 E-LEARNING

Online learning shall have the same meaning as E-Learning.
- b) Any E-Learning credit course that is offered by a school board in the English Public System shall be delivered by a bargaining unit member in accordance with Part B collective agreement language and local staffing processes. These courses will be offered to a teacher who has expressed interest, where possible.
- c) The Joint Staffing Committee or equivalent shall receive information related to E-Learning staffing.
- d) School Boards shall make available to any teachers delivering E-Learning credit courses the required secure hardware and software, and the appropriate training, within the workday, on the delivery of E-Learning credit courses.

Given that consequent reduction of bargaining unit fragmentation will contribute to the development of an effective collective bargaining relationship, facilitate viable and stable collective bargaining, and ameliorate labour relations, therefore;

The Parties agree as follows:

In order to initiate such a request, the secondary school teachers' bargaining unit and the secondary school occasional teachers' bargaining unit of a district school board shall contact the OSSTF bargaining agent to request that the units are combined.

The school board and bargaining agent may meet to discuss the timing and implementation of the requested combination.

It is understood that terms and conditions of employment for occasional teachers remain status quo upon consolidation, subject to bargaining processes.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and

- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee

groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.

- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

BETWEEN**

(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

The following language applies only to those teachers eligible for the gratuity above:

a) The gratuity paid under 10.02 shall be calculated as follows:

$$\frac{\text{Unused Cumulative Sick Leave (to a maximum of 200 days)}}{200} \times 50\% \text{ of Salary}$$

Salary shall be based on the salary received in a teacher's last year of employment, and in any event the retirement gratuity shall not be in excess of one-half the salary from the Board received by the teacher in the year immediately prior to the teacher's termination date.

Notwithstanding the foregoing:

i) at any time in the five (5) years preceding retirement, if a full-time teacher takes a full leave of absence, becomes part-time as a result of having accepted a reduced timetable, or takes a part-time leave of absence, or is in receipt of part-time LTD benefits, then he / she shall have his / her gratuity calculated as if he / she had been paid 100% of the annual salary and allowances payable in the final year of employment.

Where notification for retirement on or before June 30th comes later than March 15th, the retirement gratuity shall be paid on the first working day in September of the following school year, except when otherwise mutually agreed between the teacher and the Board.

10.04 In the event of the death of a teacher who is otherwise eligible for a retirement gratuity as above, has been employed by the Board, or at least one of its predecessor Boards, for a minimum of ten (10) consecutive years immediately prior to his/her death, a retirement gratuity based on the formula in 10.09 shall be paid to his/her designated beneficiary.

10.05 In the event of the death of a teacher after termination of employment with the Board, any unpaid retirement gratuity shall be paid to his/her designated beneficiary.

10.06 Approved leaves of absence shall not constitute a break in continuous service.

XI SCHOOL LEADERSHIP POSITIONS

11.01 A teacher must have a Specialist or Honours Specialist to hold a Position of Added Responsibility (PAR). A teacher who does not have their Specialist or Honours Specialist and has accepted an Acting PAR in which they have two years to become qualified must obtain their Specialist or Honours Specialist by the end of the two-year period. If they do not have their Specialist or Honours Specialist by the end of the two-year period, then the individual will no longer hold the PAR.

- 11.02 a)** No teacher shall hold more than one PAR at any one time.
- b)** In order to apply to or hold a PAR, the teacher must be assigned at least one section per semester within a school. For purposes of this Article, the definition of school does not include an off-campus site. If a teacher currently holding a PAR is not assigned at least one section within a school for a semester, the Secondary School Staffing Committee, in consultation with the In-School Staffing Committee, will determine how the PAR will be covered during this period of time. If there are sections within the department the PAR will be posted. Should a teacher hold a PAR for only one semester, they will be paid 50% of their PAR allowance for that school year.
- 11.03 a)** The In-School Staffing Committee shall meet to implement the following PAR Structure when any one of the following occurs:
- i) A teacher no longer holds their PAR;
 - ii) A new PAR has been added to the school;
 - iii) At the request of the Secondary School Staffing Committee;
 - iv) At any time as deemed necessary by the In-School Staffing Committee.
- b)** In the event that the In-School Staffing Committee cannot reach a decision on an issue related to PAR, the issue will be directed to the Secondary School Staffing Committee for a final decision.
- 11.04 a)** Any reduction of PAR held prior to September 1, 2005 will occur through attrition (resignation, retirement or promotion) unless the PAR is held as an "Acting" position with a termination date.
- b)** Articles 5 through 10 will be implemented for PAR that are hired on or after September 1, 2005 and PAR that are currently held as "Acting" headships that have termination dates.
- c) i)** The Guidance, Library, Physical Education and Vocational Studies PAR held prior to September 1, 2005 shall remain as designated; all other PAR designations except Physical Education are based on the number of sections in a department according to the following staffing section allocations:
- | | |
|----------------|----------------------------------|
| 0-5 sections | = assistant head (prior to 2005) |
| 6-19 sections | = minor head |
| 20-39 sections | = major head |
| 40+ sections | = major and an assistant head |

Physical Education – The Physical Education PAR are based on yearly student FTE enrollment numbers by school. This FTE enrollment number is the number used for September staffing.

Enrollment level	0 -750	One major head of Physical Education
	751 +	One major head. In addition, the In-School

Staffing Committee, in consultation with the staff, may add a minor head.

- ii) Any new PAR hired after September 1, 2005 will be dissolved if the department section count is less than 6 sections. These sections will be combined with another department pursuant to Articles 5 through 10. If department sections decrease to fewer than 40 sections, the assistant head automatically dissolves.
- iii) In the event that a teacher's designation changes, the Board will provide notification of the change in writing to the teacher prior to September 30th in any given year. If the number of sections change after September 1st (increases or decreases), this will not impact the PAR designation for that year.
- iv) All sections allocated to a school shall be assigned to a department for purposes of section count and PAR calculations.

11.05 Positions of Added Responsibility are based on yearly student FTE total enrollment numbers by school. This FTE enrollment number is the number used for September staffing.

- a) In the event that there is a decrease in enrollment level then the reduction in PAR shall be by attrition only.
- b) In the event that there is an increase to the next enrollment level then the Secondary School Staffing Committee shall review the enrolment level increase and determine the PAR.

Enrollment Level One	0 – 500	10 PAR
Enrollment Level Two	501 – 900	13 PAR
Enrollment Level Three	901+	17 PAR

11.06 a) The following are mandated PAR:

English
Math
Science
Tech
Physical Education
Geography and/or History

- b) Geography/History may stand alone, may combine or may form another combination.
- c) Mandated PAR may be combined with additional PAR as outlined in Article 11.07. However, mandated PAR may not be combined with other mandated PAR.
- d) A department can only be combined with another department when there is no PAR in one of the departments as a result of attrition. The combination of departments may occur regardless of the number of sections in a department. The In-School Staffing Committee shall consult with the teaching staff prior to combining a department. When combining a department, the combination shall not be based on qualifications of

an individual within the school. The combination shall be based on sound educational principles and education priorities at the school, Board or provincial level. An affected PAR may appeal the decision to combine departments to the Secondary School Staffing Committee within five school days of the decision.

11.07 a) The additional PAR are as follows:

Art
Business
Family Studies
Moderns
Music
Co-op
Library
Guidance
LRT/Special Education
Drama
Geography and/or History
Experiential Education

- b)** There may be other PAR based on approval of the In-School Staffing Committee (in consultation with the teaching staff) and final approval of the Secondary School Staffing Committee. If consensus is not reached at the In-School Staffing Committee, the proposed additional classification shall be forwarded to the Secondary School Staffing Committee for review and final decision.

11.08 GELA shall have a minimum of one PAR.

11.09 A posting for a Position of Added Responsibility shall be a 6 section, full-time posting subject to the following:

- a)** Where there is a program need identified by the Secondary School Staffing Committee (e.g. senior physics) that the successful candidate will be expected to fulfill, the Position of Added Responsibility posting will indicate that a preference will be given to candidates with additional qualifications in physics, for example. As a result, it will not be necessary to list the specific sections associated with the headship vacancy.

Re: Article 13.15 - Recall

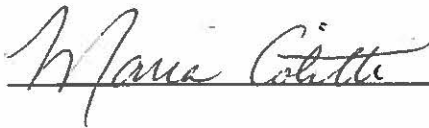

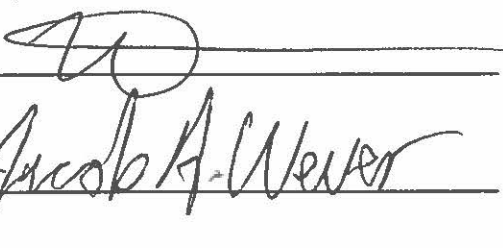

The recall procedure is premised on the need to put teachers with the necessary teachable subject match in vacancies wherever/whenever possible, based on the understanding that these teachers have the best knowledge to deliver subject curriculum and provide the best program to students.

- in seniority order, teachers in these subject areas are offered positions/sections in their areas of specialty as noted on their Certificate of Qualification.

- if no one on the recall list is math qualified, or if no one accepts the offer of the math position/sections, in seniority order, the math sections are offered on mutual consent. Proceed through the recall list in seniority order until the sections have been accepted.

C9.00 SICK LEAVES

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.

- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.

- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.

- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

For further clarity, the following language must be aligned with current local provisions and practices. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

Where there is reference to OSSTF Certification Rating Statements, the local parties will amend that language to insert "or Qualifications Evaluation Council of Ontario (QECO)".

- b) Discussions may only include local language pertaining to class size and PTC or equivalent.
- c) These discussions are not subject to local strike or lockout provisions and do not form part of local collective bargaining.
- d) All reasonable requests for data related to class size will be shared by both parties.
- e) There shall be no change to local Special Education class size caps identified in section 31 of Regulation 298 under the Education Act.
- f) Should the local parties be unable to reach agreement within two (2) weeks of the date of central ratification, the central default set out below will come into effect as of the 2020-2021 school year.

iii. Central Default for Class Size Caps/Guidelines/PTC or equivalent Adjustments

In the absence of an agreement under ii), existing 2014-2017 collective agreement language for all class size caps, guidelines, flex factors, and PTC or equivalent shall remain, subject to the following amendments:

- a) Further, for 10% of classes in the school board where local class size caps exist, they may be exceeded by up to 2 students.
- b) Where school boards have class size caps and PTC or equivalent any teacher who teaches classes as per a) will have their PTC or equivalent adjusted accordingly.
- c) Where a school board has a staffing guideline and a PTC or equivalent, the guideline shall be adjusted per a) for any teacher in such a course for the calculation of the PTC or equivalent.
- d) No teacher will have more than two classes per semester or equivalent in non-semestered schools impacted by paragraph a) without mutual consent.
- e) There shall be no change to local Special Education class size caps identified in section 31 of Regulation 298 under the *Education Act*.
- f) The exceptions as per a) and c) shall be shared with the JSC or equivalent and school-based staffing committees where they exist.

- ii. Where there is reference to Individual Class Size caps that were applicable to E-Learning, or where there was a local practice that treated E-Learning credit courses as having class size caps, or PTC or equivalent that included E-Learning, the local parties shall replace existing language or insert language to state that no E-Learning credit course shall exceed 35 students.
- iii. In addition, where school boards have class size caps/guidelines that determine total teacher workload i.e. PTC or equivalent, the following shall apply:

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.

designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - b. A one-time contribution of a half month’s premium cost (4.15% of annual

- benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent

positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence

review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based

on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.

- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.

 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
- a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period. Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph.
- l) The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective

agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

1. Payment may be transferred directly to a Registered Retirement Savings Plan, based on years of employment up to and including 1995 where the employee has made contributions to OTTP, at a rate of \$2000 per year.

Previous years of employment with another employer for which contributions have been made to OTTP may count towards the amount transferable directly to an RRSP, as permitted by Canada Revenue Agency and supported through documentation.

2. Employees who have unused RRSP room, as indicated on their current Notice of Assessment (RRSP Deduction Limit Statement) covering the employee's previous taxation year, may transfer the unallocated balance of their retirement gratuity to an RRSP, up to the maximum amount allowed through their Notice of Assessment, less any unused RRSP contributions available as indicated on their RRSP Deduction Limit Statement.

Should an employee assign money through the Tax Deduction Waiver for a Direct Transfer of a Non-Eligible Retiring Allowance, the employee must agree to save harmless and indemnify the Employer from and against all claims, charges, taxes, penalties or demands which may be made by the Canada Revenue Agency requiring the Employer to pay income tax, charges, taxes or penalties under the Income Tax Act (Canada) in respect to the non-eligible retiring allowance transfer.

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed

eleven (11) consecutive working days at his/her full FTE without absence due to illness.

- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).

- b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or

- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
 - a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate

fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay

arrangements that exist under school board collective agreements will continue under the Trust.

- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- (a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- (b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- (c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- (d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- (e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- (f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- (g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- (h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- (i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- (j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- (k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks

immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

d) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.

- ii. This top-up is calculated as follows:

Eleven (11) days less the number of sick leave days used in the most recent year worked.

- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

e) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

f) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.

- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY/PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

C11.00 MINISTRY/SCHOOL BOARD INITIATIVES

- a) OSSTF/FEESO will be an active participant in the consultation process at the Ministry Initiatives Committee. Ministry Initiatives Committee shall meet at least quarterly each year to discuss new initiatives, including implications for training, resources.
- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. - 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.1 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.2 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently

eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.3 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
- 3.1.4 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
- 3.1.5 No individuals who retire after the Board participation date are eligible.
- 3.1.6 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
- 3.1.7 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
- b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
- d. The Trust shall retain rights to the data and the copy of the software systems.

- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.

4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.

4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated.

Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees’ Participation Date in the Trust.

- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17.
- 17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
 then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits

coverage was previously provided by the boards, payment-in-lieu will be provided.

- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.

5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:

- a. Use of existing claims stabilization funds;
- b. Increased member share premium;
- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

5.3.2 the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

- 1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
- 2. A SEB plan with existing superior entitlements;
- 3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.

- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

"Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:"

- 14.01 A grievance is a dispute arising from the interpretation, application, administration or alleged violation of one or more provisions of this collective agreement, including a dispute as to whether a matter is arbitrable.
- 14.02 The only parties to a grievance are the Employer and the Union.
- 14.03 Where reference is made to “days” it shall mean school days.
- 14.04 A grievance involving or relating to an Occasional Teacher individually or a group of Occasional Teachers in similar circumstances shall only be processed through the Union.

Every grievance claim shall be in writing delivered to the other party and shall contain:

- a) a description of the factual circumstances alleged to constitute a violation of this agreement;
- b) a description of the specific provisions of this agreement allegedly violated;
- c) an indication of the relief sought;

Informal Stage

- 14.05 Prior to submitting a formal grievance claim, an Occasional Teacher or Occasional Teachers are expected to have discussed the matter with the school Principal or other immediate Supervisor within twenty (20) days of the time when the Occasional

Teacher should reasonably be expected to be aware of the relevant facts, in an attempt to resolve the matter informally. An Occasional Teacher shall have the right to have present a representative from the Union. The Principal or Supervisor shall answer the complaint in writing within five (5) days of receipt of the complaint. The right to have a representative from the Union present shall not unduly restrict the Employer to deal with emergent personnel matters.

Step One

- 14.06 The Union may file a grievance at Step One within ten (10) days of the Informal Stage. The grievance shall be filed with the Superintendent of Human Resources or designate who may meet with the representative(s) of the Union and the grievor and shall answer the grievance, in writing, within ten (10) days after receipt of the grievance.

Step Two

- 14.07 If no settlement is reached at Step One, the Union may within ten (10) days of receipt of the written reply of the Superintendent of Human Resources or Designate, refer the matter to the Employer's Grievance Committee. The Employer's Grievance Committee shall meet with the representative(s) of the Union and the grievor within 15 days. The Employer's Grievance Committee shall respond to the Union, in writing, within ten (10) days. If the reply of the Employer's Grievance Committee is unacceptable to the Union, it may within ten (10) days of receiving the written reply of the Employer, apply for arbitration.
- 14.08 Timelines may be extended or waived by mutual agreement in writing.
- 14.09 If the parties agree to pursue grievance mediation, timelines are suspended during the mediation process and thereafter re-instated if mediation is unsuccessful.
- 14.10 Unless mutually agreed in writing between the parties, no grievance claim can proceed to arbitration until all stages of the grievance procedure have been completed. Failure to respond to a grievance within the timelines specified shall move the grievance to the next step.
- 14.11 Unless mutually agreed otherwise, if the grievance procedure timeline extends past the last school day of the year, then the timelines will be suspended until the fifth (5th) school day in the following year.
- 14.12 Following notification of the intention to process the grievance to arbitration, the parties to the Collective Agreement shall, within ten (10) days, either mutually select a sole arbitrator or each appoint a nominee.
- 14.13 Within a further ten (10) days, the nominees shall either select a mutually agreed-upon chairperson, or apply to the Labour Relations Board to appoint the chairperson of the Arbitration Board.

- 14.14 The sole arbitrator or Arbitration Board shall hear and determine the difference or allegation and shall issue a decision. The decision of the majority is the decision of the Arbitration Board, but if there is no majority, the decision of the chairperson governs.
- 14.15 The jurisdiction of the sole arbitrator or Arbitration Board shall be limited to the request for remedy of the grievance, the terms of the agreement and the laws pertaining to education in Ontario. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.

- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a

change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.

- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

**LETTER OF AGREEMENT #4

AND
The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its

members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.

- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
 - A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier’s most recent yearly statement for the year ending no later than August 31, 2015.
 - The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- If available, the paid premiums or contributions or claims costs of each group; or
 - Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.
- Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.
- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits

nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

- 4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:
- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
 - b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
 - c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
 - d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
 - e. An amount of \$300 per FTE, in addition to (d) will be provided.
 - f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
 - g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
 - h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
 - i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.

- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;

- d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
- a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LANGUAGE FROM SEPTEMBER 1, 2014- AUGUST 31, 2017, AND EXTENSION UNTIL AUGUST 31, 2019

**LETTER OF AGREEMENT #6
BETWEEN
The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')
AND
The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

Notwithstanding VIII. above, during the qualifying period of one (1) week in which no employment insurance benefits are payable, the Employer shall pay one hundred (100%) percent of the teacher's regular weekly earnings, (or as in the case of the QPIP, the Employer shall pay a weekly supplement equal to the difference between 100 percent of the teacher's weekly earnings and the weekly amount of the employee insurance benefit received). For the next five (5) weeks during which employment insurance benefits are payable, the Employer shall pay a weekly supplement equal to the difference between one hundred (100) percent of the teacher's regular weekly earnings and the weekly amount of the employment insurance benefit received. For the remaining eleven (11) weeks during which employment insurance benefits are payable, the Employer shall pay a weekly supplement equal to the difference between fifty-three (53) percent of the teacher's regular weekly earnings and the weekly amount of the employment insurance benefit received.

The Board will also pay an additional supplement equivalent of 100% of one week of the member's salary during Week 1 (100%+100%)

It is understood that the total amount paid by the Board shall not exceed what the member would have earned at two (2) weeks of 100%

pay and five (5) weeks of top-up from their EI rate to 100% of their regular pay.

ARTICLE 21 – SURPLUS AND REDUNDANCY

System-Wide Needs and Availability

- 21.01 The Joint Secondary Staffing Review Committee shall monitor the application of system redundancy, transfers, exchanges, school surplus procedures, and all other processes and procedures described in this Article and ensure that these processes and procedures are properly followed.
- 21.02 The Joint Secondary Staffing Review Committee shall annually establish dates for the processes and procedures in this Article, and may alter the dates in this Article, as required in a particular year.
- 21.02.01 The Surplus/Redundancy placement process shall begin after the conclusion of March Break and shall conclude no later than the fourth week in June.
- 21.03 For the purposes of this Article, a teacher shall be “deemed qualified,” provided that the following conditions are met:
- i. the teacher has successfully taught in the subject area(s) within the current or two (2) immediately preceding school years;
 - ii. a current or former Principal or Vice-Principal attests to (i) above;
 - iii. the teacher and Principal provide mutual consent and the appropriate supervisory officer approves;
 - iv. consent/approval shall be provided for one school year only, but may be renewed on a year-by-year basis.
- 21.04 At least seven (7) working days prior to the placement meeting, the Joint Secondary Staffing Review Committee shall be provided with the following information:
- a list of staff who have been approved for leave which will take place during the next school year;
 - a list of staff who have applied for a reduction in teaching time for the next school year;
 - a list of staff who have reduced their entitlement effective the next school year;
 - a list of all teachers on the current seniority list, with their qualifications and deemed qualifications in accordance with article 21.03 above;

- lists by school of teachers assigned to timetables, with the subjects or areas to which each teacher has been assigned for the next school year. Updated lists shall be provided;
- a Surplus Leave of Absence (SLOA) List;
- an updated Recall List;
- a list of staff who have submitted resignations or retirements during the current school year or effective the end of the school year. Updated lists shall be provided.

21.05 Teachers shall submit requests in writing for leaves and part-time teaching by April 1 each year to the Employer, with a copy to the school principal.

21.05.01 Teachers who are on Board approved or statutory leaves of absences for the following school year are not subject to being declared redundant as per Article 21.06, being placed on a Surplus Leave of Absence (SLOA) as a result of Article 21.08 or 21.09, or being displaced as per Article 21.16, for that portion of FTE entitlement they are on approved leave. Should the teacher wish to return early from a Board approved or statutory leave, they must participate in the staffing process.

21.05.01.01 During the staffing process, it is understood that teachers on pregnancy leaves, parental leaves, and/or extensions of such leaves cannot be declared surplus or be displaced in those complete semesters that the teacher is on leave, but can be declared surplus, displace, or be displaced in a semester where the teacher is expected to return to active employment.

21.05.02 A Surplus Leave of Absence (SLOA) shall not extend beyond the school year the Surplus Leave of Absence (SLOA) occurred. A teacher who is on Surplus Leave of Absence (SLOA) during the school year shall, in the Surplus/Redundancy process for the next school year, be considered fully staffed to the extent of their entitlement at their home school (the last school in which a teacher worked or was assigned to work).

System Based Redundancies

21.06 When the total FTE projected teaching staff required for the next school year is less than the sum total of active entitlement of all teachers on the seniority list for the next school year, the Employer shall declare teachers redundant to the extent of their active entitlement for next school year, starting below the teacher whose place on the list represents the final FTE teacher eligible to be staffed. All remaining active teachers below this point on the seniority list shall be declared redundant.

It is understood that when considering the FTE teachers eligible to be staffed, teachers on the current Recall List shall be considered "active" when calculating the point on the seniority list where teachers shall be declared redundant. If it is determined that a teacher on the Recall List is on or above this point, they shall be removed from the Recall List and staffed to their entitlement at their home school.

21.06.01 The final FTE eligible to be staffed shall be the total FTE projected teaching staff + 5.0 FTE

- 21.06.02 Redundancies shall be declared following the review of the system and school allocations by the Joint Secondary Staffing Review Committee as per article 11.03, and prior to the last Tuesday in April.
- 21.06.03 Redundant teachers shall not be considered on any school list during the school-based surplus declarations process, nor shall they participate in the placement meetings or displacement process outlined in this article.
- 21.06.04 Teachers shall be informed, in writing, that they are redundant to the system by April 30. Such a letter shall include the FTE amount the teacher is redundant and information on how to access job postings. The Employer shall forward copies to the President of the Teacher Bargaining Unit.
- 21.06.05 Teachers redundant to the system shall be placed, in order of their seniority, on the Recall List. The list shall include the teacher's name, seniority date, home school, FTE entitlement, qualifications, including deemed qualifications, in accordance with Article 21.03 above.

School Based Surplus Declarations

21.07 Upon notification of the school's FTE allocations, each Principal, using the following information:

- the total staff assigned to the school (FTE);
- the total staff available in the school (FTE);
- the seniority of staff members in the school; and
- qualifications, including deemed qualifications in accordance with Article 21.03 above

shall assign teachers to sections in accordance with their entitlement, within the school's allocation.

21.07.01 When assigning teachers to sections in accordance with their entitlement, the Principal of TR Leger Adult/Alternative School shall give consideration to assign teachers to their preferred campus and program, if different than their current assignment.

21.07.01.01 A teacher from the TR Leger Adult/Alternative School shall not be assigned to a campus for the following school year that is greater than 60 km from their current campus except by written mutual agreement between the Principal and the teacher.

21.07.01.02 If a teacher has been assigned to more than one TR Leger campus within the last two school years, for the purpose of 21.07.01.01 the teacher shall have the option to select one of those campuses as their "current campus".

21.07.02 The Board and the Union agree that teachers assigned to Section 23 shall be considered to have Section 23 program designated as their "home school". The Section 23 program shall be considered a "school" for surplus, redundancy, and recall processes and procedures.

21.08 In the event that there are teachers excess to the needs of the school, teachers shall be declared surplus to school in order of seniority, beginning with the least senior teacher, provided that the remaining teachers in the school are qualified or deemed qualified in accordance with Article 21.03 to teach the program in the school. The surplus teacher shall be placed on a Surplus Leave of Absence (SLOA) to the extent of their entitlement.

21.08.01 In exceptional circumstances, the Principal may use the mutual consent provisions of the Education Act and Regulations to retain teachers who are above the line.

21.09 Any teacher declared partially surplus in an amount less than their entitlement

- 1) may choose to accept the assignment available should the assignment span over two semesters and be placed on a Surplus Leave of Absence (SLOA) for the balance of the teacher's entitlement; or
- 2) may choose to accept an assignment in one semester only and be placed on a Surplus Leave of Absence (SLOA) for the balance of that teacher's entitlement; or
- 3) may choose to be fully surplus and placed on a Surplus Leave of Absence (SLOA) to the extent of the teacher's entitlement.

21.09.01 Teachers shall be given two working days to declare to their Principal which of the options in 21.09 they have chosen.

21.10 By the end of the fifth (5th) working day in May, teachers shall be informed electronically, in writing and verbally, that they are surplus to school. Such correspondence shall include the amount and semester(s) the teacher is Surplus Leave of Absence (SLOA) as a result of Article 21.08 or 21.09. The Employer shall forward copies to the President of the Teacher Bargaining Unit.

21.11 Each teacher declared surplus to school shall be placed on the Surplus Leave of Absence (SLOA) List.

System-Wide Vacancy and Surplus Leave of Absence (SLOA) List

21.12 The Surplus Leave of Absence (SLOA) List shall be created, ordered from most to least senior, and shall include:

- the teacher's name;
- the teacher's home school;
- the teacher's seniority date;
- the teacher's qualifications;
- the teacher's deemed qualifications in accordance with Article 21.03 above;
- the FTE amount the teacher is on Surplus Leave of Absence (SLOA) as a result of Article 21.08 or 21.09; and
- the teacher's entitlement.

The list shall be made available electronically to all teachers, Principals, and the members of the Joint Secondary Staffing Review Committee.

21.13 Along with the Surplus Leave of Absence (SLOA) list, a list of vacancies for the following year shall be generated, based on information supplied by the Principals. The list shall contain the following information for each vacant section:

- School and in the case of TR Leger, site; and
- subject area(s) including the division (Intermediate or Senior), or course code; and
- restrictions (in specialized areas).

21.13.01 The Joint Secondary Staffing Review Committee shall be provided with the list of vacancies, including any updates.

21.14 Prior to the first placement meeting in 21.15, the Joint Secondary Staffing Review Committee shall be informed of any changes which might impact on a teacher who has been declared surplus in their school. The Joint Secondary Staffing Review Committee shall convene to monitor the implications.

Placement Meetings

21.15 A series of two (2) placement meetings of the Joint Secondary Staffing Review Committee shall occur beginning the third week of May and ending the first week of June.

Four working days prior to each placement meeting, vacant sections shall be posted electronically.

- Vacant sections will be posted for the first three (3) working days.
- On the fourth (4th) working day, the Joint Secondary Staffing Review Committee shall be informed of each teacher's interest in vacant sections.

Vacant sections shall be made available to all teachers in the Bargaining Unit (excluding redundant teachers), including teachers wishing to transfer schools, increase their entitlement, on a leave of absence, or those on the Surplus Leave of Absence (SLOA) List.

21.15.01 At the first and second placement meeting, the Joint Secondary Staffing Review Committee shall, by order of seniority, place teachers into posted vacant sections for which they have expressed interest:

- a) provided the teacher is qualified or deemed qualified in accordance with 21.03 above, for the assignment; and/or
- b) provided mutual consent has been granted to teachers on the Surplus Leave of Absence (SLOA) List or teachers wishing to increase their entitlement.

21.15.01.01 In assessing whether to offer mutual consent for any sections to an unqualified teacher, a Principal shall consider each teacher individually and in order of seniority and shall consider the following criteria:

- 1) professional learning standards, and/or
- 2) related experience, and/or
- 3) whether the most recent evaluation on file is below standard, and/or
- 4) whether any discipline within the previous 12 months that is not the subject of an unresolved grievance might materially affect the ability of the teacher to teach the section(s) without problems, and/or

5) the relevance of qualifications and/or prior teaching experience to the sections to be taught (although not meant to be or considered as proscriptive, two examples of many variations and possibilities include: English experience being assessed for teaching History, and vice versa, would be sufficiently relevant, but English experience for teaching Physics or Math, and vice versa, would not be sufficiently relevant).

“Professional Learning Standards” includes, but is not limited to, *Academic Programs completed or completing* (programs or courses offered through universities, colleges or other institutions or organizations that do not always lead to academic degrees), *Professional Networks accomplished* (partnering with business, industry, colleges and universities; contributing to subject councils, the work of the federations or other professional organizations), *Professional Contributions made* (participate in, present at, or organize conferences, workshops and institutes; contribute to a professional publication), *Professional Activities sustained* (reading educational books, and journals, participate in curriculum writing and/or assessment projects, conduct and publish action research projects); and/or

“Related Experience” includes those elements listed in professional learning gained or acquired from other areas or domains, including but not limited to, Employer and non-Employer experience, other employment, programs, or personal experiences.

21.15.02 Teachers shall be advised of their placement on the day following the placement meeting.

21.15.03 If a teacher is placed in a position and their total assignment for the following school year is not to the extent of their entitlement, the teacher shall be placed or remain on the Surplus Leave of Absence (SLOA) List for the balance of that teacher's entitlement.

Displacement

21.16 Only teachers on the Surplus Leave of Absence (SLOA) list shall have the right to partake in the displacement process.

Beginning in the second week of June, meetings of the Joint Secondary Staffing Review Committee shall occur for the displacement process. Surplus Leave of Absence (SLOA) Teachers, by order of seniority and using the *Displacement Criteria* below, may, up to the extent of their entitlement, only fully displace the position of the largest FTE position held by the least senior teacher(s) who has retained a position in a school(s):

- a) within a 35 kilometre radius of the school from which the teacher of greater seniority was declared surplus; or
- b) within 36 to 70 kilometre radius of the school from which the teacher of greater seniority was declared surplus; or

- c) within 71 to 100 kilometre radius of the school from which the teacher of greater seniority was declared surplus; or
- d) outside of a 100 kilometre radius of the school from which the teacher of greater seniority was declared surplus.

Displacement criteria:

A teacher assigned to 4 areas or more may be displaced by a more senior teacher, if the more senior teacher's qualifications or deemed qualifications (including Division, if applicable) match any three of the areas in which the less senior teacher is assigned.

- 21.16.01 The teacher shall be advised of the four options identified in Article 21.16 above along with any vacancies for which the teacher is qualified or deemed qualified in accordance with Article 21.03 that remain from the placement meetings outlined in Article 21.15 or that may have arisen as a result of the application of Article 21.16, and may choose to accept one or more of the options.
 - 21.16.02 If the teacher accepts the position and their total assignment for the following school year is not to the extent of their entitlement, the teacher shall be placed on a Surplus Leave of Absence (SLOA) for the balance of their entitlement.
 - 21.16.03 If the displaced teacher is no longer staffed to the extent of their entitlement, the displaced teacher shall be placed on the Surplus Leave of Absence (SLOA) List for the balance of their entitlement. This teacher shall also have the right to displace.

A copy of such correspondence shall be sent to the Principal of the teacher's school and to the President of the Bargaining Unit.
- 21.18.01 Any period during which a teacher is not staffed to the extent of their entitlement as per the application of this Article shall, at the request of the teacher, be deemed to be an employer approved leave of absence for pension purposes. The Upper Canada District School Board agrees to provide verification of the leave and its duration to the Ontario Teachers' Pension Plan (OTPP), should the teacher request the employer to do so in accordance with OTPP procedures.

- 21.19 Effective September 1, 2015, each redundant teacher shall be retained on the Recall List to October 15th three calendar years after being placed on the Recall List for positions that become available.

C9 Sick Leave

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP

allocation pro-rated. Teachers eligible to access STLDLP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDLP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDLP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDLP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDLP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDLP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at their full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDLP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than their FTE, the Teacher will continue to access any unused sick leave days or STLDLP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDLP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDLP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) **Short-Term Leave and Disability Plan Top-up**

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) **Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment**

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave or STLD. Medical confirmation may be required to be provided by the Teacher to access sick leave or STLD.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of their position. Where this is required, such information shall include their limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLD will be made on a case-by-case basis and not based solely on a denial of LTD.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

BETWEEN

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.

2.1.2 The appointed independent experts will:

- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
- b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
- c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.

2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.

2.1.4 All voting requires a simple majority to carry.

2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:

3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust’s financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.

3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.

3.1.4 No individuals who retire after the Board participation date are eligible.

3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.

3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.

3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

4.1.1 The Government of Ontario will provide:

- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve (“CFR”).
- b. A one-time contribution of a half month’s premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
- c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool

charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.

- d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
 - 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
 - 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
 - 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers' and employees' premium share.
 - 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.
 - 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the

same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).

- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;

- c. Change plan design;
- d. Cost containment tools;
- e. Reduced plan eligibility; and
- f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;

3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating

Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the School Boards Collective Bargaining Act, 2014.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

“Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:”

- L19.2.7 Upon the return of a Teacher from a leave for Long Term Disability of over five (5) full semesters excluding the semester in which the absence begins, the Teacher will become a system responsibility for staffing purposes, and be placed in accordance with the Articles of this Collective Agreement having to do with the placement of Teachers who are surplus or redundant to the needs of the system.

L19.3 Preliminary School Staffing Plan

- L19.3.1 The Principal will develop a draft Preliminary School Staffing Plan.

- L19.3.2 a) The Principal and the School Based Work Team shall review the Preliminary School Staffing Plan for input and suggestions prior to submitting the plan to Human Resources. The Preliminary School Plan shall contain the following:
- Number of positions surplus or partially surplus to the school, and;
 - Teachers who are surplus or partially surplus to the school. Teachers identified as surplus or partially surplus to the school, are those with the least seniority in each of the areas for which they are qualified. Such a determination shall be done by reviewing the seniority of all members of the school's staff including those members of staff who are returning from leave, loan, exchange, LTD or who are assigned to the staff by the Superintendent of Human Resources;
 - Section allocation by course and department/curriculum area;
 - Teacher assignment by department/curriculum area (consideration given to Teacher preferences as per Article L14.5.2);
 - Teacher assignment in non-classroom areas;
 - Vacant positions which cannot be filled by members of the current staff; and,
 - Areas of concern and special considerations.
- b) Any Teacher assignments tentatively made as an exception as per Article L19.3.2(d)

- c) All assignments shall be in accordance with each Teacher's subject qualification as defined in Article L19 or by mutual consent, provided the placement does not result in a more senior Teacher being declared surplus than would have been the case had the placement not occurred. Such placements will be identified on the Preliminary Plan.
- d) An assignment which is an exception to this practice shall be permitted only where it does not result in a Teacher, being declared surplus to their school or redundant to the system. The Principal shall notify the District Staffing Committee of those assignments tentatively made as exceptions as allowed in this Article;
- e) Assignment of a Teacher with less seniority in a qualified area to an approved Focus Program must be approved by both the Board and the Federation;

L19.3.3 Principals shall submit their Preliminary Staffing Plan to the Superintendent of Human Resources, or designate, by 30 April. The Superintendent of Human Resources, or designate, will provide the Joint Secondary Staffing Committee with copies of each school's Preliminary School Staffing Plan, within five (5) days.

L19.4 **Determination of Surplus to School & Redundant to System**

L19.4.1 Wherever possible, it is the intention of the Board to avoid declaring surplus to the needs of the system any Teacher who has a permanent position with the Board. While normal attrition may allow the retention of all the present teaching staff members who wish to remain with the Board, decreasing enrolments and Provincial regulatory changes may make it necessary to reduce the number of teaching staff employed by the Board, or changing student option-selection patterns may make it necessary to change the complement of a teaching staff. The procedures set out in this Article are designed to accomplish the difficult task of identifying Teachers who are surplus to the needs of their present school, and perhaps redundant to the needs of the system, in a manner that provides the Teacher with the greatest possible degree of consideration and fair treatment and in a manner that assures the highest available standard of instruction in the classroom.

L19.4.2 Based on the information as provided in the Preliminary School Staffing Plans, the Superintendent of Human Resources, or designate, will determine those Teachers who will be declared surplus to schools and those redundant to the system.

L19.4.3 The Superintendent of Human Resources, or designate, will provide the list of those Teachers surplus to schools and/or redundant to the system to the Joint Secondary Staffing Committee and the District Secondary Staffing Committee by 31 May.

L19.4.4 Those Teachers identified as redundant to the system shall be the Teachers with the least seniority in the district.

L19.4.5 The Superintendent of Human Resources or designate will notify those Teachers who are declared surplus to their school and will provide notification to those Teachers who are redundant to the system. These notifications will be given on or before 31 May each year.

L19.5 Surplus to School Notification

L19.5.1 Surplus to school notification will include the following:

- a) A formal statement from the Board which indicates that the Teacher remains a LSDB employee with all rights and an explanation of the process for placing Teachers surplus to their schools
- b) A form from the Superintendent of Human Resources, or designate, indicating the Teacher's desire or not to be returned to their home school should an opportunity arise. This form will also allow the Teacher to rank their preference of all schools they would like to be placed into, should an opening arise. This form shall include information that outlines the process that permits a Teacher to withdraw this request by 1 November each year, for second semester as per Article L19.9.1

L19.6 Redundant to System Notification

L19.6.1 Redundant to system notification shall include the following:

- a) A formal statement from the Board which indicates that the Teacher remains a LSDB employee with all rights and an explanation of the process for placing Teachers surplus to their schools. This notification normally will incorporate a statement from the Board which indicates that the Teacher was considered to be an effective Teacher.
- b) A form from The Superintendent of Human Resources, or designate, indicating the Teacher's desire or not to be returned to their home school should an opportunity arise. This form shall include information that outlines the process that permits a Teacher to withdraw this request by 1 November each year, for second semester as per Article L19.9;
- c) Teachers identified as redundant to the system by the Superintendent of Human Resources, or designate, will be provided the opportunity to accept a placement, based on seniority and qualifications, in one of the two identified Northern schools (North Addington Education Centre & Granite Ridge

Education Centre) by no later than 7 June. This notification will make it clear that by declining a Northern Placement the Teacher will retain their ranking on the surplus/redundancy list but that the District Secondary Staffing Committee will continue to staff more junior Teachers into northern positions.

L19.6.2 Any Teacher identified in Article L19.4.3 on the redundancy list for the system, will be retained provided the Teacher indicates annually by 1 April in writing to the Superintendent of Human Resources that they intend to be available for a position in any school, provided the Teacher has not been hired by another Board, and provided the Teacher does not accept a severance allowance as specified in Article L19.6.4.

L19.6.3 The Superintendent of Human Resources will offer to a Teacher who is declared redundant to the system, (either totally or for one semester), the Teacher's choice of one of the following alternatives to regular full-time employment:

- a) Take a leave of absence under Article L28 during which they will be placed on the Occasional Teacher Roster and the Long Term Occasional Teacher List. Teachers choosing this option shall be retained on the redundancy list and shall be offered any regular teaching positions for which they are eligible under Article L19.10.1(a) before new Teachers are hired.

OR

- b) Take leave of absence under Article L28 for one year, after which the Teacher shall have the choice of:
 - i. Being placed on the Roster of Occasional Teachers and Long Term Occasional Teacher List, or
 - ii. In the case of a permanent Teacher, being paid a severance allowance as specified in Article L19.6.4.

OR

L19.6.4 In the case of a permanent Teacher, resigning and receiving a severance allowance of ten (10) days salary according to the Teacher's entitlement and grid position for each year of recognized teaching experience with this Board, to a maximum of 100 days. It should be noted that:

- a) A Teacher who is declared redundant according to Articles L19.10.1(a) and L19.10.1(b) and who refuses to accept a subsequent offer of a teaching position at their entitlement for which the Teacher is certificated, will have their employment terminated;

- b) Notwithstanding any eligibility for a gratuity under Article L37 when a Teacher receives a severance allowance under this section, no gratuity under Article L37 will be paid.

- L19.6.5 The onus shall be on the Teacher on the Redundancy List to inform the Board and the Federation in writing of any change of address. In the event that such a Teacher cannot be located through a normal Post Office address or telephone number, the Teacher's name will be removed from the list.
- L19.6.6 A Teacher who remains fully redundant for a period of three (3) years for which there is still no position available with the Board, shall be removed from the Redundancy List. The Teacher shall remain on the Board's OT Roster.
- L19.6.7 A Teacher who is declared surplus to their school and/or redundant to the needs of the system may apply to the Superintendent of Human Resources, through the Federation, for a review of the circumstances leading to that declaration. The Teacher may request representation on their behalf by a member of the Teachers' Bargaining Unit Executive of the Federation.

L19.7 Revised School Staffing Plan

- L19.7.1 The Principal will develop a Revised School Staffing Plan.
- L19.7.2 The Principal and the School Based Work Team shall review the Revised School Staffing Plan for input and suggestions prior to submitting the plan to the Superintendent of Human Resources, or designate. The Revised School Staffing Plan shall be submitted approximately one week following the date of surplus/redundancy notification. The Superintendent of Human Resources, or designate, in consultation with the Federation, will establish a specific date each year. The Superintendent of Human Resources, or designate, will provide the Joint Secondary Staffing Committee with copies of each school's Revised School Staffing Plan by 31 May. The Revised School Plan shall contain the following:
- Section allocation by course and department/curriculum area;
 - Teacher assignment by department/curriculum area (this shall not include those Teachers declared redundant to the system),
 - Teacher assignment in non-classroom areas;
 - Teachers surplus or partially surplus to the school;
 - Vacant positions which cannot be filled by members of the current staff;
 - Vacant PAR, Focus, Lead Student Success and School to Community positions that require staffing through competition and of these positions, identification

of those positions that are vacant due to the incumbent being declared redundant. Please refer to Article L19.10.4; and,

- Areas of concern and special considerations.

L19.7.3 A Teacher holding a PAR position shall be exempted from consideration as a Teacher surplus to their school for the duration of that appointment as long as they are not identified as redundant to the system and is subject to the following considerations:

- a) No Teacher will be declared redundant to the system as a consequence of a Teacher with less seniority being retained in the system as a department head.
- b) If a Teacher with more seniority becomes surplus to a school as a result of a Teacher with less seniority being retained within a school as a department head, the Teacher who is declared surplus will be so identified and given the following considerations:
 - i) The Teacher will be positioned in another school in the system using the regular staffing process.
 - ii) The Teacher's assignment will not be split between schools as consequence of the transfer.
 - iii) Each year, following the transfer of such Teacher(s) and upon formal request (in writing) of the Teacher to the Superintendent of Human Resources, notice to be received by 1 April, the Superintendent of Human Resources will position the Teacher in their former school as per Article L19.3.2 for the purpose of determining the number of positions surplus or partially surplus to the school concerned.

L19.7.4 Because of the unique consideration provided for in Article L19.7.3, the Board agrees that when appointing a Teacher to a PAR Position, sufficient care will be taken in assessing the current and projected situation with respect to staffing and student enrolment in the District to ensure that such an appointment will not result in a Teacher currently with the Board being declared redundant to the system.

L19.8 [Voluntary Transfer/Consolidation/Exchange Process](#)

L19.8.1 Teachers requesting a Transfer/Consolidation/Exchange may be asked to follow procedures similar to those used in regular hiring procedures. It is understood that:

- a) Due consideration will be given to a Teacher's position on the Seniority List in all decisions related to transfer in order to avoid, if at all possible, involving a

Teacher in a transfer between schools if the Teacher is ultimately redundant to the system;

- b) Teachers may place their names on a Voluntary/Transfer/Consolidation/Exchange List by contacting the Federation in writing, prior to 10 April and indicating their current school location, qualification, seniority, preferred teaching assignment and new location(s) in ranked order. The Federation will provide this information to the Secondary Human Resources Consultant upon receipt of the school vacancies. Teachers may withdraw from the List at any time, prior to transfer, through written notification to the Federation.
- c) Following the implementation of the Revised School Plan (Article L19.7) the District Secondary Staffing Committee will place Teachers from the Voluntary Transfer/Consolidation/Exchange List and Surplus List (together called the Placement List) into any remaining vacancies on the basis of qualifications, seniority, and the Teachers' indicated preference(s).
- d) When requested, exchanges may be for a stated period of time (e.g. one semester, one year, but not more than two years). At the end of the stated period or on the completion of two full years the exchange will revert or, with the approval of the District Secondary Staffing Committee and the Teacher(s), will be made permanent;
- e) The Voluntary Transfer/Consolidation/Exchange List as compiled in (b) will remain in effect and be used as other vacancies occur throughout the staffing year on the condition that the vacancy is filled before the start of a semester. Teachers wishing to remain on the list for the subsequent staffing year must repeat the procedure outlined in L19.7.3(b).

L19.8.2 Following the disposition of all transfer/exchange requests the Principal and the School Based Work Team of each Secondary School shall revise the Revised School Staffing Plan as prescribed in Article L19.7.

L19.9 [Return to School/Pull-backs](#)

L19.9.1 If any Teacher is declared surplus to the needs of their school and as a consequence is placed at another school, provided that voluntary transfers are accommodated first, where possible, the Teacher shall be given the option of filling a vacancy for which they have the appropriate subject qualification and which occurs in their original school up to one week prior to the first day of school of the year in which the Teacher was placed at another school.

L19.10 Placement from the Placement List

- L19.10.1 The District Secondary Staffing Committee will place Teachers from the Voluntary Transfer/Consolidation/Exchange List and Surplus/Redundancy List (together called the Placement List) concurrently into any remaining vacancies on the basis of seniority, qualification, and preference(s) as indicated on the Transfer Form.
- a) The District Secondary Staffing Committee will examine the list of Teachers declared surplus to the needs of individual schools, and the placement by the Superintendent of Human Resources of suitably qualified surplus Teachers in those positions still vacant in the system. If no teaching position is vacant for which the surplus Teacher is qualified, the Superintendent of Human Resources shall place the Teacher in a position within the system for which the Teacher is qualified and which is held by a Teacher with less (normally least) seniority.
 - b) Every effort, however, shall be made to minimize the extent of the geographical dislocation of a Teacher's place of work as a result of this placement. It is understood that in extreme cases, it may be considered appropriate for the Superintendent of Human Resources to reassign a Teacher with less seniority to another school to reduce the impact of the relocation on the Teacher with more seniority.
- L19.10.2 After 25 August, Teachers will be placed from the Placement List into sections based on seniority and the subject areas in which they hold qualifications.
- L19.10.3 When dealing with Voluntary Transfers/Consolidations/Exchanges, return to school, or placement from the Surplus/Redundancy List, the point at which a single position could be staffed through any of the aforementioned means, the position shall be assigned to the most senior Teacher, based on qualifications.
- L19.10.4 School to Community, Focus Program, Lead Student Success and PAR vacancies that were created as a result of the incumbent being declared redundant, may be filled by the incumbent at such point that they are deemed the most senior person on the list with the requisite qualifications.
- L19.10.5 Any remaining positions will be advertised after the last District Staffing Committee meeting prior to the start of the school year.
- L19.10.6 In order for a Teacher to teach outside of their area of qualification, a Mutual Consent Agreement shall be signed by the Teacher, the Principal and approved by the Superintendent of Human Resources.

- L19.10.7 The Teacher shall be consulted prior to the Teacher making a decision respecting the assignment.
- L19.10.8 Human Resources shall provide to the Federation the list of all the Teachers assigned as per the above by 30 September for Semester I and 28 February for Semester II.
- L19.10.9 No new Teachers are to be hired into the system until all Teachers named on the redundancy list have been dealt with under the terms of Article L19.10.1(a) and such Teachers have had an opportunity to compete for vacant positions, giving consideration for mutual consent, as permissible under the Education Act.
- L19.10.10 For these purposes, a new Teacher is defined either as a Teacher who is not currently employed by the Board, or as a Teacher who is currently employed by the Board and who, as a consequence of the appointment, would increase their entitlement with the Board. Every effort will be made to resolve the issue of Teachers with assignments split between schools before new Teachers are hired.

Article 20: Vacancies

L20.1 Internal Vacancies/Hiring

- L20.1.1 A fair and consistent process of hiring, including positions of added responsibility, will be adhered to as described in LDSB Policies and Procedures.
- L20.1.2 Promotion procedures shall be fair and objective, ensuring that all qualified candidates are given serious and appropriate consideration. The applicants with the best job-related qualifications and experience will be selected for an interview.
- L20.1.3 All candidates selected for an interview shall be provided with the interview questions and scoring guide in writing, 15 minutes prior to the interview. Candidates shall be allowed to bring their notes into the interview.
- L20.1.4 All candidates interviewed shall be entitled to a debriefing meeting, including access to the scoring guide, after an interview, and shall be entitled to Federation representation, if they choose.
- L20.1.5 No teacher shall incur the costs of applying to vacancies through an external service provider.
- L20.1.6 Changes to the interview process will be shared with the Federation in advance of implementation.

- L20.1.7 All vacancies including positions of responsibility will be posted electronically for at least five (5) school days prior to the stated closing date for applications and in accordance with Article L19.8. Copies of all postings shall be sent to the District President.
- L20.1.8 Any vacancy which occurs for a complete semester in a course or program shall be recognized as a regular position for the individual who is appointed to it. If the vacancy has arisen from a Teacher who will be returning to the school's complement for the next staffing round, then both Teachers will be considered as part of that school's complement and will be dealt with by the established staffing procedure.
- L20.1.9 Any vacancies created by members going on leave in excess of twenty (20) consecutive teaching days, shall be advertised as Long-Term Occasional Positions, and offered to members on the Placement list according to qualifications and seniority prior to external advertising.
- L20.1.10 If a full-time Teacher who is teaching in a single location leaves the Bargaining Unit in the middle of the school year, the vacancy created shall be advertised internally as a full-time position. The vacancy created by the successful applicant to this position shall be advertised internally to the maximum entitlement of that Teacher in their former school. If the position is not filled internally, then the vacancy created for the second semester shall be advertised externally as a part-time position. The process shall continue until such time as the Teacher being appointed is either a part-time Teacher or is in more than one location.

Notwithstanding the above, sensitive situations may arise wherein the parties agree that this process will be deferred, in which case the vacant position will be posted for the following school year or semester.

- L20.1.11 When a Teacher is hired on a temporary basis (occasional) to fill a teaching vacancy, subject to that vacancy being approved by the Superintendent of Human Resources and the Board, and they are then hired as probationary or a permanent Teacher in the same teaching position, they shall have their effective date of hire back-dated to when the actual teaching assignment first began; and their seniority shall accrue from that date.

L20.2 PAR Vacancies

- L20.2.1 Any PAR vacancy created by members going on leave known to be in excess of twenty (20) consecutive teaching days and less than one semester shall be advertised as position only and filled internally within the school.

20.2.2 Any PAR or Lead Student Success vacancy created by the temporary absence of the incumbent for a full semester or longer, shall be advertised District-wide as an interim position.

20.2.3 A Teacher appointed as an interim Department Head or Lead Student Success due to the temporary absence of the incumbent, shall return to their previous school's complement for staffing purposes at the end of the interim appointment.

L20.3 Recommendation Forms

L20.3.1 After interviews are completed, The Principal's Recommendation Form for Job Postings together with a copy of the Teacher's most recent certificate of qualification and registration (Ontario College of Teachers'), shall be submitted by the Principal, to the Board and the Federation normally within four (4) school days of the recommendation having been made. The Principal will not recommend a person who is not in good standing with the Ontario College of Teachers. Whether or not a successful candidate is recommended a recommendation form will be provided.

L20.3.2 The Recommendation Form shall include:

- The vacancy information
- Type of appointment
- Applicant information, including numbers of qualified and unqualified internal, occasional and external applicants
- Interview information, including the panel members, and the number of candidates interviewed
- Candidates interviewed, whether candidates were internal, external, qualified or unqualified
- Name of successful candidate or identify that there was no successful candidate

Article 21: School to Community Staffing

L21.1.1 As a sub-committee of the District Secondary Staffing Committee, a School to Community Staffing Committee will be set up, which will consist of the Principal or Vice-Principal of Educational Services, the Superintendent of Human Resources or designate, with the option of a Secondary School Principal, and an equal number of Federation representatives. The School to Community Staffing Committee shall develop and propose a staffing model each year for consideration to the Joint Secondary Staffing Committee. This information will also be presented to the District Secondary Staffing Committee.

- L21.1.2 A Secondary School to Community Teacher may be redeployed to another Secondary School to Community class during the school year to respond to changes in enrolment of Secondary School to Community students.
- L21.1.3 Where changes in enrolment necessitate that a Secondary School to Community position be moved to another school during the school year, the incumbent Teacher may elect not to be redeployed to another school. Subject to qualifications and vacancies, the incumbent Teacher may be assigned to another position in the school. Notwithstanding this, should no vacancy exist for which the incumbent Teacher is qualified, the Teacher will be declared partially or fully surplus and may take an unpaid leave of absence for the balance of the school year. The Teacher will be subject to the placement provisions of the Collective Agreement for the following school year.

Article 22: School Closure, Consolidation, Transfer, or Exchange

- L22.1.1 In the event a decision is made to close, consolidate, transfer or exchange a school(s), the Board and the Federation agree to follow the process outlined in the Memorandum of Agreement, dated June 28, 2013.
- L22.1.2 Notwithstanding L22.1.1 above, in the event a decision is made to close, consolidate, transfer or exchange a school, the Board and Federation agree to meet. Furthermore, the Board and the Federation shall agree to any amendments to the Memorandum of Agreement dated June 28, 2013, in order to create a process unique to the circumstances to best meet the needs of the staff and students.

Article 23: Termination of Employment

- L23.1.6 The Board, or a Teacher, who is employed as a night school or summer school Teacher, shall give written notice to the other party of not less than two weeks to terminate the Teacher's employment.

Article 24: Financial Support for Specialized Training

- L24.1.1 When the Board specifically requests a Teacher to obtain further education or training in an area in which the Board requires greater Teacher expertise, the Board shall assume the cost of tuition, textbooks, transportation, and basic room and board for the designated Teacher. Transportation, room, and board costs will only be reimbursed when the course of instruction is not available in the Board's jurisdiction.
- L24.1.2 The Board will provide a fund to cover allowances paid to those Teachers who are qualified to substitute for an Administrator as outlined in Article L36.
- L24.1.3 A Teacher qualified to substitute for an Administrator who has less than a full-time administrative assignment shall have the amount received prorated.
- L24.1.4 The Board agrees to offer training and updating as needed, for Teachers in the use of computer technology required in the performance of their duties. Mandated in-service will be provided during the regular workday.

MEMORANDUM OF AGREEMENT

BETWEEN

THE LIMESTONE DISTRICT SCHOOL BOARD

AND

THE ONTARIO SECONDARY SCHOOL TEACHERS FEDERATION District 27

The following Agreement will remain in effect until the process of opening Kingston Secondary School is complete. It is agreed by the parties that this Memorandum of Agreement will be removed from the Collective Agreement on August 31, 2019 and will not form part of subsequent Collective Agreements.

Following the announcement of a secondary school closure or Consolidation of schools resulting from the decision of the Board responding to the Central PARC process in 2013, the staffing process as outlined below shall be followed, without precedent and without prejudice, in the year where the new model is implemented.

Staffing Protocol Secondary School Consolidation

The general principle is that teachers will follow students to their new schools in consideration of their seniority, subject to program needs and teacher qualifications.

Any redundancy following school closure will be dealt with according to Article 20 (now Article L19) of the Collective Agreement.

Should circumstances or situations arise that cannot be addressed by the following processes, they shall be referred to the Joint Secondary Staffing Committee for resolution.

Consolidated School means any of the three schools (LCVI, KCVI, QECVI) where as a result of the decision of the Board, it is the intention to move the student body of one of the schools into one or more of the other schools in the process. This does not include focus programs.

Determining PAR structure for Consolidated Schools

The Principals of the consolidated school(s) or new school will receive the number of positions of added responsibility from Human Resources and create a proposed structure in consultation with the Joint Secondary Staffing Committee. The final PAR structure of the consolidated school(s) must be endorsed by the Joint Secondary Staffing Committee.

The Entire PAR structure and Lead Student Success positions of the newly consolidated schools or new school will be posted and filled according to Article 17 (now Article L16) of the Collective Agreement.

Teachers with Positions of Added Responsibility

Given the right under the former Article 23 in the 2012-14 Collective Agreement, Department Heads who lose their position of added responsibility due to school consolidation or closure will have their salary red circled for a period of up to three (3) years or until they are appointed to a position of added responsibility, whichever occurs first.

School Consolidation

The intent is to accommodate teachers affected by the school consolidation process in order of seniority and qualifications. That is, no staffing decisions should be based in whole or in part on which former school a teacher was teaching. It is understood that less senior teachers at a receiving school may be identified as surplus as a result of the following process. Nothing in this process shall limit or negate entitlement to other staffing provisions in the Collective Agreement such as requests for leave, transfer and/or change in entitlement. The following steps shall be completed prior to the staffing placement meeting.

Steps 1-7 are provided here for clarity and are not intended to change the intent of the collective agreement.

Step 1 – JSSC meets to review Teacher Allocation for entire Board

The Joint Secondary Staffing Committee shall meet according to Article 13 (now Article L12) of the Collective Agreement.

Step 2 – Determining FTE of receiving schools

The Joint Secondary Staffing Committee will receive from the Board information detailing the number of students projected for each school and the placement of special programs. Subsequently, the Board will provide the FTE section allocation based on enrolment projections for review by the Joint Secondary Staffing committee prior to allocations being distributed to Schools.

Step 3 – Staffing of Special Programs

- a) Senior staff of the Board will determine the location of District Programs well in advance of this process commencing (French Immersion, International Baccalaureate (IB), Focus Programs, School to Community etc.). The Principals of the consolidated schools, will determine programming for the school as they normally do using option sheet data (same timeline as all schools).
- b) Teachers of Focus programs that are moved will move for their full entitlement to the school where the Focus Program will be located. (ie: If a focus program only runs for single semester the teacher will have the entitlement of 6 at the new location unless they indicate a preference to remain split. The location of Focus Programs will be determined well in advance of the process commencing.
- c) As a general rule, qualified teachers of French Immersion will follow the French

- Immersion program. Teachers who are qualified and teach in both French Immersion and IB will declare a preference if the programs are split.
- d) If more than one new French Immersion program is established then teachers will have the opportunity to declare their preference of location among newly created French Immersion programs.
 - e) If a French Immersion or IB teacher does not want to remain in either program in the new locations they will need to apply for a voluntary transfer to another location or access the process in step 4.
 - f) The Joint Secondary Staffing Committee will strive to honour preferences, however, the Board reserves the right to place teachers who are qualified in French Immersion or IB in such a way as to ensure the continued viability of both programs.
 - g) Placement will be based on seniority, qualifications and program need to enable programs to be viable without the need to hire where surplus may exist.

Step 4 – Teacher Choice of School

Information about program relocation and new school boundaries will be provided in order to inform the following choice.

All teachers of the consolidating school(s) shall be given the choice of the following:

- a) Choose to stay at one of the consolidated schools and indicate in rank order, their preference between the other consolidated schools including schools receiving a newly created French Immersion program.
- OR
- b) Choose to transfer to another school in the Board by indicating in rank order the schools to which they wish to go.

Step 5 – Compilation of Information for Teachers Displaced

The Board, in consultation with the Joint Secondary Staffing Committee will develop a list of teachers displaced by school closure in order of seniority. This list will include the following information:

- a) Name
- b) Seniority
- c) Entitlement by school
- d) Teaching qualifications
- e) Teaching preferences (program/subjects as indicated on teacher preference form)
- f) Teacher choice of school – Step 4 (in rank order)

Affected staff will have an opportunity to review their information, respecting privacy, prior to finalizing.

Step 6 – Preliminary Staffing Plan

- a) The Principals shall create a Preliminary staffing plan according to Article 20.4 (now Article L19.4) using the newly created staff entitlement list that have been provided to them by the JSSC. These plans will be reviewed by the Joint Secondary Staffing Committee.

Note: When Principals are assigning positions to staff on their respective lists they will strive to maximize the number of staff assigned to similar roles prior to the school consolidation process. If the number of staff who performed certain roles prior to this process exceeds the positions available, Principals in consultation with Human Resources will determine staff assignments. These assignments and rationale will be provided to the Joint Secondary Staffing Committee if requested for review and input prior to final placements being confirmed by the Superintendent of Human Resources. Teachers assigned to areas for which they are qualified and have not taught for extended periods of time may request subject specific support and professional development.

- b) These plans will be reviewed by the Joint Secondary Staffing Committee at a meeting that includes the Principals of the newly consolidated schools to discuss and resolve any placement and/or program issues that may arise.
- c) The teachers identified as surplus on the Preliminary plan following step 7 b) will be declared surplus as per Article 20 (now Article L19) of the Collective Agreement.

Note: In the year that that this staffing process is invoked the Preliminary Staffing Plan identified above will need to have two iterations. The first will be based on the staffing compliment or existing staff list of teachers with prior entitlement in the school. These plans will be used by the JSSC to determine transfers into schools identified in Step 7. The Principals will then be required to redo the Preliminary staffing plan in step 8 with any new staff that have had their entitlement transferred as per this step.

Step 7 – Determination of School Staff Entitlement

The JSSC will meet to place teachers to their full entitlement in the closing school(s) based on seniority, qualifications and choice of school. For clarity if a teacher is split between a closing school and another school on those section of entitlement in the closing school will be considered in the process.

Teachers will be given their first choice of school respecting the following limits:

- a) Up to 10% of the FTE complement of any school based on the projected enrollment
- b) Up to 25% of the FTE of any one subject area based on section allocation in preliminary plan.

It is understood that if the limits above can be exceeded by one section in order to accommodate a full entitlement placement. It is also understood that, in addition to the limits above, vacancies on the Preliminary Plan will be available to Transfer of entitlement in this step.

Where the request cannot be accommodated, the Teacher shall be placed at one of the consolidated schools. For greater clarity, a teacher shall not be transferred where all the teachers in that subject are more senior than the teacher requesting the transfer.

Step 8 – Second Iteration of Preliminary Staffing Plan

Principals will redo the Preliminary Staffing Plan referenced in Step 6 incorporating newly transferred staff into the plan. An additional week will be provided to the timelines associated with the final staffing plans in the year this staffing process is implemented to allow for time required to conduct this transfer step and the creation of the second version of the preliminary plan.

Step 9 – Return to Article 20 (now Article L19) – Regular Staffing Process

The Secondary Staffing process will proceed as per Article 20 (now Article L19) of the Collective Agreement.

The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment

equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any

sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDLDP.
- v. When Teachers use any part of an STLDLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.

- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;

- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement (“OSSTF represented employees”) and currently eligible for benefits in collective agreements.

The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in

s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
 - a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry

of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective

agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:

- i) there is an in-year deficit,
- ii) that the deficit described in i) is not related to plan design changes,
- iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,

then the in-year deficit in i) would be paid by the board associated with the deficit.

- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the

members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.

- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees’ Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on

an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.

- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.

- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STLDP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph l). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;

2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

RE: TEACHER TRANSFER AND PLACEMENT DUE TO SCHOOL CONSOLIDATION

WHEREAS the Employer and the Union recognize that it may be necessary for the Board to consider consolidating or closing secondary schools, therefore the following protocols are agreed to in principle between the parties and be subject to grievance and arbitration.

1. SCHOOL CONSOLIDATION COMMITTEE

- a) Upon notification of consolidating or closing secondary schools, there shall be a meeting of a School Consolidation Committee (S.C.C.) to review the protocol and facilitate a smooth transition of staff.
- b) The School Consolidation Committee (S.C.C.) shall be composed of the three (3) representatives of the Board and three (3) representatives of the Federation and the Director of Education or designate who shall be Chair.

2. MOVEMENT OF STAFF

The general principle is that teachers will follow students to their new schools in consideration of their seniority, subject to teacher qualifications and program needs. No teacher shall suffer job loss strictly as a result of a school closure; however redundancy may occur and shall be dealt with according to Article L24.00 of the Collective Agreement.

- a) Where there is more than one receiving school, each teacher in a school slated to be closed will complete a school selection form. Teachers will indicate their choices in order of priority from the receiving schools. Teachers will also list any qualifications, assignment preferences and any other pertinent information.
- b) Forms will be submitted to the area Superintendent by March 1st.
- c) The area superintendent will develop a list of teachers displaced by school closure in order of seniority, showing order of school/subject/assignment preferences, qualifications and other related information for each teacher. The area Superintendent shall then, in order of seniority and subject to qualifications, determine a school placement at the receiving schools until all teachers have been placed and proportionately to receiving schools based on student reallocation.
- d) The Principal of the receiving schools will then complete the school comprehensive staffing sheet as per the normal staffing process outlined in the collective agreement.
- e) If the total staffing FTE at the receiving schools is not sufficient to accommodate placement for all staff from the closing school, then teachers from involved schools will be identified as surplus to the school in accordance with Article L24.00, and the regular staffing process commences.

3. INTEGRATION OF STAFF

a) Teachers who have been displaced shall have the opportunity to meet with the administration and staff of the receiving school to allow for the acclimatization of the consolidated staff.

4. EXTENDED STAFF TRADE

a) Qualified displaced teachers in a closing school who request a transfer will be given consideration prior to the regular staffing process.

5. TEACHERS OF POSITIONS OF RESPONSIBILITY

a) Teachers in the closing school shall be entitled to apply for other leadership positions being advertised in the school they are moving to. Any additional leadership positions will not be posted until the school staffing complement has been determined.

b) The responsibility allowance for teachers of the closing school will be maintained for the balance of the term of appointment

c) If a school closure results in a reduction of the number of department heads needed, the Board may reassign displaced department heads to other leadership duties, as determined by the principal, for the remainder of the three year term.

6. UNIQUE OR UNFORESEEN CIRCUMSTANCES

a) Should unique circumstances or situations arise that cannot be addressed by the above, the SSC may be reconvened to attempt to resolve the unique issues.

b) Where agreement cannot be reached, the issues may be referred to the Grievance/Arbitration procedure. An arbitration decision must comply with the provisions of this Memorandum of Understanding and the Collective Agreement.

- e) Where a teacher is on such leave(s), the Employer shall continue to pay its share of the benefit premiums, where applicable. To maintain participation and coverage under the Collective Agreement, the teacher must agree to provide for payment for the teacher's share of the benefit premiums, where applicable.
- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- j) The teacher must provide the Board with proof that he/she has applied for and is in receipt of employment insurance benefits in accordance with the *Employment Insurance Act*, as amended, before SEB is payable.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short-term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated

eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.
- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:
Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.
- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position.

Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.

- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD or WSIB.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00PROVINCIAL SCHOOLS AUTHORITY/PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.

- i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

C12.00 OCCASIONAL TEACHERS AND PA DAYS

C13.00 PROVINCIAL FEDERATION RELEASE DAYS

- a) At the request of the OSSTF/FEESO Provincial Office, and in accordance with local notification processes, OSSTF Teachers and Occasional Teachers, subject to program and operational needs shall be released for provincial collective bargaining and related meetings.
- b) Federation release days granted for the purpose of such provincial federation work will not be charged against local collective agreement federation release time.
- c) OSSTF Teachers and Occasional Teachers released for such provincial federation work shall receive salary, benefits, and all other rights and privileges under the collective agreement in accordance with local provisions.
- d) OSSTF/FEESO Provincial Office shall reimburse the Employer as per the local collective agreement.
- e) Nothing in this article affects existing local entitlements to Federation Leave.

C14.00 E-LEARNING

Online learning shall have the same meaning as E-Learning.
- b) Any E-Learning credit course that is offered by a school board in the English Public System shall be delivered by a bargaining unit member in accordance with Part B collective agreement language and local staffing processes. These courses will be offered to a teacher who has expressed interest, where possible.
- c) The Joint Staffing Committee or equivalent shall receive information related to E-Learning staffing.

- d) School Boards shall make available to any teachers delivering E-Learning credit courses the required secure hardware and software, and the appropriate training, within the workday, on the delivery of E-Learning credit courses.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;

- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and
- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
 - a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
 - 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee

groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.

- 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.
 - 3.1.4 No individuals who retire after the Board participation date are eligible.
 - 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
 - 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
- a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.

- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the “Boards” commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee’s pro rata share based on the amount of the employee’s co-share payment of each benefit. The remaining portion of the Boards’ surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported (“IBNR”) claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board’s IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards’ annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be apportioned to the Boards and the Trust based on the employers’ and employees’ premium share.
- 4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:
- a. If available, the paid premiums or contributions or claims costs of each group; or
 - b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

- 4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.
- 4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.
- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,

- ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,
- then the in-year deficit in i) would be paid by the board associated with the deficit.
- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
 - i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
 - j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
 - k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
 - l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
 - m. Funding previously paid under (b), (d), (e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
 - n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
 - o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1 (b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.

- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan (“OTIP”) for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group’s last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees’ Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be

made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.

- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.

- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.
- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STDLP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STDLP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
2. A SEB plan with existing superior entitlements;
3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.
- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year. Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

"Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012,

except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:"

THEN

Consideration shall be given to Part-Time Teachers, in seniority order, who are qualified and who have requested in writing an increase in FTE status. All Part-Time Teachers shall be notified of these positions.

- L51.05.01 The Board shall post, interview and consider the written applications from Occasional Teachers who are currently on the Occasional Teacher List - Level 1 who have indicated their interest (on the Intent to Teach Form) in full-time or part-time contractual employment before it advertises externally.

L51.06 In the event that the Board anticipates the need to offer employment to applicants prior to the staffing processes described in this Collective Agreement, following consultation with the OSSTF District President, the Board may advertise externally for an advanced pool of Teachers. Offers to advanced pool candidates will not interfere with the rights of any current members as described in this Collective Agreement.

- L51.06.01 Teachers hired externally are added to the Staff Records List and are assigned to the Education Centre Secondary Branch until such time as they are assigned to a secondary school by the Joint Staffing Committee.

ARTICLE L52 MOBILITY AND REASSIGNMENT

L52.01 Postings and Applications for Mobility

- L52.01.01 Each January, the Principal and the OSSTF Staffing Committee Representative review the staffing procedures with the Teachers of that school.
- L52.01.02 The Joint Staffing Committee electronically sends to each school site the staffing requirements for each secondary school.
- L52.01.03 Staffing requirements will be published each year as close to the beginning of April as practicable and updated continuously. No secondary school publishes its requirements independently.

L52.01.04 The Human Resources Officer, Teaching Staff, in consultation with the Principals and the Executive Officer OSSTF, coordinates the wording of the advertising in such a way that positions in different schools (if identified) are worded consistently and that special Ministry requirements are indicated.

L52.01.05 Teachers may apply for Mobility to a:

L52.01.05.01 posted position in a school, or

L52.01.05.02 school which has not posted any positions which the Teacher deems to be suitable, or

L52.01.05.03 school which has posted no positions,

L52.01.05.04 by submitting an application for Mobility and such other information as the Joint Staffing Committee requires to the District Office.

L52.01.05.05 The process is not to exceed a May 31 deadline unless the parties mutually agree to extend that date.

L52.01.06 The Semester 1 Mobility process is not to exceed a May 31 deadline unless the parties mutually agree to extend that date. The Mobility needs list is posted the first Friday in May. The deadline to apply for Mobility is the following Friday. OSSTF will share the list of teachers who have applied for mobility week, and after receiving the final Mobility needs list. The mobility meeting will be the following Monday.

The Semester 1 Mobility process is not to exceed a May 31 deadline unless the parties mutually agree to extend that date. Teachers who have applied for mobility for semester 1 of the following school year but have not been moved by the May 31st deadline shall have their name remain on the list to enable a mobility process to take place for semester II. This process will allow for the review of those names on the list for mobility for semester two (2) contract vacancies.

L52.01.06.01 Teachers who are transferred will have their names added to the Semester 2 mobility list.

L52.02 Factors Related to Mobility and Reassignment

L52.02.01 Mobility is a voluntary process and must be attempted first to address all staffing needs.

L52.02.02 The Joint Staffing Committee finalizes moves at such times as it may deem appropriate, subject to the following terms.

- L52.02.03 A Teacher's Mobility is deemed to be complete when agreed to by the Joint Staffing Committee and the Teacher. The Memorandum of Mobility, signed by the Teacher and the Superintendent of the Board, specifies the nature, the term and any other conditions of the move.
- L52.02.04 A Teacher may serve two consecutive years on Mobility to the same school. At the end of two years, a Teacher must return to his/her home school or become a permanent member of the school to which the Teacher is on Mobility assignment, subject to the Transfer and Surplus process and the approval of the receiving principal.
- L52.02.05 The Principals and Senior Administration, in consultation with the Joint Staffing Committee, retain the right to use a process of reassignment to address program and staffing needs which may not have been met through the mobility process.
- L52.02.05.01 Administrative reassignments are confirmed in a Memorandum of Reassignment from Senior Administration to the Teacher.
- L52.02.05.02 When, as a result of the deliberations of the Joint Staffing Committee, the possibility of the need for a reassignment of a Teacher appears likely, the Teacher is informed by the Principal of his/her current school that a move is being considered. The reasons for the reassignment are listed. This information is given in the presence of the Branch President. The Teacher may provide information pertinent to the proposed reassignment to the Principal and the Branch President within twenty-four hours of receipt of this notice.
- L52.02.05.03 As a result of the administrative reassignment, no Department Head/Teacher in Charge of an Organizational Unit receives a reduction in Units of Administrative Strength.
- L52.02.05.04 Teachers who have been reassigned may apply for Mobility to an alternate school from their new school.
- L52.02.06 If a Teacher's percentage of time is altered during any staffing process, the Teacher retains entitlement to his/her highest percentage of teaching time. Other reductions or increases in teaching assignments may only be effected by the mutual consent of the parties.
- L52.02.07 Except by mutual agreement, part-time positions are designed in such a way that a part-time Teacher who is moved does not spend more than one period between scheduled classes.
- L52.02.08 In instances where a Teacher is moved to a teaching assignment in two

schools in a day, the Teacher is given adequate traveling time between the two schools.

- L52.02.09 A Teacher shall not be moved nor reassigned to a school which is more than 65 km distant from his/her current school without that Teacher's consent.
- L52.02.10 Any Teacher who consents to relocate as a result of an administrative reassignment to a school more than eighty (80) kilometers distant from his/her current school and who finds it necessary to change the location of his/her residence within one year of assuming the new position is reimbursed for moving expenses up to a maximum of \$750.00. Payment is made on the effective date of relocation.
- L52.02.11 At least one Teacher from North Hastings High School is given an opportunity for Mobility each year subject to available positions.
- L52.02.12 Federation Officers on Federation leave are given top priority for Mobility, if requested.
- L52.02.13 Each Principal and the Staff Advisory Committee develops school and departmental plans to facilitate the entry of Teachers new to the school.
- L52.02.14 The receiving Principal contacts the Teacher and discusses the teaching assignment and the roles that the Teacher will play in the new school as soon as it is practicable to do so.
- L52.02.15 Teachers who are moved by any staffing process are subject to the Transfer and Surplus process in the schools at which they have been relocated.

ARTICLE L53 TRANSFER AND SURPLUS

L53.01 For the purposes of this section:

- L53.01.01 **Available for Transfer** means after the application of the Staffing Formula and a consideration of program needs indicates a position is no longer available for a Teacher at his/her school, that Teacher is declared available for transfer from that school.
- L53.01.02 **Offer** refers to a commitment by the Board to provide positions for Teachers affected by Transfer and Surplus. An Offer occurs during the Transfer and Surplus process when there is:
 - L53.01.02.01 an alteration of the entitled percentage of time, OR
 - L53.01.02.02 a relocation to a school which is more than 65 km from the Teacher's current school.

L53.01.02.03 Rejection of an Offer does not jeopardize the Teacher's position on the Teachers Available for Transfer List, the Surplus List, the Recall List and the Board and School Staff Records List.

L53.01.03 **Placement** refers to commitments by the Board to provide positions for Teachers affected by Transfer and Surplus. It occurs during the Transfer and Surplus process when:

L53.01.03.01 the Teacher is qualified, or will become qualified, to teach in the position.

L53.01.03.02 there is no alteration of percentage of teaching time; and

L53.01.03.03 the relocation to a school is less than 65 km from the Teacher's current school.

L53.01.03.04 Rejection of a Placement ends the Board's commitment to the Teacher and he/she loses his/her position on the Teachers Available for Transfer List, the Surplus List, the Recall List, and the Board Seniority List. If the Teacher is rehired "continuous experience" is deemed to be broken.

L53.01.04 **Surplus to the System** occurs during the Transfer and Surplus process when it becomes known that there are more Teachers on staff in the Hastings and Prince Edward District School Board secondary schools than there are positions available after the application of the appropriate Staffing Formula and the Transfer and Surplus process. A Teacher for whom no position exists is then declared Surplus to the System.

ARTICLE L54 INAUGURATION OF TRANSFER AND SURPLUS

L54.01 Where the application of the Staffing Formula on May 29 (or the last school day prior to May 29) indicates that a Teacher may be available for transfer from any secondary school or from the Education Centre Secondary Branch or that any Teacher may be surplus to the system, the Co-Chairs of the Joint Staffing Committee inaugurate the following provisions of Transfer and Surplus.

L54.01.01 Termination letters shall be delivered on or before May 31st to the Teachers who may be surplus to the system. The letters shall be distributed by the Superintendent of Human Resources in the presence of the District President.

L54.01.02 Termination letters shall state the effective dates of termination and the reasons for the termination.

L54.02 Guidelines Used to Determine Who May Be Available for Transfer from a School

L54.02.01 In consultation with the Joint Staffing Committee, the Superintendent of Human Resources or designate will work with the Principal of each secondary school and will identify Teachers available for Transfer by applying the following guidelines to the sequence of Teachers on the Seniority List who will be assigned to his/her school in the following September.

L54.02.01.01 When it is known through the application of the seniority process, that an individual Teacher who is a Department Head has retained his/her position with the Board, he/she shall be removed from consideration before applying the criteria for identifying Teachers available for transfer from a school. If a Department Head, takes a leave of absence from his/her position of responsibility, the replacement is removed from consideration as well as the incumbent. Teachers who are Department Heads are still subject to Surplus language.

L54.02.01.02 Teachers available for transfer from the school are the most junior Teachers in the school (subject to Sections 54.02.01.01 and 54.02.01.03).

L54.02.01.03 In instances where special Ministry requirements are needed to teach a program, a more junior Teacher may be retained if no Teacher who is more senior is qualified to teach the course or will qualify before his/her teaching duties in the program begin. The next more senior Teacher may then be placed on the Available for Transfer List.

L54.02.01.04 A Teacher may not voluntarily put himself/herself on the Teachers Available for Transfer List.

L54.03 Reduction of Time Due to Unavailable Program During the Transfer Process

If limited qualifications indicate that a senior Teacher's percentage of time may be reduced, the Principal consults the Joint Staffing Committee to determine if unassigned sections (which can be timetabled) are available at any other school. If this is unsuccessful, the Teacher may select one of the following options:

L54.03.01 he/she may accept the reduced percentage and retain existing entitlement, or

L54.03.02 he/she may accept his/her placement on the Teachers Available for Transfer List for the full percentage of time to which he/she is entitled.

L54.04 Description of Positions Available to Teachers Available for Transfer

- L54.04.01 The Staffing Formula is applied in each school in such a way that every Teacher has a complete timetable for the subsequent year according to his/her entitlement until the staffing allotment is exhausted. All available sections are assigned to present Teachers or indicated as "openings".
- L54.04.02 Each Principal delivers the descriptions of the positions available in his/her school to the Co-Chairs of the Joint Staffing Committee. "Position descriptions" are written in such a way that special Ministry qualification requirements are indicated.
- L54.04.03 The Co-Chairs of the Joint Staffing Committee co-ordinate the wording in such a way that positions in different schools are worded consistently.
- L54.04.04 Positions are designed in the timetable so that a part-time Teacher is not expected to spend more than one period between scheduled classes. Part-time positions in a school which may be combined are indicated.

L54.05 The Offer and Placement Procedure in Transfer

- L54.05.01 Teachers who are involved in the process and the Principals are responsible for being available to be contacted during the entire process period.
- L54.05.02 The completed selection sheets are forwarded to the Joint Staffing Committee.
- L54.05.03 Consideration proceeds in order from the most senior to the most junior Teacher. Teachers may be placed in, or offered, their highest rated position which is still available.
- L54.05.04 Qualifications of Teachers are checked to determine that they are indeed qualified or could qualify to teach the program in which they are being placed or which they are being offered.
- L54.05.05 The Joint Staffing Committee will contact Teachers to determine whether they would or could take qualifying course(s) for particular positions. When a situation arises that a Teacher may be without a position if he/she does not become qualified, a last inquiry call is made to determine if the Teacher will consider taking the qualifying course(s).
- L54.05.06 The receiving Principal notifies the Teacher of his/her Placement or Offer in the presence of the OSSTF Branch President and advises him/her that he/she has forty-eight (48) hours from that time to accept or reject the Placement or Offer. Failure to accept or reject is deemed to be a rejection.

- L54.05.07 A rejection by the Teacher of a position in which he/she was placed ends the Board's commitment to the Teacher. If the Teacher is subsequently rehired, continuity of service is deemed to be broken and percentage entitlement for the following year will equal the new percentage under contract.
- L54.05.08 After accepting a Placement or Offer, a Teacher who has completed the probationary period may be granted a Leave.

L54.06 Interpanel Transfer

- L54.06.01 No interpanel placement of Teachers can take place until all Teachers Available for Transfer and Teachers Surplus to the System in the receiving panel with qualifications for the placement position are placed.
- L54.06.02 Provided that the Secondary Panel has vacancies after part-time Teachers have been offered an increase in entitlement and the Elementary Panel has qualified Teachers Surplus to the System, these procedures are followed.
- L54.06.02.01 Elementary Teachers who are qualified to teach in the secondary panel and who are surplus to the Elementary Panel, will be considered for any available secondary vacancies. OSSTF and the Board will jointly decide the point at which Elementary Teachers can be considered.
- L54.06.02.02 Secondary principals will identify vacancies and describe the subject and qualifications requirements for each position.
- L54.06.02.03 A Placement Committee made up of representatives of the Elementary and Secondary affiliates, the Human Resources Department and the Secondary principals will consider the available vacancies and the list of surplus Teachers, in seniority order, to determine if any Teachers can be "matched" to positions.
- L54.06.02.04 In cases where people and positions are determined to be compatible, an offer will be made to the surplus Elementary Teacher.
- L54.06.02.05 A refusal of an offer by an Elementary Teacher will not be considered a rejection under the terms specified under the Elementary Collective Agreement.
- L54.06.02.06 Acceptance of an offer to teach in a secondary school program by an Elementary Teacher will be subject to the following conditions:

- L54.06.02.06.01 The teaching position is for a one year period only and may only be extended by mutual consent of the Teacher, the Principal and the Ontario Secondary School Teachers' Federation.
- L54.06.02.06.02 The Teacher will retain his/her Elementary Federation affiliation.
- L54.06.02.06.03 The Teacher will accrue one year of seniority on the Elementary seniority list.
- L54.06.02.06.04 The Teacher will return to the Elementary staff through the pink-sheet process or be placed by the Elementary Transfer and Surplus Committee as a "system responsibility".
- L54.06.02.06.05 Membership affiliation of a Teacher transferred into the Secondary Panel is governed by Ontario Teachers' Federation (OTF) policy.
- L54.06.02.06.06 This process must be completed by August 31.

L54.07 Summer Break Procedures

- L54.07.01 Principals accommodate the expertise and interests of incoming Teachers as much as possible and members of the Joint Staffing Committee are notified in writing through the Co-Chairs of the Joint Staffing Committee of any changes in a transferred Teacher's timetable.
- L54.07.02 During the months of July and August, Placements and Offers are centrally co-ordinated by the Co-Chairs of the Joint Staffing Committee or their designates and by Human Resources. The OSSTF District 29 President or his/her designate is involved in all Placements or Offers during the summer break.
- L54.07.03 Teachers who are Surplus to the System at the end of June shall file with the Board and OSSTF their most recent address and telephone number and update these when necessary.

L54.08 Teachers Not Placed by September 1

- L54.08.01 Teachers who are Surplus to the System and who have not rejected a Placement remain on the Surplus List until May 31 of the year immediately following. They are Placed or Offered positions which become available. Teachers so placed retain continuous teaching experience and contract status.
- L54.08.02 Teachers who are not placed, remain on a Recall List for 6 years following the year that they were declared surplus provided that they do not reject a Placement, applied retroactively to May 2011.

L54.09 September Procedure

- L54.09.01 In September, the Joint Staffing Committee examines and addresses the staffing needs of the Board. The Joint Staffing Committee fills positions that become available in any school in the following order:
- L54.09.02 by Placement in, or Offer of, positions to Teachers on the Surplus List in order of seniority;
- L54.09.03 by Placement in, or Offer of, positions to Teachers on the Recall List in order of seniority;
- L54.09.04 then, by increasing the entitlement of current Teachers, wherever possible.

L54.10 Offer to Surplus Teachers of Teaching Positions in Summer School and Night School

- L54.10.01 The Board will use its best efforts to offer to surplus Teachers teaching positions in summer school and night school credit courses. It is understood that the terms and conditions of employment with respect to such positions are determined by the appropriate sections of this Collective Agreement.

Benefit Improvements

Whereas the government has indicated its intention, conditional upon the approval by the Lieutenant-Governor-in-Council, to increase in 2010-11 the benefit benchmark by .26%;

The parties agree that the estimated funding enhancement for benefits is \$295,113.00 and the allocation of OSSTF District 29 bargaining unit's proportional share of this amount is calculated as the ratio between OSSTF District 29 bargaining units FTE to the total FTE of the Board's unionized and non-unionized employees, excluding occasional teachers, as will be reported in the Board's 2008-2009 financial statements. It is estimated the proportional share for members of OSSTF District 29 is \$70,626.

The benefit enhancements for implementation September 1, 2010 are as follows:

1. Vision Care – increase coverage to \$400. every 24 months

C8.00 STATUTORY LEAVES OF ABSENCE/SEB

C8.1 Family Medical Leave or Critical Illness Leave

- a) Family Medical Leave or Critical Illness leaves granted to a permanent teacher, long-term occasional teacher or teacher hired into a term position under this Article shall be in accordance with the provisions of the *Employment Standards Act*, as amended.
- b) The teacher will provide to the employer such evidence as necessary to prove entitlement under the *Employment Standards Act*.
- c) A teacher contemplating taking such leave(s) shall notify the employer of the intended date the leave is to begin and the anticipated date of return to active employment.
- d) Seniority and experience continue to accrue during such leave(s).
- e) Where a teacher is on such leave(s), the Employer shall continue to pay its share of the benefit premiums, where applicable. To maintain participation and coverage under the Collective Agreement, the teacher must agree to provide for payment for the teacher's share of the benefit premiums, where applicable.
- f) In order to receive pay for such leaves, a teacher must access Employment Insurance and the Supplemental Employment Benefit (SEB) in accordance with g) to j), if allowable by legislation. An employee who is eligible for E.I. is not entitled to benefits under a school board's sick leave and short term disability plan.

Supplemental Employment Benefits (SEB)

- g) The Employer shall provide for permanent teachers, long-term occasional teachers and teachers hired into a term position who access such Leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks provided the period falls within the school year and during a period for which the permanent teacher would normally be paid. The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay.
- h) Long Term Occasional Teachers and those on term assignments are eligible for the SEB plan with the length of the benefit limited by the term of the assignment.
- i) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.

C9.00 SICK LEAVE

C9.1 Sick Leave/Short Term Leave and Disability Plan – Teachers (excluding daily occasional Teachers)

a) Sick Leave Benefit Plan

The Sick Leave Benefit Plan will provide sick leave days and short term disability days for reasons of personal illness, personal injury, including personal medical appointments and personal dental appointments. Routine medical and dental appointments will be scheduled outside of working hours where possible.

b) Sick Leave Days

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated eleven (11) sick days at one hundred percent (100%) salary in each school year. Teachers who are less than full-time shall have their sick leave allocation pro-rated.

c) Short-Term Leave and Disability Plan (STLDP)

Subject to paragraphs C9.1 d) i-vi below, full-time Teachers will be allocated one hundred and twenty (120) short-term disability days in September of each school year. Teachers who are less than full-time shall have their STLDP allocation pro-rated. Teachers eligible to access STLDP shall receive payment equivalent to ninety percent (90%) of regular salary.

d) Eligibility and Allocation

The allocations outlined in paragraphs C9.1 b) and c) above, will be provided on the first day of each school year, subject to the restrictions outlined in C9.1 d) i-vi below.

- i. A Teacher is eligible for the full allocation of sick leave and STLDP regardless of start date of employment or return to work from any leave other than sick leave, WSIB or LTD.
- ii. All allocations of sick leave and STLDP shall be pro-rated based on FTE at the start of the school year. Any changes in FTE during a school year shall result in an adjustment to allocations.
- iii. Part-time Teachers working an unbalanced schedule who work every day of a full school year shall have 11 days of sick leave at 100% pay and 120 additional days of STLDP at 90% pay. In this situation, pay is defined as the amount of money the employee would have otherwise received over that period of absence.
- iv. Where a Teacher is accessing sick leave, STLDP, WSIB or LTD in a school year and the absence due to the same illness or injury continues into the following school year, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation. Access to the new allocation provided as per paragraphs C9.1(b) and (c) for a recurrence of the same illness or injury will not be provided to the Teacher until the Teacher has completed eleven (11) consecutive working days at his/her full FTE without absence due to illness.

- v. Where a Teacher is accessing STLDP, WSIB, or LTD in the current school year as a result of an absence due to the same illness or injury that continued from the previous school year and has returned to work at less than his/her FTE, the Teacher will continue to access any unused sick leave days or STLDP days from the previous school year's allocation.

In the event the Teacher exhausts their STLDP allotment and continues to work part-time their salary will be reduced accordingly and a new prorated sick leave and STLDP allocation will be provided.

Any absences during the working portion of the day will not result in a loss of salary or further reduction in the previous year's sick leave allocation. Once provided, the new allocation will be reconciled as necessary, consistent with (a), (b) and (c) above, to account for any sick leave which may have been advanced prior to the new allocation being provided.

- vi. A partial sick leave day or short-term disability day will be deducted for an absence for a partial day.

e) Short-Term Leave and Disability Plan Top-up

- i. Teachers accessing STLDP will have access to any unused Sick Leave Days from their last year worked for the purpose of topping up salary to one hundred percent (100%) under the STLDP.
- ii. This top-up is calculated as follows:

Eleven (11) days less the number of sick leave days used in the most recent year worked.
- iii. Each top-up from 90% to 100% requires the corresponding fraction of a day available for top-up.
- iv. In addition to the top-up bank, top-up for compassionate reasons may be considered at the discretion of the board on a case by case basis. The top-up will not exceed two (2) days and is dependent on having two (2) unused Short Term Paid Leave Days in the current year. These days can be used to top-up salary under the STLDP.
- v. When Teachers use any part of an STLDP day they may access their top up bank to top up their salary to 100%.

f) Sick Leave and STLDP Eligibility and Allocation for Teachers in a Term Assignment

Notwithstanding the parameters outlined above, the following shall apply to Teachers in a term assignment:

- i. Teachers in term assignments of less than a full year, and/or less than full-time, shall have their allocation of sick leave and STLDP prorated on the basis of the number of work days in their term compared to 194 days.

- ii. Where the length of the term assignment is not known in advance, a projected length must be determined at the start of the assignment in order for the appropriate allocation of sick leave/STLDP to occur. If a change is made to the length of the term or the FTE, an adjustment will be made to the allocation and applied retroactively.
- iii. A Long Term Occasional Teacher who works more than one LTO assignment in the same school year may carry forward Sick leave and STLDP from one LTO assignment to the next, provided the assignments occur in the same school year.

g) Administration

- i. The Board may require medical confirmation of illness or injury to substantiate access to sick leave. If the school board requests, the Teacher shall provide medical confirmation to access STLDP.
- ii. The Board may require information to assess whether an employee is able to return to work and perform the essential duties of his/her position. Where this is required, such information shall include his/her limitations, restrictions and disability related needs to assess workplace accommodation as necessary (omitting a diagnosis) and will be collected using the form as per Appendix B. An alternate form may be used where one is mutually developed and agreed upon at the local level.
- iii. If the employee's medical practitioner has indicated on the form referenced in (ii) above that the employee is totally disabled from work, the Board will not inquire further with respect to the employee's abilities and/or restrictions until the next review of the employee's abilities and/or restrictions in accordance with the review date indicated on the form, subject to the Board's ability to seek medical reassessment after a reasonable period of time.
- iv. At no time shall the employer or any of its agents contact the medical practitioner directly.
- v. A board decision to deny access to benefits under sick leave or STLDP will be made on a case-by-case basis and not based solely on a denial of LTD.
- vi. The employer shall be responsible for any costs related to independent third party medical assessments required by the employer.

C10.00 PROVINCIAL SCHOOLS AUTHORITY / PSAT

OSSTF/FEESO members who are employees of the Provincial Schools Authority (PSAT), teaching in elementary classrooms, shall be subject to the working conditions agreed to by the local parties as per the current collective agreement.

- b) Teachers shall use their professional judgement as defined in C3.5 above. Teachers' professional judgements are at the heart of effective assessment, evaluation, and reporting of student achievement.
- c) Teachers' professional judgement is further informed by using diagnostic assessment to identify a student's needs and abilities and the student's readiness to acquire the knowledge and skills outlined in the curriculum expectations. Information from diagnostic assessments helps teachers determine where individual students are in their acquisition of knowledge and skills so that instruction is personalized and tailored to the appropriate next steps for learning. The ability to choose the appropriate assessment tool(s), as well as the frequency and timing of their administration allows the teacher to gather data that is relevant, sufficient and valid in order to make judgements on student learning during the learning cycle.
 - i. Boards shall provide a list of pre-approved assessment tools consistent with their Board improvement plan for student achievement and the Ministry PPM.
- d) Teachers will be consulted, where possible, if a student's grade/mark/comment is changed.

The school board and bargaining agent may meet to discuss the timing and implementation of the requested combination.

It is understood that terms and conditions of employment for occasional teachers remain status quo upon consolidation, subject to bargaining processes.

RE: Benefits

The parties agree that, once all employees to whom this memorandum of settlement of the central terms applies become covered by the employee life and health trust contemplated by this Letter of Agreement, all references to life, health and dental benefits in the applicable local collective agreement shall be removed from that local agreement.

The employee representatives, the employer representatives, and the Crown, intend to establish an OSSTF Employee Life and Health Trust (ELHT), (hereinafter, the "Trust"), to provide benefits to teachers and other education workers in the Province of Ontario in accordance with section 144.1 of the *Income Tax Act* (Canada) ("ITA"). School board benefit plans, herein referred to 'benefit plans' can only be moved into the Trust, such that the Trust will be in compliance with the ITA and CRA administrative requirements for an ELHT (the "ELHT Requirements"). It is intended that the Trust be effective September 1, 2016, and that benefit plans will participate in this Trust no later than August 31, 2017. The date on which a benefit plan commences participation in the Trust shall be referred to herein as the "Participation Date".

The parties acknowledge that the establishment of the Trust represents a substantial commitment both within and beyond the term of the current collective agreement. This letter of understanding is conditional upon its terms continuing in full force and effect beyond the termination date of the collective agreement, and is made in detrimental reliance upon such continuation.

1.0.0 PRINCIPLES

- 1.1.0 The Trust will be governed by the employee representatives and the employer representatives, together with the Crown;
- 1.2.0 The Trust will be responsible for the delivery of benefits on a sustainable, efficient and cost effective basis;
- 1.3.0 Services provided by the Trust to be available in both official languages, English and French; and

- 1.4.0 Other employee groups may join the Trust. The Trust will develop an affordable benefits plan that is based on the funding available to the employee groups.

2.0.0 GOVERNANCE

2.1.0 Board of Trustees

- 2.1.1 The Board of Trustees will be comprised of 9 voting members that include 5 employee representatives and 4 employer representatives. The Board of Trustees will include among its members two independent experts, one representing the employer representatives and one representing the employee representatives. The employee representatives will be responsible for the appointment and termination of the employee Trustees, and the employer representatives will be responsible for the appointment and termination of the employer Trustees.
- 2.1.2 The appointed independent experts will:
- a. Come from outside of the following organizations: the Trust, the shared services office supporting the Trusts, the federations, the school boards and the Government;
 - b. Have no conflict of interest in their role as trustee on the Benefit Plan Trust; and
 - c. Be accredited from one of the following fields: actuarial science, law or, Certified Employee Benefit Specialist (CEBS) or accounting, and have demonstrated experience with employee benefit plans.
- 2.1.3 Other experts may be invited to the Trust in an advisory capacity and will not maintain any voting rights.
- 2.1.4 All voting requires a simple majority to carry.
- 2.1.5 Each Trustee will have an initial term of three years. Terms may be renewed twice, subject to a maximum tenure of nine years. A succession plan will be designed for the Trustees so that the terms of no more than three Trustees expire in any twelve month period.

3.0.0 ELIGIBILITY and COVERAGE

- 3.1.0 The following teachers represented by OSSTF are eligible to receive benefits through this Trust:
- 3.1.1 The Trust will maintain eligibility for OSSTF represented employees who are covered by the Central Collective Agreement ("OSSTF represented employees") and currently eligible for benefits in collective agreements. The Trust will also be permitted to provide coverage to other employee groups in the education sector with the consent of their bargaining agents and employer or, for non-union groups, in accordance with an agreement between the Trustees and the school authority. These groups must request inclusion in the Trust, and must agree to comply with the Trust's financial, data and administrative requirements. The Trustees will develop an affordable plan based on the level of funding that the group brings to the Trust.
 - 3.1.2 Retirees who were, and still are, members of a Board benefit plan at August 31, 2013 based on the prior arrangements with the Board.
 - 3.1.3 Retirees who became members of a Board benefit plan after August 31, 2013 and before the Board participation date are segregated in their own experience pool, and the premiums are fully paid by the retirees.

- 3.1.4 No individuals who retire after the Board participation date are eligible.
- 3.1.5 Retirees that join are subject to the provisions in 3.1.2 through 3.1.4.
- 3.1.6 Any new group that requests inclusion into the Trust, will be provided a generic branding for their respective benefits plan.
- 3.2.0 The benefit plan may provide coverage for health, life and dental benefits including accidental death and dismemberment (AD&D), medical second opinion, and navigational support. After the initial establishment of the Trust, other employee benefit programs may be considered for inclusion, only if negotiated in future central collective agreements.

4.0.0 FUNDING

4.1.0 Start-Up Costs

- 4.1.1 The Government of Ontario will provide:
 - a. A one-time contribution to the Trust equal to 15% of annual benefit costs to establish a Claims Fluctuation Reserve ("CFR").
 - b. A one-time contribution of a half month's premium cost (4.15% of annual benefit costs) to the Trust, to cover start-up costs and/or reserves.
 - c. The one-time contributions in (a) and (b) will be based on the actual cost per year for benefits (i.e. claims, premiums, administration, tax, risk or profit charges, pool charges, etc.) as reported on the insurance carrier's most recent yearly statement for the year ending no later than August 31, 2015.
 - d. The Trust shall retain rights to the data and the copy of the software systems.
- 4.1.2 The Crown shall pay to OSSTF \$2.5 million of the startup costs referred to in s.4.1.1(b) on the date of ratification of the central agreement and shall pay to OSSTF a further \$2.5 million subject to the maximum amount referred to in s.4.1.1(b) by June 1, 2016. The balance of the payments, if required under s.4.1.1(b), shall be paid by the Crown to OSSTF on or before September 1, 2016.
- 4.1.3 On the day the District School Boards, the Provincial Schools Authority, school authorities, and Hospital Boards hereinafter referred to as the "Boards" commence participation in the Trust, or as soon as reasonably and feasibly possible thereafter, all eligible and available surpluses in board-owned defined benefit plans will be transferred to the Trust in an amount equal to each employee's pro rata share based on the amount of the employee's co-share payment of each benefit. The remaining portion of the Boards' surplus will be retained by the Boards.
- 4.1.4 All Boards reserves for Incurred But Not Reported ("IBNR") claims and CFR, will remain with the existing carriers until those reserves are released by the carriers based on the terms of existing contracts.
- 4.1.5 Upon release of each Board's IBNR and CFR by the carriers, the reserves will be retained by the applicable Boards. For the Administrative Services Only plans (ASO), a surplus (including any deposits on hand) that is equal to or less than 15% of the Boards' annual benefit cost will be deemed to be a CFR and IBNR and will be retained by the applicable Boards upon its release by the carriers. Where a surplus (including deposits on hand) exceeds 15% of the annual benefit cost, the remaining amount will be

apportioned to the Boards and the Trust based on the employers' and employees' premium share.

4.1.6 For policies where the experience of multiple groups has been combined, the existing surplus/deficit will be allocated to each group based on the following:

- a. If available, the paid premiums or contributions or claims costs of each group; or
- b. Failing the availability of the aforementioned financial information by each group, then the ratio using the number of Full Time Equivalent positions (FTE) covered by each group in the most recent policy year will be used.

Methodology listed above will be applicable for each group leaving an existing policy where the experience of more than one group has been aggregated. Policies where the existing surplus/deficit has been tracked independently for each group are not subject to this provision.

4.1.7 Boards with deficits will recover the amount from their CFR and IBNR. Any portion of the deficit remaining in excess of the CFR and IBNR will be the responsibility of the board.

4.1.8 In order to ensure the fiscal sustainability of said benefit plans, Boards will not make any withdrawal, of any monies, from any health care benefit plan reserves, surpluses and/or deposits nor decrease in benefit plan funding unless in accordance with B-Memo B04:2015. It is the parties understanding that Ministry of Education Memo B04:2015 applies and will remain in effect until Board plans become part of the Trust.

4.2.0 On-Going Funding

4.2.1 For the current term the Boards agree to contribute funds to support the Trust as follows:

- a. The Boards will continue to provide benefits in accordance with the existing benefit plans and co-pay arrangements until the Employees' Participation Date in the Trust.
- b. On the participation date, for board-owned defined benefit plans, the board will calculate the annual amount of i) divided by ii) which will form the base funding amount for the Trust;
 - i) "Total cost" means the total annual cost of benefits and related costs including but not limited to claims, administration expenses, insurance premiums, consulting and advisory fees and all other costs and taxes, as reported on the insurance carrier's most recent yearly statement and, if any, premium costs on other school authority financial statements for the year not ending later than August 31, 2015. The statements are to be provided to the Ministry of Education.
 - ii) The average number of Full-Time Equivalent (FTE) positions in the bargaining unit as at October 31st and March 31st for the period consistent with b i).
- c. All amounts determined in this Article 4 shall be subject to a due diligence review by the OSSTF. The school authorities shall cooperate fully with the review, and provide, or direct their carriers or other agents to provide, all data requested by the OSSTF. If

any amount cannot be agreed between the OSSTF and a school authority, the parties shall make every effort, in good faith, to resolve the issue using the data provided, supporting information that can be obtained and reasonable inferences on the data and information. If no resolution to the issue can be achieved, on any material matter, then this Letter of Understanding shall be null and void, no Participation Dates for any Boards shall be triggered and the benefits related provisions of all local agreements, as they were before the adoption of this Letter of Understanding, shall remain in full force and effect.

- d. On the participation date, the board will contribute to the Trust the amount determined in s. 4.2.1 (b) plus 4% for 2015-16 and 4% for 2016-17.
- e. An amount of \$300 per FTE, in addition to (d) will be provided.
- f. To the extent that there is an increase agreed to prior to September 1, 2016 at another bargaining table that is beyond the base funding amount for that table, the same amount per FTE will be provided to the Trust if it is in excess of the amount in (e).
- g. On the participation date, for defined contribution plans, the board will contribute to the Trust, the FTE amount indicated in the collective agreements for the fiscal year 2013-14, plus 4% for 2015-16 and 4% for 2016-17. In 2014-15, for Federation owned plans, if in aggregate, the following three triggers are met:
 - i) there is an in-year deficit,
 - ii) that the deficit described in i) is not related to plan design changes,
 - iii) that the aggregate reserves and surpluses are less than 8.3% of total annual costs/premiums,

then the in-year deficit in i) would be paid by the board associated with the deficit.

- h. With respect to (b) and (d), above, the contributions provided by the Board will include the employees' share of the benefit cost as specified by the board's collective agreement until such time that the employees' share is adjusted as determined by the Trust and subject to the funding policy.
- i. The terms and conditions of any existing Employee Assistance Program shall remain the responsibility of the respective boards and not the Trust.
- j. The FTE used to determine the Boards' benefits contributions will be based on the boards' FTE as of October 31st and March 31st of each year. Each Board's total FTE shall be verified by the Local Bargaining Unit.
- k. All Long-Term Occasional employees will be eligible for benefits under the Trust subject to the appropriate waiting period for benefits as defined under the school board collective agreements. Any co-pay arrangements that exist under school board collective agreements will continue under the Trust.
- l. With respect to daily occasional teachers, where payment is provided in-lieu of benefits coverage, this arrangement will remain the on-going obligation of the boards. Where benefits coverage was previously provided by the boards, payment-in-lieu will be provided.
- m. Funding previously paid under (b),(d),(e) and (f) above will be reconciled to the agreed October 31st and March 31st FTE and any identified difference will be remitted to the Trust in a lump sum on or before the last day of the month following reconciliation.
- n. In the case of a dispute regarding the FTE number of members for whom the provincial benefits package is being provided, the dispute will be resolved at the boards' joint staffing committee.
- o. As of the day that a Board commences participation in the Trust, Boards will submit an amount equal to 1/12th of the negotiated funding amount as defined in s. 4.2.1

(b), (d), (e) and (f) to the Plan's Administrator on or before the last day of each month.

5.0.0 SUSTAINABILITY, EFFICIENCY AND ACCOUNTABILITY

5.1.0 Shared Services

- 5.1.1 OSSTF agrees to adopt a shared services model that will allow other Trusts to join the shared services model. The shared services office of the Trust is responsible for the services to support the administration of benefits for the members, and to assist in the delivery of benefits on a sustainable, efficient and cost effective basis.
- 5.1.2 Shared administrative services will be provided by the Ontario Teachers Insurance Plan ("OTIP") for a period of three years from the commencement of the first participation date and will be competitively procured within 4 years from the employee representative group's last participation date.
- 5.1.3 Any procurement of services to support the administration of benefits conducted by the shared services office should include the procurement of these services for all Trusts to ensure the most efficient and cost effective service.

5.2.0 Board of Trustees' Responsibilities

- 5.2.1 The Board of Trustees will be responsible for the operational and financial sustainability of the Trust, including:
 - a. Validation of the sustainability of the respective Plan Design;
 - b. Establishing member contribution or premium requirements, and member deductibles;
 - c. Identifying efficiencies that can be achieved;
 - d. Adopting an Investment Policy; and
 - e. Adopting a Funding Policy.
- 5.2.2 Under the Funding Policy, surpluses at the Trust may not be refunded or distributed in cash, but may be used, as determined by the Trust to:
 - a. Fund future claims in conjunction with the fixed funding and term contained in the collective bargaining agreement;
 - b. Fund claims stabilization or other reserves;
 - c. Improve plan design;
 - d. Expand eligibility (subject to Section 3.1.2 through to 3.1.4); and
 - e. Reduce member premium share.
- 5.2.3 Under the Funding Policy, actual and projected funding deficiencies of the Trust will be addressed no later than the next regular plan renewal (as of September 1st) using one or more of the following methods, as determined by the Trust:
 - a. Use of existing claims stabilization funds;
 - b. Increased member share premium;
 - c. Change plan design;
 - d. Cost containment tools;
 - e. Reduced plan eligibility; and
 - f. Cessation of benefits, other than life insurance benefits.

5.3.0 Accountability

- 5.3.1 Actuaries and external auditors will be appointed by the Trust. Audited financial statements, and an actuarial evaluation report will be obtained for the Trust on an annual basis. The actuarial report will include projections for the Trust for a period of not less than 3 years into the future.
- 5.3.2 If the actuarial report projects the CFR balance to be less than 8.3% of plan expenses over a projected three year period, then a plan design change must be made to address the projected shortfall in the CFR. If the motion to adjust the plan design does not pass, the Trust will increase member share premiums to restore the balance above 8.3%.
- 5.3.3 Copies of the audited financial statements and actuarial evaluation report requested in section 5.3.1, will be shared with the federation, OPSBA and the Ministry of Education.

6.0.0 TRANSITION COMMITTEE

- 6.1.0 A transition committee comprised of the employee representatives and the employer representatives, including the Crown, will be established to address all matters that may arise in the creation of the Trust.

LETTER OF AGREEMENT #6

BETWEEN

**The Ontario Public School Boards' Association
(hereinafter called 'OPSBA')**

AND

**The Ontario Secondary School Teachers' Federation
(hereinafter called the 'OSSTF')**

RE: Status Quo Central Items as Modified by this Agreement

The parties agree that the following central issues have been addressed at the central table and that the provisions shall remain status quo. For further clarity, the following language must be aligned with current local provisions and practices to reflect the provisions of the 2012-13 MOU. As such the following issues shall not be subject to local bargaining or mid-term amendment by the local parties. Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

1. PREGNANCY LEAVE BENEFITS

Common Central Provisions

- a) The Employer shall provide for permanent and long-term occasional teachers and teachers hired into a term position who access such leaves, a SEB plan to top up their E.I. Benefits. The teacher who is eligible for such leave shall receive salary for a period immediately following the birth of her child, but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and her regular gross pay.
- b) SEB payments are available only to supplement E.I. benefits during the absence period as specified in this plan.
- c) Teachers hired in a term position or filling a long-term assignment shall be entitled to the benefits outlined in a) above, with the length of the SEB benefit limited by the term of the assignment.
- d) Teachers on daily casual assignments are not entitled to pregnancy leave benefits.
- e) The teacher must provide the Board with proof that she has applied for and is in receipt of employment insurance benefits in accordance with the Employment Insurance Act, as amended, before SEB is payable.

- f) Teachers not eligible for employment insurance benefits or the SEB plan will receive 100% of salary from the employer for a total of not less than eight (8) weeks with no deduction from sick leave or STLDP.
- g) For clarity, for any part of the eight (8) weeks that falls during a period of time that is not paid (e.g. summer, March Break, etc.), the remainder of the eight (8) weeks of top-up shall be payable after that period of time.
- h) Teachers who require a longer than eight (8) week recuperation period shall have access to sick leave and the STDLP through the normal adjudication process.
- i) If an employee begins pregnancy leave while on an approved leave from the employer, the above maternity benefits provisions apply.
- j) The start date for the payment of the pregnancy benefits shall be the earlier of the due date or the birth of the child.
- k) Births that occur during an unpaid period (i.e. summer, March break, etc.) shall still trigger the pregnancy benefits. In those cases the pregnancy benefits shall commence on the first day after the unpaid period.

Local Bargaining Units will identify which of the SEB plans below apply in their circumstance. The applicable language must be included with the Common Central language above as paragraph I). The full article should then reside in Part B of the collective agreement;

- 1. A SEB plan to top up their E.I. Benefits for eight (8) weeks of 100% salary is the minimum for all eligible teachers. The teacher who is eligible for such leave shall receive 100% salary for a period not to exceed eight (8) weeks immediately following the birth of her child but with no deduction from sick leave or the Short Term Leave Disability Program (STLDP). The SEB Plan pay will be the difference between the gross amount the teacher receives from E.I. and their regular gross pay;
- 2. A SEB plan with existing superior entitlements;
- 3. A SEB or salary replacement plan noted above that is altered to include six (6) weeks at 100%, subject to the aforementioned rules and conditions, plus meshing with any superior entitlements to maternity benefits. For example, 17 weeks at 90% pay would be revised to provide 6 weeks at 100% pay and an additional 11 weeks at 90%.

2. Workplace Safety Insurance Benefits (WSIB) Top Up Benefits

If the employee is in a class of employees that, on August 31, 2012, was entitled to use unused sick leave credits for the purpose of topping up benefits received under the *Workplace Safety and Insurance Act, 1997*;

- a) The top-up amount shall be paid for a maximum of four years and six months.
- b) The top-up amount shall be paid at a rate determined in accordance with the collective agreement in effect on August 31, 2012 or, if the collective agreement did not provide for the top up, in accordance with a board policy in effect on August 31, 2012.

- c) If, as a result of an accident, an employee received benefits under the *Workplace Safety and Insurance Act, 1997* in respect of the first workday in the 2012-2013 fiscal year, the employee's entitlement to be topped up for four years and six months shall be reduced by the length of time for which the employee received benefits under that Act as a result of that accident.
- d) Status quo to be determined.

3. Short Term Paid Leaves

The parties agree that the issue of Short Term Paid Leaves had been addressed at the Central Table and the provisions shall remain status quo to provisions in current local collective agreements. For clarity, any leave of absence in the 2008-12 Collective Agreement, that utilizes deduction from sick leave, for reasons other than personal illness shall be granted without loss of salary or deduction from sick leave, to a maximum of five (5) days per school year. Local collective agreements that have more than (5) days shall be limited to five (5) days. These days shall not be used for the purpose of sick leave nor shall they be accumulated from year-to-year.

Such provisions shall not be subject to local bargaining or mid-term amendments between local parties. Notwithstanding this stipulation, local collective agreement terms will need to align with the terms above.

4. Retirement Gratuities

The issue of Retirement Gratuities has been addressed at the Central Table and the parties agree that formulae contained in current local collective agreements for calculating Retirement Gratuities shall govern payment of retirement gratuities and be limited in their application to terms outlined in Appendix A - Retirement Gratuities.

Disputes arising in respect of such provisions shall be subject to Section 43 of the *School Boards Collective Bargaining Act, 2014*.

The following language shall be inserted unaltered as a preamble to Retirement Gratuity language into every collective agreement:

"Retirement Gratuities were frozen as of August 31, 2012. A Teacher is not eligible to receive a sick leave credit gratuity or any non-sick leave credit retirement gratuity (such as, but not limited to, service gratuities or RRSP contributions) after August 31, 2012, except a sick leave credit gratuity that the Teacher had accumulated and was eligible to receive as of that day.

The following language applies only to those teachers eligible for the gratuity above:"

[insert current Retirement Gratuity language from local collective agreement]

The purpose of this Article is to establish a procedure for the adjustment of complaints and the settlement of grievances. A Teacher has the right to be represented by the Union at each step of the grievance procedure.

It shall be submitted no later than twenty (20) days following the incident or circumstances giving rise to the complaint having come or ought to have come to the attention of the Teacher. The parties reserve the right to designate a person or persons to be responsible for any or all matters pertaining to grievances. Written notice of the name of such person or persons shall be forwarded to the other party.

The grievance shall include:

- i) a description of how the alleged dispute is in violation of the Collective Agreement;

The Chair, or a person designated by the Chair, will either respond directly in writing to the Union within five (5) days of receipt of the notice of the grievance at this step; or (b) convene a meeting with the Union within ten (10) days of the receipt of the notice of the grievance at this

step to attempt to resolve the grievance.

With the approval of the Chair, or person designated by the Chair, the Union may have the assistance of Teachers and other staff members to furnish information which may be helpful towards resolution of the dispute. If at any stage of the grievance procedure the party in receipt of the grievance fails to process the grievance in compliance with the time limit fixed herein (or such extension as may have been confirmed by the written consent of both parties), the party submitting the grievance may proceed directly to the next step in the procedure.

Excess days X Annual Salary/ Number of days in school year.

- (d) Where the employment of a Teacher is to be terminated on December 31 of a school year and the Teacher has fulfilled his/her duties for the required number of days in the term, then forty per cent (40%) of the Teacher's annual salary rate effective for that period shall be the sum paid for his/her services in that school year.

- (ii) in a registered private school that meets the standards of an applicable department or Ministry of education in Canada; and/or
 - (iii) in a school in a foreign country that meets the standards of an applicable department or Ministry of Education in Canada.
- (b) A full year of experience will be granted if the Teacher taught in a school for an amount of time that is comparable to what a full-time Teacher in Ontario would have taught in a school year.
- (c) Teachers claiming previous teaching experience to be used for salary placement on recruitment must provide documentary proof to Human Resources within sixty (60) school days of hire. This period will be extended for a period of up to sixty (60) school days providing the Teacher is able to support his/her contention that the delay in presenting the documents was not as a result of any dilatoriness on his/her part.
- (d) Part-time or full-time teaching experience totalling one-half of a school year or more as defined in the Education Act and the regulations will be counted as one (1) year of experience for salary grid purposes. The Teacher must have certification and experience verified. Only one (1) year with an aggregate total of fewer than the total number of days in a school year as defined in the Education Act and the regulations may be used in computing total experience.
- (e) Teachers on staff before the commencement of this Agreement, who are receiving credit for teaching experience for reasons other than those given above, shall continue to receive such credit.

10.6 Recognition of Courses

- (a) Where a Teacher has notified the Employer in writing, by October 1 of any school year, that he/she is expecting a change in category or qualifications based on courses completed prior to September 1, the increased salary will be paid retroactive to September 1 of the same year, on receipt of documentary evidence on or before November 30 of the same school year or such other date as the documentary evidence is received, providing the Teacher is able to support his/her contention that the delay in presenting the documents was not as a result of any dilatoriness on his/her part.

 - 3. the related experience is in excess of experience submitted for purposes of OSSTF or QECO certification requirements.

Note: Each full year of recognized experience shall count as one (1) year of teaching experience on the grid. This recognized experience shall not pierce the maximum of the salary level in the category placement of the Teacher.

In no case may the combined experience for related trade or business or professional experience exceed five (5) years.

Application for recognition, with supporting documents, shall be submitted in writing to the Executive Director of Provincial and Demonstration Schools Branch or designate.

Documentation acceptable to the Employer must be provided by the Teacher within ninety (90) days of effective date of hire in order for it to be credited retroactive to their date of hire.

Documentation provided after that date will be processed effective the date it is received by Human Resources.

The onus shall be on the Teacher to provide satisfactory evidence of directly related experience.
